The Mind of Plants

Bloomsbury Publishing
It's not a lie if you can't remember the truth. "Mesmerizing, electric, and achingly lovely, The One Memory of Flora Banks is unforgettable. One of the best YA novels I've read in a very long time." --Jennifer Niven, New York Times bestselling author of *All the Bright Places*
Seventeen-year-old Flora Banks has no short-term memory. Her mind resets itself several times a day, and has since the age of ten, when the tumor that was removed from Flora's brain took with it her ability to make new memories. That is, until she kisses Drake, her best friend's boyfriend, the

night before he leaves town. Miraculously, this one memory breaks through Flora's fractured mind, and sticks. Flora is convinced that Drake is responsible for restoring her memory and making her whole again. So, when an encouraging email from Drake suggests she meet him on the other side of the world—in Svalbard, Norway—Flora knows with certainty that this is the first step toward reclaiming her life. But will following Drake be the key to unlocking Flora's memory? Or will the journey reveal that nothing is quite as it seems? Already a bestselling debut in the UK, this unforgettable novel is *Memento* meets *We Were Liars* and will have you racing through the pages to unravel the truth. Praise for *The One Memory of Flora Banks*:

An EW Most Anticipated YA Novel of 2017 ★ "[A] remarkable odyssey...an enthralling story...a deftly, compassionately written mystery." —Booklist, starred review ★ "Barr's tale mingles Oliver Sacks-like scientific curiosity with Arctic adventure and YA novel in a way that's equally unsettling, winsome, and terrifying." —Horn Book, starred review "Perfect for fans of both young adult romance and psychological thrillers, *The One Memory of Flora Banks* is destined to become one of your favorite beach reads of 2017. 'This exciting, science-packed novel is a cracking read and bursts with action, warmth and humour' - BookTrust Great

Books Guide 2021 'This is great fun; an energetic middle-grade debut with a fresh contemporary feel and a good dash of *Stranger Things*' - The Bookseller
 Alfie has noticed a few things since his family moved to Folding Ford. He really misses life in the city. He and his sister don't exactly fit in here. But the most interesting one is that the weather is BONKERS. One frost-covered branch on one tree in the middle of June? A tiny whirlwind in a bucket in the garden? Only in Folding Ford. Armed with his bike, a notepad and his new best mate Sam, Alfie is going to investigate. His best clue is Nathaniel Clemm ... the only thing in town weirder than the weather. When Alfie 'investigates' Mr Clemm's garden, only SLIGHTLY illegally, he finds a strange box that freezes his trainers and makes his teeth tingle. And when he opens it, only SLIGHTLY deliberately, SOMETHING gets out. Something fast, fizzing and sparking with electricity and very, very much alive. But the creature from the box brings trouble of its own, and as barometers and tempers go haywire in Folding Ford, Alfie finds

himself at the centre of a perfect storm. Skellig meets *Stranger Things* in this funny, heartfelt adventure story perfect for fans of Ross Welford, Christopher Edge and Frank Cottrell Boyce.

 Holy unanticipated occurrences! A cynic meets an unlikely superhero in a genre-breaking new novel by master storyteller Kate DiCamillo. It begins, as the best superhero stories do, with a tragic accident that has unexpected consequences. The squirrel never saw the vacuum cleaner coming, but self-described cynic Flora Belle Buckman, who has read every issue of the comic book *Terrible Things Can Happen to You!*, is just the right person to step in and save him. What neither can predict is that Ulysses (the squirrel) has been born anew, with powers of strength, flight, and misspelled poetry — and that Flora will be changed too, as she discovers the possibility of hope and the promise of a capacious heart. From #1 New York Times best-selling author

Kate DiCamillo comes a laugh-out-loud story filled with eccentric, endearing characters and featuring an exciting new format — a novel interspersed with comic-style graphic sequences and full-page illustrations, all rendered in black-and-white by up-and-coming artist K. G. Campbell.

From the New York Times bestselling author of *The Bookshop at Water's End*, here is a lush, heart-wrenching novel about the power of memory, the meaning of family, and learning to forgive. Ten years ago, Lena Donohue experienced a wedding-day betrayal so painful that she fled the small town of Watersend, South Carolina, and reinvented herself in New York City. Though now a freelance travel writer, the one

place she rarely goes is home—until she learns of her dad's failing health. Returning to Watersend means seeing the sister she has avoided for a decade and the brother who runs the family's Irish pub and has borne the burden of his sisters' rift. While Alzheimer's slowly steals their father's memories, the siblings rush to preserve his life in stories and in photographs. As his secret past brings Lena's own childhood into focus, it sends her on a journey to discover the true meaning of home.

At fifteen, Amanda Grace was abducted on her way home from school. 738 days later, she escaped. Her 20/20 interview is what everyone remembers—Amanda describing the room where she was kept, the torn poster of TV heartthrob Chase Henry on the wall. It reminded her of home and gave her the strength to keep fighting. Now, years later, Amanda is struggling to live normally. Her friends have gone on to college, while she battles PTSD. She's not getting any better, and she fears that if something doesn't change soon she never

will. Six years ago, Chase Henry defied astronomical odds, won a coveted role on a new TV show, and was elevated to superstardom. With it, came drugs, alcohol, arrests, and crazy spending sprees. Now he's sober and a Hollywood pariah, washed up at twenty-four. To revamp his image, Chase's publicist comes up with a plan: surprise Amanda Grace with the chance to meet her hero, followed by a visit to the set of Chase's new movie. The meeting is a disaster, but out of mutual desperation, Amanda and Chase strike a deal. What starts as a simple arrangement, though, rapidly becomes more complicated when they realize they need each other in more ways than one. But when the past resurfaces in a new threat, will they stand together or fall apart? With charm and heart, Stacey Kade takes readers on a journey of redemption and love. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

From the Preface: "My name is Flora Jessop. I've been called apostate, vigilante, and crazy bitch,

and maybe I am. But some people call me a hero, and I'd like to think they're right too. If I am a hero, maybe it's because every time I can play a part in saving a child or a woman from a life of servitude and degradation, I'm saving a little piece of me, too. I was one of twenty-eight children born to my dad and his three wives. Indoctrinated to believe that the outside world was evil, and that I resided among the righteous, I was destined to marry a man chosen for me by the Prophet. I would then live in harmony with my sister-wives, bear many children, and obey and serve my future husband in this life and throughout eternity. But my innocence didn't last long. While still a child, I understood that the church of the righteous was nothing but a church of lies. When I was eight years old my father sexually molested me for the first time, raping me when I was twelve. I tried to kill myself. Beaten, molested, taunted, and abused by family members alleging they only wanted to save my soul became a daily routine, I ran from this abuse more than once in my early teens--even

attempting to cross the desert on foot. My family hunted me down. I thought government agencies would provide me safety if I reported my father. Instead, police and social services colluded with the FLDS to return me to my family and I ended up back inside polygamy, right where I started." Flora goes on from there to tell the dramatic true story of how she ultimately escaped and has been fighting against frustrating obstacles with hard fought successes in rescuing women and children from the FLDS. It's a story you can't put down.

They tell me that my memory will never be the same, that I'll start forgetting things. At first just a little, and then a lot. So I'm writing to remember. Sammie McCoy is a girl with a

plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way--not even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie's future self, so she can remember everything from where she stashed her study guides to just how great it feels to have a best friend again. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she'll admit how much she's missed her childhood friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life--the people who have broken her heart, those who have mended it--and most of all, that if she's going to die, she's going to die living. This moving and remarkable novel introduces an inspiring character you're sure to remember, long after the last page.

bestselling author of *Thirteen Reasons Why* Jay Asher and co-author Jessica Freeburg brilliantly reimagine the classic Pied Piper legend as a powerful graphic novel about loneliness, love, and vengeance. Fans of Neil Gaiman and *Through the Woods* by Emily Carroll will devour this eerie, atmospheric retelling. "A moving graphic novel about isolation, love, and retribution, this dark version of a familiar tale will remain with readers long after the last page is turned."—School Library Journal

Long ago, in a small village in the middle of a deep, dark forest, there lived a lonely, deaf girl named Maggie. Shunned by her village because of her disability, her only comfort comes from her vivid imagination. Maggie has a gift for inventing stories and dreams of one day finding her fairy-tale love. When Maggie meets the mysterious Piper, it seems that all her wishes are coming true. Spellbound, Maggie falls hard for him and plunges headfirst into his magical world. But as she grows closer to the Piper, Maggie discovers that he has a dark side. The boy of Maggie's dreams might just turn out to be her worst

nightmare... With striking illustrations from Eisner-nominated artist Jeff Stokely, mixed with Jessica Freeburg's work on historic and legendary horrors, *Piper* is an exciting new departure for Jay Asher that deftly touches on the same themes of truth, guilt, and redemption that made *Thirteen Reasons Why* a beloved bestseller.

The idea that plants have a mind of their own has been a prominent feature of some Indigenous narratives, literary works, and philosophical discourses. Recent scientific research in the field of plant cognition similarly highlights the capacity of botanical life to discern between options and learn from prior experiences or, in other words, to think. The *Mind of Plants* offers an accessible account of the idea of "the plant mind" by bringing together short essays and poems on plants and their interactions with humans. The texts interpret the theme broadly--from the

ways that humans mind and unmind plants to the mindedness or unmindedness of plants themselves. Authors from the humanities, social sciences, and natural sciences have written about their personal connections to particular plants, reflecting upon their research on plant studies in a style amenable to a broad audience. Each of the authors has selected a plant that functions as a guiding thread to their interpretation of "the mind of plants." From the ubiquitous rose to the ugly hornwort, from the Amazonian ayahuasca to tobacco, the texts reflect the multifarious interactions between humans and flora. These personal narratives, filled with anecdotes, experiences, and musings, offer cutting-edge insights into the different meanings and dimensions of "the mind of plants." Contributors to *The Mind of Plants* are key figures in the fields of ethnobotany, ethnopharmacology, plant behavior and cognition, and critical plant studies. Included are simple, thumbnail-style, black-and-white illustrations of the plants to enhance readers' appreciation of

the narratives.

Penguin Readers Level 5: The One Memory of Flora Banks (ELT Graded Reader) Swoon Reads

From the author of the "unputdownable" international hit *The One Memory of Flora Banks* comes a fast-paced cross-continental journey of identity, family, darkness and light, and the ways in which we define ourselves. Ella Black has always had dark inclinations. She's successfully hidden her evil alter ego from her family and friends, but Bella is always there, ready to take control and force Ella to do bad things. When Ella's parents drag her out of

school one afternoon and fly across the globe to Rio de Janeiro with no believable explanation, Bella longs to break free-- and so does Ella. Because for all that her parents claim to be doing what's best for her, Ella knows there is something going on that they're not divulging, and she is determined to find out what. Once in Rio, Ella learns a shocking truth about her family that gives way to a mission through the streets and beaches of Brazil in search of her authentic self. But the truth has many layers, and as Ella uncovers more and more about her own history, she struggles to come to terms with just where it is that she came from.

A cross between *Memento* and *Curious Incident of the Dog in the Night-Time*, this is a unique, breathtaking page-turner about a girl with no short-term memory and her remarkable journey to find the one boy able to penetrate her fractured mind. Seventeen-year-old Flora Banks has no short-term memory. She lives under the careful watch of her parents, in a town she is familiar with, among

people who are equally familiar with her story. She has not been able to recall any part of her past since she was ten, when the tumor that was removed from her brain took with it her ability to make new memories. That is, until she kisses Drake, her best friend's boyfriend, the night before he leaves town. Miraculously, this singular memory pierces Flora's fractured mind, and sticks. Flora is convinced that Drake and their shared kiss are responsible for restoring her memory and making her whole again. So when an encouraging email from Drake suggests she meet him on the other side of the world, Flora knows with certainty that this is the first step in reclaiming her life. With little more than the tattoo "be brave" inked into her skin, and written reminders of who she is, how old, where she lives, and why her memory is so limited, Flora sets off on an impossible journey to the land of the midnight sun—Svalbard, Norway. There she is determined to find Drake, and to explore the romantic possibilities and hopeful future that their reunion promises her. But from

the moment she arrives in the arctic, nothing is quite as it seems, and Flora must "be brave" if she is ever to learn the truth about herself, and to make it safely home. Rich with psychological twists, powerful moments of hope, despair, and confusion, and a landscape very much a character unto itself, *The One Memory of Flora Banks* is an emotionally compelling and immersive read that celebrates the resilience of the human spirit, the depths of the human heart, and the power of the human mind. *Nanny Dearest* Penguin Flora Isabel MacDonald – politician, humanitarian, adventurer, and role model for a generation of women – was known across Canada and beyond simply as Flora. In her memoir, co-authored by award-winning journalist and author Geoffrey Stevens, she tells her personal story for the very first time. Flora! describes her amazing journey from her childhood and her time at secretarial school in Cape Breton, through her years in backroom Progressive Conservative politics, to elected office and her appointment as Canada's first female minister of foreign affairs. Finally, she

details her exceptional humanitarian work in India and in war-torn Africa and Afghanistan. Flora was driven by a lifelong conviction that there is nothing a woman cannot achieve in a world controlled by men, and she pursued this conviction in everything she did, carving a path for women in Parliament. She won international acclaim for bringing 60,000 Vietnamese refugees to Canada, and for engineering the rescue of six American hostages in Tehran in a top-secret collaboration with the CIA known as the Canadian Caper. She exposed the inhumane treatment of inmates at Kingston's Prison for Women. She defied male chauvinists in the Progressive Conservative party by running for its leadership, and she introduced the Employment Equity Act to guarantee women equal access to federal jobs. Flora was brave. She was relentless. She was controversial. She was a force of nature. In her own words and drawing from interviews with those who knew her, Flora! grants us insight into this exceptional woman who changed the course of history.
