It can hardly be supposed that all the boys who take up this book have read the Boat Club; therefore it becomes necessary, before the old friends of the club are permitted to reunite with them, to introduce whatever new friends may be waiting to join them in the sports of the second season at Wood Lake. However wearisome such a presentation may be to those who are already acquainted, my young friends will all allow that it is nothing more than civility and good manners.

"In All Aboard, Jim Godbold takes the reader on a unique and fascinating journey: It's an excursion that starts in an era when money was scarce and the virtues of hard work and perseverance were necessities, not mere suggestions. In contrast to today's gotta-have-it-now, it's-never-enough world of materialism and instant gratification, Jim offers us an enlightening and frequently humorous glimpse of a time when one's daily bread was not a foregone conclusion. From his first job as an enterprising newspaper carrier to his incredible experiences in World War II combat in the Pacific to his entrepreneurial ventures in newspaper publishing and photography, he tells a compelling and inspiring story of resourcefulness, creativity and determination. Along the way he richly affirms the incalculable value of family and friends. Even though I have known and loved my friend Jim for many years, it was a thrill to read 'the story behind his story', discovering the events and people who helped to shape the man who realized his own American dream." --Robert J. Tamasy

" This comprehensive guide will assist the traveler in planning an excursion and executing it with minimum effort and maximum pleasure." — Library Journal All Aboard— first published in 1995, and here completely revised and updated— is much more than just a mile-by-mile scenery guide for train travelers. It will make any trip smoother and more enjoyable with its insightful travel trips and information about how railroads operate. With trains attracting new riders in record numbers, the time is perfect for a new edition of All Aboard. All Aboard is more than an ordinary travel guide. The author tells us how and why the first railroads came about, describes the building of America's trans-continental railroad, and explains how individual trains are operated. He also offers advice that can only come from a veteran traveler: booking trips, finding the lowest fares, avoiding pitfalls, packing for an overnight trip, what to do on board, whom to tip and how much. This new, fourth edition includes a new chapter about eight major railway stations, and is updated throughout with new information and photographs. It discusses Amtrak's new locomotives and Viewliner sleeping cars, changes in rules regarding pets and bicycles on American trains, and much more. Jim Loomis writes frequently about train travel for Sunday newspaper travel sections and has ridden every one of Amtrak's long-distance trains multiple times, logging nearly 200,000 miles. He is a member of the board of directors of the National Association of Railroad Passengers.
