The Eighth Day Raintree

"The popular Scooby-Doo and the Mystery Inc. Gang teach kids all about ghosts, mummies, sea monsters, vampires, werewolves, and zombies"--

Stop Farting in the Pyramids Harper Collins Fans of Percy Jackson will devour this first book in Dianne K. Salerni's time-bending series that combines exciting magic

and pulse-pounding suspense. In this riveting fantasy adventure, thirteen-year-old Jax Aubrey discovers a secret eighth day with roots tracing back to Arthurian legend. When Jax wakes up to a world without any people in it, he assumes it's the zombie apocalypse. But when he runs into his eighteen-year-old guardian, Riley Pendare, he learns that he's really in the eighth day—an extra day sandwiched between Wednesday and Thursday. Some people—like Jax and

Riley—are Transitioners, able to live in all eight days, while others, including Evangeline, the elusive teenage girl who's been hiding in the house next door, exist only on this special day. And there's a reason Evangeline's hiding. She is a descendant of the powerful wizard Merlin, and there is a group of people who wish to use her in order to destroy the normal seven-day world and all who live in it. Torn between protecting his new friend and saving the entire human race from

complete destruction, Jax is faced with an impossible choice. Even with an eighth day, time is running out. Stay tuned for *The Inquisitor's Mark*, the spellbinding second novel in the Eighth Day series!

The Curse of the Pharaohs

Egyptologist Amelia Peabody, now a wife and mother, returns in another Victorian-era mystery--to catch a murderer at an excavation of an ancient tomb. It's 1892, and Amelia and her now-husband Radcliffe

Emerson have settled down in Victorian England after their escapade in Egypt. They're raising their young son Ramses and everything seems normal--until they are approached by a damsel in distress. Lady Baskerville's husband, Sir Henry, has died after uncovering what may have been royal tomb in Luxor. Despite rumors of a curse haunting all those involved with the dig, Amelia and Radcliffe proceed to Egypt and realize that Sir Henry did not die a natural death.

Accidents continue to plague the dig, and talk of a pharaoh's curse runs rampant among the group. Amelia begins to suspect that these accidents are caused by a sinister human, but who? *Creepy Cowboy Caper* Turtleback Books Egypt is extremely popular in the West, with almost everyone having some preconceptions about the country and its history, but questions about the building of the pyramids, the curse of Tutankhamun and Cleopatra's baths of ass's

milk are only the tip of the iceberg. The myth of Egypt is often one of mysticism and the occult, and the ancient texts are reputed to hold all manner of secrets, magical, technological and mystical, while in the Old Testament it is seen as a land of great magicians.

Showdown Capstone Steampunk Sherlock Holmes meets The X-Files with a dash of romantic tension and a large dose of adventure. When Nikola Tesla is murdered and blueprints for his super weapons are stolen, Tweed and Nightingale are drawn into a global cat and mouse chase with his killers. What's more, it seems that the people who shot Nikola Tesla are the same people responsible for Octavia's mother's disappearance. As the two cases intertwine, Tweed and

Nightingale's investigations lead them to a murdered archeologist and a secret society called The Hermetic Order of Osiris. Fleeing the cult's wrath, they go undercover on the luxury airship, The Albion, setting out on her maiden voyage to Tutankhamen's View, a five star hotel built in the hollowed-out and refurbished Great Pyramid of Giza. In Egypt, the duo begin to unravel the terrible truth behind Tesla's death, a secret so earth-shattering that if revealed it would mean

rewriting the entire history of the world. But if the cult's plans aren't stopped, Britain may lose the future. From the Hardcover edition.

The Mystery of the Aztec Tomb Capstone

Film historian Bruce Rux posits that the film industry has long collaborated with a government disinformation campaign about UFOs, shaping and controlling knowledge about documented UFO activity. The book uncovers the conspiracy

roots of government involvement in science-fiction/horror movies, from pulp-fiction and Lost World romances to films dealing with flying saucers, the planet Mars, mind control, abductions, transdimensional journeys, and extraterrestrials. Written in a mock-serious tone reminiscent of Rod Sterling's Twilight Zone TV Series, and illustrated with old movie stills and posters, Hollywood Vs. the Aliens is a fascinating, fun read, yet delivers some startling findings. Rux

reviews the facts known about UFOs and ancient technologies, and how they came to be discovered. Then he investigates the period between the 1930s and 1950s, focusing on CIA Robertson Panel's recommendation that Hollywood be used as a deflectionary tool against popular interest in UFOs. Government involvement in Orson Welles' 1938 War of the Worlds broadcast is discussed, as are the Disney and United Artists studios' early connections to patriotic propaganda.

Early '50s movies like The Thing from Another World and The Day the Earth Stood Still show UFOlogical facts that only government sources could have known at the time. From there the book goes on to discuss recent releases and the ongoing depictions of aliens and UFOs, right up to Independence Day, Men in Black, and Mars Attacks!
