Excerpt: ...sat watching the baby. She went out and left them.

143 The child was sleeping as peacefully as if there were no such thing in the world as sorrow or loss or doubt, or a fairy to help or harm. "John," said Mrs. O'Brien, "I'd think I might have done harm to that child in trying to christen it, only I'm as sure as ever I was of anything that it's not a child at all, but one of the Good People, so I think there's no harm done. I don't know what would happen any of the Good People if he was to be rightly christened. I think he'd not be able to stand it and would be driven out, so that they'd have to send back the real child. Now, if a priest ever sees that creature that we've just seen, and asks: 'Has this child been christened?' they'll have to answer 'Yes, ' and he cannot be christened again. And yet, with the jump that he gave out of my arms when I sprinkled the water, it's not sure I am that a drop of it touched him." 144 VII A CHAPTER THAT YOU CAN SKIP This is a chapter that you can skip, if you want to. And really I should advise you to. Nothing of importance happened in the next eighteen years. Of course I am obliged to write a little something to fill in all that time, but you are not obliged to read it. That is where you have such an advantage. I think it is much better for a book to have some parts that can be skipped just as well as not, you get through it so much faster. I have often thought what a good thing it would be if somebody would write a book that we could skip the whole of. I think a good many people would like to have such a book as that. I know I should. Then there is another reason why it will be well for you to skip a little about here. When you get farther on, if you happen to come to 145 something that you don't understand, you can say: "Oh, this is probably all explained by something in that part that I skipped," and you can go right on. But if you had not skipped anything and then came to something that you did not...

Fairy Things to Make and Do Sourcebooks, Inc.

Edited by Anna Alice Chapin (1880 - 1920), the *Now A Days Fairy Book* contains such classic stories as: the Brothers Grimm's 'Snow White' and 'Little Red Riding Hood', Charles Perrault's 'Beauty and the Beast' and 'Sleeping Beauty', alongside Mme D'Aulnoy's 'The Three Bears' and other less well-known tales such as 'The Mist Island' and 'Fairy Talk.' All of these wonderful tales are accompanied by colour illustrations by Jessie Willcox Smith, and appear in their original translations. Jessie Willcox Smith (1863 - 1935) was one of the most prominent female illustrators in the United States during the Golden Age of American Illustration. She was also a prolific contributor to literary novels and magazines during the late nineteenth and twentieth centuries. Most notable was her ongoing relationship with *Good Housekeeping*, including the long-running 'Mother Goose' series. Smith's style changed drastically through her life. In the beginning of her career she used dark lined borders to delineate brightly coloured objects, and in later works she masterfully softened lines and colours - until they almost disappeared. Presented alongside the text of 'The 'Now A Days Fairy Book', her illustrations further refine and elucidate Chapin's thoughtfully edited collection. Pook Press celebrates the great 'Golden Age of Illustration' in children's literature - a period of unparalleled excellence in book illustration from the 1880s to the 1930s. Our collection showcases classic fairy tales, children's stories, and the work of some of the most celebrated artists, illustrators and authors.
