First Published in 1996. Routledge is an imprint of Taylor & Francis, an informa company.

Japanese Made Easy Vertical Inc

4th Revised Edition of JAPANESE FOR BUSY PEOPLE, the most popular Japanese language textbook series in the world. Audio recordings are embedded in this enhanced eBook edition. Since it was first published in 1984, the focus of the Japanese for Busy People series has always been to teach Japanese for effective communication. As suggested in the title, this is a concise course for busy students who want to learn natural, spoken Japanese as efficiently as possible in a limited amount of time. The new Japanese for Busy People: Revised 4th Edition is made up of three volumes: Book I, Book II, and Book III. Book I is available in both romanized and kana versions, similar to the Revised 3rd Edition. The Romanized Version uses romanized Japanese throughout, with kana in the Target Dialogues of each lesson.

Talk Japanese Enhanced eBook (with audio) - Learn Japanese with BBC Active Cheng & Tsui

The only book of its kind in English, Japanese for Healthcare

Professionals is a proficiency-based conversation textbook offering a complete Japanese language course that teaches Japanese grammar along with the vocabulary of medical care. With nearly three million Japanese tourists visiting the United States last year, and another five hundred thousand expatriates residing in the US and other English-speaking countries, it is inevitable that many Japanese speakers find themselves in need of healthcare but unable to communicate. Important highlights of this book are: Accompanying MP3 Audio Disc. No prior knowledge of Japanese necessary. For all professionals seeking to communicate in healthcare situations. Includes an English-Japanese dictionary of medical terms, a glossary of common complaints, and a sample bilingual medical questionnaire. Japanese for Healthcare Professionals offers a complete language course for classroom study or independent learners that teaches Japanese grammar along with the medical Japanese vocabulary. The chapters cover every step of a patient's interaction with care providers, from appointments and admissions to the physical examination, symptoms and illnesses, diagnosis, treatment, instructions to the patient, discharge, and follow-up. Chapters are devoted to the major branches of medicine as well as dentistry and to the corresponding bodily systems. There are also chapters on anatomy, infection and disease, and visits to the pharmacy. Each chapter follows a natural progression designed to help the learner comprehend the new material and acquire the language as effortlessly as possible. Each includes: basic Japanese vocabulary, a situational dialogue, Japanese grammar points and key Japanese language and culture notes, exercises and practice drills, and a quiz to sharpen comprehension. The culture and language notes seek to help the provider understand better a Japanese patient's cultural framework and patterns of belief, as well as the "un-translatable" meaning conveyed by certain idioms. The accompanying MP3 audio disc ties in core parts of each chapter, allowing learners to practice their spoken language skills outside a classroom setting. The book also includes thirty illustrations to help with vocabulary acquisition, a pronunciation guide, an English-Japanese dictionary of medical terms, a glossary of Japanese expressions for common complaints, a sample bilingual medical questionnaire, and answers to the quizzes. Emphasizing the learner's practical use of the Japanese language for healthcare settings and the importance of culture in understanding, Japanese for Healthcare Professionals reflects the national standards in foreign-language education set by the American Council on the Teaching of Foreign Languages (ACTFL). *Terry's Japanese Empire, Including Korea and Formosa* Springer Science & Business Media
4th Revised Edition of JAPANESE FOR BUSY PEOPLE, the most popular Japanese language textbook series in the world. Audio recordings are embedded in this enhanced eBook edition. Since it was first published in 1984, the focus of the Japanese for Busy People series has always been to teach Japanese for effective communication. Japanese for Busy People I: The Workbook for the

Revised 4th Edition is for all learners who wish to improve their speaking and listening skills. It can be used in tandem with Japanese for Busy People I: Revised 4th Edition, both Kana Edition and Romanized Edition, or as independent study material. The workbook provides ample speaking and listening practice in the form of illustrated exercises that call on learners to construct dialogues and role-play in Japanese. Illustrations combined with conversations, which proceed at a natural pace in the audio recordings, help learners to feel as if they are actually experiencing each situation. Through repeated oral and listening practice, learners will come to acquire the rhythm of real-life Japanese conversation.

By the end of this course, you will be at Level A2 of the Common European Framework for Languages: Can understand sentences and frequently used expressions. Can communicate in simple and routine tasks.

Japanese DeMYSTiFieD, 2nd Edition Pearson UK

Step by step, these attractive and interesting lessons make it possible for you to understand and speak Japanese in the shortest possible time. The Cortina Method combines a selection of practical phrases of everyday use, rendered in Romanized spelling (romaji) which is self-pronouncing, and the absence of complicated grammatical rules, to make the study of spoken Japanese easy and effective. A comprehensive reference grammar is provided following the lessons. This section which also contains a guide to pronunciation will prove a handy and invaluable aid to the student. The Katakana Syllabary is also explained, enabling the student to read and write in Katakana. The useful Japanese/English dictionary of about 2,000 words will be found especially practical because, in addition to giving the translation of the most important words, it refers to lessons and lines where they occur.

Conversational Japanese McGraw Hill Professional

Understanding Language Testing presents an introduction to language tests and the process of test development that starts at the very beginning. Assuming no knowledge of the field, the book promotes a practical understanding of language testing using examples from a variety of languages. While grounded on solid theoretical principles, the book focuses on fostering a true understanding of the various uses of language tests and the process of test development, scoring test performance, analyzing and interpreting test results, and above all, using tests as ethically and fairly as possible so that test takers are given every opportunity to do their best, to learn as much as possible, and feel positive about their language learning. Each chapter includes a summary, suggestions for further reading, and exercises. As such this is the ideal book for both beginning students of linguistics and language education, or anyone in a related discipline looking for a first introduction to language testing.
