LEWIS HASSAN

Sekret Machines: Gods A&C Black

More than thirty years after his first investigation of the Nazi underground Peter Levenda has returned again and again to his quest for the truth about the true character of the Nazi cult and the people and political movements it has influenced in the decades since the end of World War II. The wide sweep of this investigation moves from a Ku Klux Klan headquarters in Reading, Pennsylvania to the New York City office of the Palestine Liberation Organization; from the apartment of a notorious neo-Nazi leader to an Islamic boarding school—headquarters of the man who ordered the Bali Bombings. When Levenda uncovered the existence of a Nazi underworld in Asia, the nexus of religion, politics, terrorism and occult beliefs was revealed to be the real domain of the threat to global security. Meticulously researched—from both archival material and declassified intelligence agency files, to personal interviews and investigations undertaken in Asia, Europe and Latin America—The Hitler Legacy is the story of how the mistakes of the 20th century have come home to roost in the 21st. This book will challenge the conventional thinking about such subjects as the Muslim Brotherhood and Islamist terrorism and even about the alleged death of one of history's most infamous killers—Adolf Hitler.

'No one can deny Paul Roland is a complete master of his subject.' Colin Wilson, author of *The Occult and A Criminal History of Mankind* Why did the country which produced Goethe, Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? The Nazis and the Occult reveals the true nature of the Third Reich's link with arcane influences and of evil itself, as well as explaining how an ill-educated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler.

The Lovecraft Code To The Stars

In June of 1979, Peter Levenda flew to Chile - then under martial law - to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: "You are not welcome in this country." The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, Unholy Alliance was the first book in English on the subject

of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author's personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its creator, Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy*. This is where it all began. [The Tantric Alchemist](#) Nicolas-Hays, Inc.

For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn't. Most, but not everyone. Among those who know what they've seen, and—like the toll of a bell that can't be unring—are forever changed by it, are a pilot, an heiress, a journalist, and a prisoner of war. From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty neverlands—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because, as it turns out, we are not the only ones who can invent and build...and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is, of course, a work of... fiction?

The Nazis and the Supernatural is a gripping account of the magical thinking that dominated Nazi beliefs leading up to and including the Second World War. This book explores the Nazi obsession with the occult and symbols of arcane power, shedding new light on the most hated political movement in history, and revealing how occultism not only helped the Nazis but also hindered them, as opposition movements utilized its techniques. Particularly intriguing sections include the Vril Society, the New Teutonic Knights, Black Camelot, the Nazi 'Occult Bureau', Atlantis and Aryan science. Illustrated throughout with informative photographs, and featuring a wealth of new facts and conclusions, *The Nazis and the Supernatural* is a fascinating account of this hidden history.

Unholy Alliance Nicolas-Hays, Inc.

The roots of coincidence and conspiracy in American politics, crime, and culture are examined in this book, exposing new connections between religion, political conspiracy, and occultism. Readers are taken from ancient American civilization and the mysterious mound builder culture to the Salem witch trials, the birth of Mormonism during a ritual of ceremonial magic by Joseph Smith, Jr., and Operations Paperclip and Bluebird. Not a work of speculative history, this exposé is founded on primary source material and historical documents. Fascinating details are revealed, including the bizarre world of "wandering bishops" who appear throughout the Kennedy assassinations; a CIA mind control program run amok in the United States and Canada; a famous American spiritual leader who had ties to Lee Harvey Oswald in the weeks and months leading up to the assassination of President Kennedy; and the "Manson secret."

The stunning continuation of an intensive study of UFO phenomena in which the hard science, technology, and the human mind are explored as they relate to our world and the encounters that people are still having today... In *Sekret Machines: Gods*, the cultural, historical, and religious aspects of mankind's encounters with UFO's was explained by Open Mind's 2017 UFO Researcher of the Year and To The Stars Academy of Arts and Science founder Tom DeLonge with renowned research author Peter Levenda. Here, they continue their revelatory work in a thoroughly-researched expose that seeks to solve the scientific mysteries of the the unidentified aerial phenomenon, the UFO experiencers whose lives were changed forever, and what it means for all mankind. To this end, they have divided their study into three fields of inquiry: Genetics and the ET Hypothesis: Was life on Earth actually initiated by alien life forms deliberately? Many cultures worldwide hold clues in their mythos that points to this. But for what ultimate purpose would this have? And what does that make humanity? Consciousness: If the building blocks of life were truly transplanted by a higher intelligence with intent, was our human concept of consciousness included in that DNA? And as we evolve, are we headed toward eventual immortality as sentient beings? Human-Machine Symbiosis: In this section, the concept of technological advancement is explored—focusing on our own astounding achievements in recent years in the fields of Artificial Intelligence and robotics—which leads to a much deeper question: If we have come so far so fast, what unfathomable level of technology must the phenomenon already possess? In *Sekret Machines: Man*, DeLonge and Levenda go beyond the lies fed to the public for decades—using unsealed confidential records, expert analysis, and eyewitness testimony from scientists, civilians, military personnel, researchers, and UFO experiencers to reveal the wide-ranging influence that UFO forces have had upon our past, continue to exert on our present, and may hold for our future.

The Nazis and the Occult A&C Black

This is a unique history of Masonry written from the perspective of an educated outsider. The author is sympathetic to Masonic goals, a historian of secret societies and political conspiracies, and an exhaustive researcher. He looks back to the earliest roots of the Craft, and then traces its influence into modern times. From the Bible's Temple of Solomon through the Knights Templars, to the Rosicrucians and Illuminati, we learn of Masonry's roots and early history. Enlightenment philosophy and the revolutionary currents of eighteenth-century Europe opened an opportunity for the American experiment. Sacred geometry and architecture combined to create Washington, DC, and the rest, as they say, is history. This second revised and enlarged edition includes a new chapter on Freemasonry in South America—from the revolution of Simón Bolívar to the capture and execution of Che Guevara.

The Nazis and the Occult To The Stars

"A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . . reveals stranger-than-fiction truths on every page."—Daily Telegraph The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty. Preposterous though it was, however, supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of racial utopia and empire. "[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media."—The Washington Post "Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish."—The Spectator "A trustworthy [book] on an extraordinary subject."—The Times "A fascinating look at a little-understood aspect of fascism."—Kirkus Reviews "Kurlander provides a careful, clear-headed, and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits."—National Review

Black Sun TrineDay

Engagingly written, *Unholy Alliance* is a comprehensive, popular history of the occult background and roots of the Nazi movement, showing how the ideas of a vast international network of late 19th- and early 20th-century occult groups influenced Nazi ideology. Levenda takes readers through the teachings of Madame Blavatsky, Aleister Crowley, the Thule Gesellschaft - the occult secret society that formed the ideological heart of the early Nazi Party - the Order of the Golden Dawn, and the Order of the Eastern Temple and demonstrates how each influenced Nazi ideology. He also details the expedition to Tibet of the Ancestral Heritage Research and Teaching Society, comprised of the same SS officers who would later be involved in grisly medical experiments on concentration camp prisoners. Levenda traces the Nazis' movements as they continued their activities after the war or morphed into neo-Nazi, skinhead, and satanic groups, such as the Christian Identity and White Aryan Resistance movements. Levenda's is not only a "major work of investigative reporting," but also the striking story of the unholy alliance between politics and religion - or politics and occultism - that has dominated events in Europe and the Americas since World War I, with all its implications for continuing racial and religious violence in Europe, Asia, and the Americas.

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a

sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—*The Rise of the Fourth Reich* reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller *Rule by Secrecy*, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

Hitler's Monsters Nicolas-Hays, Inc.

Ratline is the documented history about the mechanisms by which thousands of other Nazi war criminals fled to the remotest parts of the globe—including quite possibly Adolf Hitler. It is a story involving Soviet spies, Nazi priests, and a network of Catholic monasteries and safe houses known as the ratline. The name of one priest in particular, Monsignor Draganovic, was discovered by the author in a diary found in Indonesia. Why would this name turn up in a document written in a spidery German hand in a remote island in Indonesia? As famed author Peter Levenda began his research, more information came to light: In December of 2009, it was revealed that the skull the Russians claimed was Hitler's—salvaged from the bunker in 1945—was not that of Hitler! In 2010, files from the Office of Special Investigations of the Justice Department were declassified, revealing a history of American intelligence providing cover for Nazi war criminals. The mystery deepened,

and the author returned to his own roots hunting Nazis in North America, South America and Europe. He revisited old contacts, made some new ones, and gradually the explosive story was revealed: there is no forensic evidence to prove that Adolf Hitler died in the bunker in April 1945!

Tantric Temples TrineDay

Tantra is one of the most misunderstood of the esoteric disciplines. In order to get a clear idea as to the nature of Tantric ritual and belief it is necessary to go where Tantra is still practiced and from where important Tantric teachings originated a thousand years ago: the island of Java in present-day Indonesia. This book illustrates the history of Tantrism in Java with more than a hundred photographs of temples, statues and iconography dedicated to the system -- some rarely seen before, including the recently-excavated "white temple" of Yogyakarta -- and accounts of contemporary practices in the shrines, cemeteries and secret schools of Java. It is this Tantra -- the Tantra of Java -- that has influenced secret societies, mystics, alchemists, Kabbalists and magicians for hundreds if not thousands of years. This book tells the story of how human sexuality became a metaphor and a template for both spiritual transformation and the manipulation of reality/ of how various sexual acts and psycho-biological states became the basis for a comprehensive cosmology that incorporates every aspect of human experience. Sometimes the secrets are buried where you least expect to find them. Sometimes they are hidden in plain sight. Sometimes... they are both. In the largest Muslim country in the world we will discover a path of Tantra so unique, yet so vibrant and alive, that we will be astonished that no one had heard of it until now.
