Cue University of

 Princess Bernice
 Pauahi Bishop was the
 largest landowner and
 richest woman in the
 Hawaiian kingdom.
 Upon her death in
 1884, she entrusted
 her property--"known
 as Bishop Estate--"to

five trustees in order to create and maintain an institution that would benefit the children of Hawai'i: Kamehameha Schools. A century later, Bishop Estate controlled nearly one out of every nine acres in the state, a concentration of private land ownership rarely seen anywhere in the world. Then in August 1997 the unthinkable happened: Four revered kupuna (native Hawaiian elders) and a professor of trust-law publicly charged Bishop Estate trustees with gross incompetence and massive trust abuse. Entitled "Broken Trust," the statement provided devastating details of rigged appointments, violated trusts, cynical manipulation of the trust's beneficiaries, and the shameful

involvement of many of Hawai'i's powerful. No one is better qualified to examine the events and personalities surrounding the scandal than two of the original "Broken Trust" authors. Their comprehensive account together with historical background, brings to light information that has never before been made public, including accounts of secret meetings and communications involving Supreme Court justices.

Pink Floyd All the Songs Bloomsbury Publishing

The newest addition to the best-selling All the Songs series details the unique recording history of Pink Floyd, one of the world's most commercially

successful and influential rock bands. Since 1965, Pink Floyd been recording sonically experimental and philosophical music, selling more than 250 million records worldwide, including two of the best-selling albums of all time *Dark Side of the Moon* and *The Wall*. While much is known about this iconic group, few books provide a comprehensive history of their time in the studio. In *Pink Floyd All the Songs*, authors Margotin and Guesdon describe the origin of their nearly 200 released songs, details from the recording studio, what instruments were used, and behind-the-scenes stories of the tensions that helped drive the band. Organized chronologically by

album, this massive, 544-page hardcover begins with their 1967 debut album *The Piper at the Gates of Dawn*, the only one recorded under founding member Syd Barrett's leadership; through the loss of Barrett and the addition of David Gilmour; to Richard Wright leaving the band in 1979 but returning; to Roger Waters leaving in 1985 and the albums recorded since his departure, including their 2014 farewell album, *The Endless River*, which was downloaded 12 million times on Spotify the week it was released. Packed with more than 500 photos, *All the Songs* is also filled with stories fans treasure, such as Waters working with engineer Alan Parsons to employ

revolutionary recording techniques for The Dark Side of the Moon at Abbey Road Studios in 1972 or producer Bob Ezrin's contribution in refining Water's original sprawling vision for The Wall.
