Dictionnaire de la fable, ou mythologie grecque, latine, égyptienne, celtique ... Tome premier [- second] par Fr. Noel ... Ivy Press (TX)

Ces arbres nos maîtres Ce magnifique ouvrage jette un pont entre le visible et l'invisible afin de nous emmener à la découverte des messages des arbres pour un monde plus harmonieux. A travers un focus sur le gui, la plante médicinale par excellence, ainsi qu'une présentation des 26 arbres les plus importants dans la tradition chamanique celtique, ce livre mentionne les caractéristiques spécifiques de chacun, telles que les connaissaient et les utilisaient les Celtes. Il nous propose également de bénéficier des bienfaits ou des enseignements des arbres, grâce à l'interaction avec ces grands maîtres. Vous découvrirez comment communiquer avec les arbres de plusieurs façons. Vous apprendrez les rituels celtiques et vous comprendrez le rôle de certains esprits majeurs en lien avec les arbres et la nature. Enfin, l'auteur répondra aux questions le plus souvent posées sur les esprits et les arbres. Les arbres sont nos maîtres. Ils nous enseignent comment développer une conscience écologique vitale et comment la mettre en pratique au quotidien. Voici le message de ce livre.

Dictionnaire de la fable, ou mythologie grecque, latine, égyptienne, celtique ... Tome premier [- second] Mémoires du Monde

Celtic Wisdom Sticks is a powerful divination tool drawing on the ancient memory and wisdom of the trees and the culture of the Celts. By selecting different combinations of the sticks included with this pack and laying them out, readings can easily be made for yourself and your friends. These can be simple one-stick responses for everyday problems, or more complex readings which use all twenty sticks for more in-depth guidance. Four different ways of using the sticks are explained, along with a sample reading for each. Caitlin Matthews also explains the history and use of the ogam alphabet, one of the oldest known in the Western world. Further advice is given for phrasing questions to the oracle and interpreting the responses given. Guidance for working more freely with the system once you are familiar with the sticks will allow you to develop your own way of using the oracle.

L'oracle des Celtes Stoddart

This book presents the complete and authentic system of divination based on the letters of the Celtic ogham alphabet (commonly designated by tree names). It offers a whole world of Druid lore and experiential Celtic spirituality that helps the reader find objective truths concealed deep within, and discover the inner self's relationship to and interactions with the world outside. It's a complete introduction to the oghamic tradition.

Les arbres sont des êtres de sagesse et les gardiens du savoir. Les Celtes disaient même que toute la sagesse de l'Univers leur était confiée. Sans eux, la vie est impossible. Ils sont les poumons de la terre. Fondé sur l'ancienne sagesse celtique qui vénérât les arbres en tant qu'êtres vivants et spirituels, cet oracle de 25 cartes magnifiquement illustrées vous permettra d'interagir avec eux. Prenez le temps de vous connecter aux arbres et de leur exprimer votre reconnaissance et ils s'adresseront à vous. Ils vous rappelleront comment vivre une relation juste avec notre environnement et vous aideront à vivre en harmonie avec notre Terre Mère, qui nous accueille. Grâce à L'Oracle de l'Arbre celtique, vous découvrirez que les arbres sont impatients de vous offrir leur soutien et de vous prodiguer leurs conseils, mais également de vous stimuler et de vous inspirer.

The Celtic way of life is an indigenous European belief system that honors both female and male images of the divine and holds the Earth to be sacred. This new divination system for personal development and spiritual growth based on Celtic symbols, folk wisdom, and spiritual principles will show you how to incorporate the Celtic way of knowing into your daily life. The 64 oracles are the primal forces identified by the Celts as goddesses, gods, faeries, and animal and tree spirits. Each oracle contains historical background, poetry, or verse from original Celtic sources; an interpretation for the contemporary reader; and beautiful, original black-and-white artwork, created especially for this book. Celtic Oracles works in a similar way to the I Ching: Just throw two coins three times to discover which of the oracles is influencing your life. The oracles are interrelated, reflecting the Celtic worldview that all aspects of our lives are woven together. Inspiring a deep connection with a powerful, ancient way of knowing and living in the world, this transformative system will help you understand the often hidden forces at work in your life and guide you in making practical decisions.

Après son livre Les Runes, écriture sacrée en Terre du Milieu, Julie Conton approfondit maintenant la tradition celte. Cet ouvrage très complet, une vraie référence sur le sujet, nous fait pénétrer dans le monde végétal de l'Ogham, la plus ancienne écriture celte connue, qui était à l'origine secrète et sacrée. L'Ogham, gravé sur des pierres dressées, notamment en Irlande, mais aussi en Angleterre, au Pays de Galles, en Ecosse et sur l'île de Man, est à la fois un ancien alphabet, une écriture secrète et un langage des signes réservé aux initiés, enfin un système de symboles utilisé pour la magie et la divination. On l'appelle parfois « alphabet celte des arbres » ou « oracle des druides

» car ses 25 lettres, correspondant à un arbre ou un végétal, sont autant de signes de l'invisible à déchiffrer. Découvrir ou approfondir l'Ogham, le connaître, le fabriquer et l'interpréter, c'est donc entrer dans le symbolisme des arbres sacrés de la forêt druidique et se mettre à l'écoute de la voix sylvestre... Dans une perspective historique, culturelle, mais aussi intuitive et pratique, l'auteure nous plonge au cœur de la mythologie et de la spiritualité celtes et tisse avec clarté de multiples liens entre l'Ogham et les Runes germano-scandinaves, entre l'Ogham et le Tarot, l'énergie des pierres ou encore les symboles astrologiques. L'Ogham est également replacé dans le contexte des fêtes de l'année celte et mis en rapport avec la médecine traditionnelle. Cet ouvrage s'adresse à tous les amateurs de symbolisme et de mythologie, à tous les passionnés de culture celte et druidique, et bien sûr à tous ceux qui aiment et respectent les arbres...

OGAM ? Que peut-il se cacher derrière ce mot : code secret, énigme, mystère ? Devin, chamane ? Chaque civilisation possède sa classe de "lettrés", ceux qui connaissent, parce qu'ils ont appris, ont été initiés et conservent jalousement leur savoir. Le système d'écriture des Ogams utilisé par les Celtes renvoie à leurs mystères, aux profondeurs de la science et de la sagesse de l'ancienne spiritualité européenne. Edred Thorsson fournit une étude fine de ce système initiatique, fruit de plusieurs années de travail. Il présente les multiples approches permettant d'entrer en résonance avec les mondes et les différentes dimensions de l'univers. Chaque caractère de ce système étant lié à un arbre, l'auteur livre aussi un message à la fois sacré et écologique. C'est une voie royale pour remettre en harmonie l'homme moderne avec la forêt, avec son environnement, le faire vibrer de tout son être au gré des signes donnés par la nature. Si les Ogams ont engendré un riche symbolisme divinatoire, ils participent d'une découverte de la personnalité transcendant largement la simple connaissance du passé ou de l'avenir, pour offrir des réponses sur le Soi, les lois qui gouvernent l'humain, son devenir permanent, sa sève. Cet ouvrage permet de réveiller la psyché et l'âme celtes dont notre civilisation est porteuse et de nous connecter à une tradition qui renaît actuellement, d'une manière pratique, authentique et vivante.

The Healing Power of Trees

AN ELFIN BOOK OF TREES FOR THE ELVEN DRUID can be used as an oracle and is in a sense a way of listening to the trees. It is not the same as being out in the trees and feeling their radiant and wondrous presence, nor ingesting some of the herbs and fruits that plants and trees use to enlighten and heal us. However, not all of us, in the modern world, can be among the trees regularly or as much as we would like and this tome is, in that sense, designed to express their voice in the form of an oracle for those of us who are unable at present to spend a great deal of time among them. Although, in our hearts and imaginations, we are ever surrounded by the forest. And in that way, this book is a forest, an elven woodland, an elvish glade, a living book of tree lore. The Silver Elves explain: "We have always loved, from the first moment we encountered them, the trees and therefore admired, from first we heard of it, the relationship of the Druids to the trees. Being Silver Elves - Elves of Starlight, Moonlight and the Radiance of the Trees - we naturally feel an affinity for nearly anyone else who also loves trees. And the Druids, being seers, bards and magic wielders, especially found a place in our hearts, minds and souls for their deep love and connection to the trees and to the spirit world." The Silver Elves express in the introduction to this book that they are genuinely fond of Liz and Colin Murray's *The Celtic Tree Oracle* and even though some people find Robert Graves's book *The White Goddess* and its interpretation of the Language or Alphabet of the Trees to be spurious, they found great insight in it, although they accepted from the beginning that it was a

theoretical interpretation and not necessarily a factual representation of the Druids and their Ogham Script and their Alphabet (*Ælfabet*) of the Trees. After all, the Druids had an oral tradition. The Druids didn't write anything down as far as their teachings, beliefs, tales, myths and history until they became Christianized (those that survived the Romans), and almost everything we know about them comes, for the most part, from their contemporaries, the Romans, and from the archeologists of today who are doing a bit of educated theorizing about the Druids. There are only twenty-five letters in the Druid tree alphabet, associated with letters of the English language, but obviously connected previously with various Celtic dialects and languages. That has always seemed too few trees to the Silver Elves, who realized that the Druids, surely, were dealing with the major types of trees in their vicinity, the British Isles and mostly Southern Europe, where they lived and this is certainly understandable. We each tend to speak of and deal with the world that we know. The Silver Elves however, see the whole world as their ancestral lands, and quite frankly there are certain types of trees, which they love and adore, that just weren't represented in the Tree world of the Druids, but which are decidedly part of the Silver Elves own elfin understanding of the world of the trees. There are over 60,000 species of trees in the world, so dealing with every species seemed a bit more than the Silver Elves wished to take on. So, they decided instead to deal with the basic types and families of trees, which gives 111 possibilities overall. In some cases, they picked a whole tree family to be represented by a Wizard Myne (they call these runes as Wizard Many-s [spelled Mynes in Arvyndase] instead of Ogham Fews) and at other times they selected individual trees. And so, in this way, they have created, channeled, remembered *The Elven Book of Trees for the Elven Druid* and expanded their Wizard Script to go with it. Each tree or tree group has its own chapter (111 in all). This book is easy to use as an oracle and the specifics on just how to do so are covered in the introduction and throughout the book, along with a spell at the end of each chapter for your personal magic.
