A recommended must read for any aspiring entrepreneur who wishes to invent new medical devices in India." - Dr. Balram Bhargava, Padmashri, Professor of Cardiology, Cardiothoracic Sciences Centre, Executive Director, Stanford India Biodesign Centre, School of International Biodesign (SIB), All India Institute of Medical Sciences, New Delhi. The realistic perspective and practical suggestions in this book have arrived just in time for a health technology ecosystem that is in a substantial stage of growth." - Dr. Paul Yock, Founder and Director, Stanford Biodesign "Despite the stated focus as a book for doctors looking to engage with the MedTech ecosystem in India, this book has several teachings for engineers, product designers, business strategists, marketing folks and investors as well." - The Hans India In this book, the author shares his experiences, anecdotes, insights and failures while inventing medical devices in India over the last six years. The idea is to give entrepreneurs (clinicians, engineers, designers, business professionals) a realistic expectation of the time, money, co-ordination and teamwork required to develop a medical device in India. This book includes case studies, anecdotes, caricatures and a special "how I do it" section at the end of the book that gives step-by-step guidelines on how to identify a need, make clinical observations, create need statements, perform needs filtering, develop criteria, conceptualize a solution and take it to a proof of concept. This book is recommended for all Indian healthcare professionals, engineers and product designers who seek to solve unmet clinical challenges with new medical devices, but are unsure of how to go about taking their idea from the concept stage to an actual product. This book illustrates ways for engineers and designers to formally engage with doctors, and gives a comprehensive perspective of the path from ideation to commercialization.

There are stories about people's generosity—and selfishness—in times of natural disasters like the tsunami; women struggling to speak out in a world that refuses to listen to them; and tales of young professionals trying to find their feet as they climb up the corporate ladder. Told simply and directly from the heart, *The Old Man and His God* is a collection of snapshots of the varied facets of human nature and a mirror to the souls of the people of India.

heartfelt and wickedly funny cross-cultural debut novel introduces a smart, irreverent young woman searching for independence and matrimony in a culture bound by tradition. But despite a life filled with good friends and first-class travel accommodations, the fact is that not many twenty-nine-year-old women in India are single—as Aisha's mother never fails to remind her. Somewhere a clock is ticking, though as far as Aisha is concerned, it can be cheerfully drowned out by laughter over a champagne brunch. Yet when the handsomely chiseled Karan Verma arrives from New York, Aisha experiences an unexpected attitude adjustment. Karan is everything she's ever wanted...that is, if she actually knew what she wanted. Is it possible that she's about to find out? Savvy, sexy, and unforgettable, *Almost Single* tackles the loving, exasperating tug-of-war between mothers and daughters, traditional customs and contemporary romance—and what happens when a modern Indian woman is caught in the middle.
