How did one of the most controversial songs in American history become our national anthem? Why is it still controversial, and still our anthem? When author Marc Ferris first asked those questions, he thought he'd find the answers easily. Instead, he learned if he wanted to know the true, complete story of "The Star-Spangled Banner," he'd have to write the book himself. The song became instantly popular after Francis Scott Key composed the lyrics in 1814 and stole the melody from an old British drinking song-ironic, since Britain was the bitter enemy whose "bomb bursting in air" inspired him. But it also became embroiled in argument, was used and abused by politicians of every stripe, and endured a 117-year wait before it was officially anointed the national anthem in 1931. That happened because World War I veterans preferred it to other contenders, such as "Hail Columbia" and "America, the Beautiful." During the early Depression years, they lobbied Congress to formally recognize it. But they also protested

massive corruption in the federal Veterans Bureau, demanding better services and payment of their promised bonus. To appease them while avoiding doing anything that cost money, Congress passed, and President Hoover signed, a one-sentence bill giving the vets the anthem they wanted and nothing else. (The cynical ploy didn't work; the next year saw the infamous Bonus March on Washington.

More than just the tale of one flag and one song, The Star-Spangled Banner is the story of how Americans—often in times of crisis—have expressed their patriotism and defined their identity through the "broad stripes and bright stars" of our preeminent national symbol, a tradition that still thrives today. The original flag that inspired Francis Scott Key "by the dawn's early light" has been cared for by the Smithsonian since 1907. The dramatic story of this flag—and of the Smithsonian's effort to save it for posterity—are told here in this lavishly illustrated book that also explores the broader meaning of the flag in American life.

"When Francis Scott Key saw the United States flag still flying over Fort McHenry in Baltimore, Maryland - signifying that the city had withstood the overnight British bombardment - he immediately sat down and wrote the words to "The Star-Spangled Banner." Since that September morning in 1814, the flag and the national anthem have occupied a special place in the hearts of Americans. The flag that withstood the "bombs bursting in air" and inspired the anthem has been cared for by the Smithsonian and exhibited to the public for almost a century. Here is the dramatic story." --Back cover.

Brutality and fear. Heroism and sacrifice. Military history is a fascinating, complex, and often contradictory subject. War and fighting between tribes, clans, groups and countries has been with us forever. Great leaders, great villains, pivotal moments and events become transformative, causing political, social, and technological upheavals, which were often built on the foundation of war. The Handy Military History Answer Book is a captivating, concise, and convenient look at how the world, the United States, and the lives we lead today have been changed by war and the military. The weapons, leaders, soldiers, battles, tactics, strategies, blunders, technologies, and outcomes are all examined in this powerful primer on the military, its history—and world history. From early Greeks and Romans to Genghis Kahn and other great conquering militaries of the past, continuing on through the civil wars and world wars that shaped the boundaries of today's nations, and to the modern weapons, technologies, guerrilla warfare, and terrorism currently reported in the nightly news, this book investigates everything from the smallest miscalculations and maneuvers to the biggest invasions and battles, as well as the cutting-edge technologies and firepower that led to victories and helped change the world. The Handy Military History Answer Book looks at the who, the what, the why, and the how of conflicts throughout history. It answers over 1,100 questions, from the mostly widely asked to the more obscure, such as: Who cast the first stone (of human history)? Who were the "Sea Peoples?" Is there anything to the story of Ancient Troy? Could Alexander the Great have conquered the early Roman Republic? How wealthy would each of Alexander's men been had the treasure at Persepolis been divided? How many Romans lost their lives at the Battle of Cannae? Why did people underestimate Julius Caesar when he was in his thirties? How many men, and auxiliary fighters, were there in a Roman legion? Was the Battle of

Actium truly decisive? And what way? Which precious metal did the Vikings prefer above all others? Do we even have his name--Genghis Khan--right? Who employed the composite bow with greater effectiveness: the Arabs or the Turks? Why did Pope Urban II go to central France in 1095? Where did Richard the Lion-Heart get his nickname? Why on earth did Hitler code-name his invasion of Russia for a German emperor who drowned? Who was the greater wit: Voltaire or King Frederick the Great? About whom did King George II remark: "Mad, is he? Well I hope he bites some of my other generals?" What great poet spent years gathering food and wine for the Spanish Armada? What was the price for King Francis' freedom, in 1526? How long did it take to learn how to use the longbow? What was the largest of the cannon brought by the Ottoman Turks to the siege of Constantinople? Who took over when Genghis Khan died (after a fall from his horse)? What did the Franciscan monks say when they returned from Karakorum? Was Napoleon really not French? Who won the Battle of the Nile, and how? Where was the world's first submarine deployed? When did George Washington have to alter all his plans: and how did he go about making the change? How many people died at the Siege of Fort Sumter? What was the worst day of the Civil War, in the Far West? When were balloons first deployed in warfare? Where did the name "Uncle Sam" come from? What signals did Paul Revere watch for on the evening of April 18, 1775? What did Rasputin have to say about the approach of the First World War? How close did Hitler come to victory at Moscow in 1941? What ten days decided the outcome of World War II? What was so special about the B-24? When did the Cold War

commence? What was the last action of the Yom Kippur War? What role did Colin Powell play in the run-up to war in Iraq?
