This controversial examination of precolonial African slavery looks at the various social systems that made slavery on such a scale possible and argues that the institutions of slavery were far more complex and pervasive than previously suspected.

Women and Trade John Wiley & Sons

The pilgrimage church Notre-Dame-du-Haut in Ronchamp (1950–54), an icon of modern architecture, represents one of the central buildings of Le Corbusier's late period. Like all the guides in this series, this book is indispensable both for a specialist audience and for tourists interested in architecture and modern art.

Manfred F. Bukofzer was born in Germany in 1910. He studied at the Conservatory in Frankfurt, and also at the University of Heidelberg, Berlin, and Basel, obtaining his doctorate in music in 1936. He came to America in 1939 and shortly after joined the faculty of the University of California at Berkeley, where he became head of the Music Department only a year before his death from leukemia in 1955.

The Flowers of Evil Rough Guides

The foundation of Monemvasia in the southern Peloponnese has always been related to the raid of the Slavs, for which the sources are few but the literature is vast. This study seeks to analyse existing sources and evaluate and correlate them in the hope that some facts can be established to illuminate the evolution of the city. In his introduction, Sir Steven Runciman writes, `Dr Kalligas has brought to her task a close acquaintance both of the written sources and of the place itself, together with a broad outlook and a wise and careful judgement. All this gives her work great authority.'

Gender Mainstreaming in HIV/AIDS Routledge

This volume of Lévi-Strauss's writings from 1941 to 1947 bears witness to a period of his work which is often overlooked but which was the crucible for the structural anthropology that he would go on to develop in the years that followed. Like many European Jewish intellectuals, Lévi-Strauss had sought refuge in New York while the Nazis overran and occupied much of Europe. He had already been introduced to Jakobson and structural linguistics but he had not yet laid out an agenda for structuralism, which he would do in the 1950s and 60s. At the same time, these American years were the time when Lévi-Strauss would learn of some of the world's most devastating historical catastrophes - the genocide of the indigenous American peoples and of European Jews. From the beginning of the 1950s, Lévi-Strauss's anthropology tacitly bears the heavy weight of the memory and possibility of the Shoah. To speak of 'structural anthropology zero' is therefore to refer to the source of a way of thinking which turned our conception of the human on its head. But this prequel to *Structural Anthropology* also underlines the sense of a tabula rasa which animated its author at the end of the war as well as the project - shared with others - of a civilizational rebirth on novel grounds. Published here in English for the first time, this volume of Lévi-Strauss's texts from the 1940s will be of great interest to students and scholars in anthropology, sociology and the social sciences generally.

Originally published between 1920-70, The History of Civilization was a landmark in early twentieth-century publishing. It was published at a formative time within the social sciences, and during a period of decisive historical discovery. The aim of the general editor, C.K. Ogden, was to summarize the most up to date findings and theories of historians, anthropologists, archaeologists and sociologists. This reprinted material is available as a set or in the following groupings: * Prehistory and Historical Ethnography Set of 12: 0-415-15611-4: £800.00 * Greek Civilization Set of 7: 0-415-15612-2: £450.00 * Roman Civilization Set of 6: 0-415-15613-0: £400.00 * Eastern Civilizations Set of 10: 0-415-15614-9: £650.00 * Judaeo-Christian Civilization Set of 4: 0-415-15615-7: £250.00 * European Civilization Set of 11: 0-415-15616-5: £700.00

Trade can dramatically improve women's lives, creating new jobs, enhancing consumer choices, and increasing women's bargaining power in society. It can also lead to job losses and a

concentration of work in low-skilled employment. Given the complexity and specificity of the relationship between trade and gender, it is essential to assess the potential impact of trade policy on both women and men and to develop appropriate, evidence-based policies to ensure that trade helps to enhance opportunities for all. Research on gender equality and trade has been constrained by limited data and a lack of understanding of the connections among the economic roles that women play as workers, consumers, and decision makers. Building on new analyses and new sex-disaggregated data, *Women and Trade: The Role of Trade in Promoting Gender Equality* aims to advance the understanding of the relationship between trade and gender equality and to identify a series of opportunities through which trade can improve the lives of women.

Salons et expositions à Lyon, 1786-1918 PU Rennes

The pioneering novel of physical disability, transatlantic travel, and black international politics. A vital document of black modernism and one of the earliest overtly queer fictions in the African American tradition. Published for the first time. A Penguin Classic A New York Times Book Review Editors' Choice/Staff Pick Vulture's Ten Best Books of 2020 pick Buried in the archive for almost ninety years, Claude McKay's *Romance in Marseille* traces the adventures of a rowdy troupe of dockworkers, prostitutes, and political organizers--collectively straight and queer, disabled and able-bodied, African, European, Caribbean, and American. Set largely in the culture-blending Vieux Port of Marseille at the height of the Jazz Age, the novel takes flight along with Lafala, an acutely disabled but abruptly wealthy West African sailor. While stowing away on a transatlantic freighter, Lafala is discovered and locked in a frigid closet. Badly frostbitten by the time the boat docks, the once-nimble dancer loses both of his lower legs, emerging from life-saving surgery as what he terms "an amputated man." Thanks to an improbably successful lawsuit against the shipping line, however, Lafala scores big in the litigious United States. Feeling flush after his legal payout, Lafala doubles back to Marseille and resumes his trans-African affair with Aslima, a Moroccan courtesan. With its scenes of black bodies fighting for pleasure and liberty even when stolen, shipped, and sold for parts, McKay's novel explores the heritage of slavery amid an unforgiving modern economy. This first-ever edition of *Romance in Marseille* includes an introduction by McKay scholars Gary Edward Holcomb and William J. Maxwell that places the novel within both the "stowaway era" of black cultural politics and McKay's challenging career as a star and skeptic of the Harlem Renaissance.

The Art of Cuphead W. W. Norton

This highly original book opens up the almost entirely neglected area of the black African presence in Western Europe during the Renaissance. Covering history, literature, art history and anthropology, it investigates a whole range of black African experience and representation across Renaissance Europe, from various types of slavery to black musicians and dancers, from real and symbolic Africans at court to the views of the Catholic Church, and from writers of African descent to Black African criminality. Their findings demonstrate the variety and complexity of black African life in fifteenth and sixteenth-century Europe, and how it was affected by firmly held preconceptions relating to the African continent and its inhabitants, reinforced by Renaissance ideas and conditions. Of enormous importance both for European and American history, this book mixes empirical material and theoretical approaches, and addresses such issues as stereotypes, changing black African identity, and cultural representation in art and literature.

Grand dictionnaire universel du XIXe siècle Penguin

Les Fleurs du mal is a volume of French poetry by Charles Baudelaire. First published in 1857, it was important in the symbolist and modernist movements. The poems deal with themes relating to decadence and eroticism.
