JüKlopp's coaching career began in the German second tier at the unfashionable club of FSV Mainz 05, whom he steered to the Bundesliga for the first time in forty-one years. In 2008, he joined Borussia Dortmund, where he achieved back-to-back league titles and took the club to the UEFA Champions League final. He left Germany for one of the England's most challenging jobs: to manage Liverpool, a once-mighty club that had not managed sustained success since the 1980s. It was not a task for the fainthearted. Anfield, Liverpool's home, is a temple to flamboyant attacking soccer powered by passion. In Klopp, Liverpool finally found a manager who embodied the essence of the club. Klopp is dynamic, expressive, restless, driven—he feels every move and play, every tactical shift, every contact on the field. His eyes betray a wild ecstasy and agony as his team thrives or falls. His game plan demands relentless commitment—the famous gegenpress—and he is one of the great personal motivators in all sport. Raphael Honigstein, author of *Das Reboot* and Bundesliga correspondent for the Guardian, has interviewed Klopp and followed his career since his early years, and better than anyone knows how to "bring the noise" to his subject.

Fever Pitch is Nick Hornby's million-copy-selling, award-winning football classic 'A spanking 7-0 away win of a football book. . . inventive, honest, funny, heroic, charming' Independent For many people watching football is mere entertainment, to some it's more like a ritual; but to others, its highs and lows provide a narrative to life itself. But, for Nick Hornby, his devotion to the game has provided one of few constants in a life where the meaningful things - like growing up, leaving home and forming relationships, both parental and romantic - have rarely been as simple or as uncomplicated as his love for Arsenal. Brimming with wit and honesty, *Fever Pitch*, catches perfectly what it really means to be a football fan - and in doing so, what it means to be a man.

'Hornby has put his finger on truths that have been unspoken for generations' Irish Times 'Funny, wise and true' Roddy Doyle [Ursachen sportlicher und wirtschaftlicher Krisen in professionellen Fußballorganisationen](#) Random House

'I WILL WRITE ABOUT ALL THAT IN MORE DETAIL LATER.' The final sentence of *Helping Verbs of the Heart* - was it a promise, a threat, a quote? In 1985, when Péter Esterházy's book came out on unnumbered, black-edged pages, this much-cited sentence seemed most likely to be the manifestation of authorial posturing. After the publication of his books on his father *Celestial Harmonies* and Revised Edition, this sentence and the preceding book on his mother's death, broken up into auxiliary verbs, now gain new meaning twenty-three years later in *Not Art*. *Not Art* is the book of the reawakened mother, a mother who knows the offside rule, and whose language, which determines her relationship to the world, is the language of football. The son only exists in relation to it, just as everything and everyone else only exists in relation to this mother's football language. Football, in the author's last book a stage and a medium for private historiography, now acts as a worldview, its roots in his relationship to his mother and his mother tongue: a mother's language complex. Readers seeking 'family stories' will find them - in subtly written, rounded stories. Those looking for emotions will find them too: platonic love, marital love filled with tenderness, and of course love for his mother and father. And those interested in the esterházyesque auto-reflexive textual world (where does the author begin and end) will not be disappointed either. Irony, beauty, history, the Magnificent Magyars, father, grandmother, aunt, uncle, mother, life and death, especially death, but beautifully written. And life too, of course, which comes before death. 'My mother talked her way through the entire sixties and seventies in French. Boy, even comrade sounds bearable in French. She slipped into the French language as if into a bunker. No, a bunker would be more German, concrete protection; language is a lighter form of asylum, if danger were ahead it would provide no protection, a hiding place, a hideout, a wing under which one cannot shelter. Whenever she left French she immediately moved into football. One might say my mother was on the run her whole life long. And one might also say that she was happy her whole life long.'

Language Learning provides an introduction to language

development that differs from existing books in that it traces language and cognitive development (together with the associated debates) from babyhood, through the school years of middle childhood and adolescence, into adulthood and the world of work. Increasingly, the global trend is towards learning to speak, read and write more than one language. *Language Learning* is a comprehensive book that includes descriptions and discussions of learning more than one language sequentially and simultaneously. The only book to look at language with a lifelong perspective, it is ideal as an introductory student text. Each chapter contains ideas and suggestions for students to follow-up and begin their own small scale investigations into language development.

Romantic Ireland is definitely dead and gone. With the exhilarating *Eureka Street*, Robert McLiam Wilson cheerfully and obscenely sends it to its grave. Jake Jackson, his thoughtful anti-hero, finds Belfast's tragedies are built on comedy: Catholics and Protestants so intent on declaring their differences "resembled no one now as much as they resembled each other.... That was what I liked about Belfast hatred. It was a lumbering hatred that could survive completely on the memories of things that never existed in the first place." He spends a certain amount of time worrying about seeming too Catholic and an equal amount worrying about not seeming sufficiently Catholic. Sometimes, after several drinks, Jake forgets that he's not a Protestant. Each position is as dangerous, and absurd, as the other. His best friend is less torn up. Chuckie Lurgan is a chubby Methodist whose only accomplishments so far have been shaking Reagan's hand, appearing in the same photo as the Pope, and having "an intense and troubling relationship with mail-order catalogues." But Chuckie suddenly surprises Jake with his first entrepreneurial scheme. Though he's placed an ad for an enormous sex toy in Northern Ireland's "only mucky paper," he hasn't any intention of ever fulfilling an order. Instead, he follows legal protocol and sends each disappointed customer a refund check, in the proper amount, stamped GIANT DILDO REFUND. The gamble is that most people will be too embarrassed to cash them. "Chuckie smiled the smile of the just-published poet." And soon he has more than 40,000 pounds in the bank and a lust for big money. He also has a rich, new girlfriend: "He hoped his dreams wouldn't suffer from all this reality." Jake is more preoccupied with the day-to-day. His construction site job gives him ample opportunity to consider his romantic failures and the ever-present symbols of war. There's also a new graffiti that has sprouted among the various deadly acronyms. IRA, UVF, and UDA make no more sense than OTG, but at least everyone knows what they stand for. OTG becomes a puzzle to all of Belfast—is it, the authorities wonder, a new terrorist group? (Jake also notes several other phrases, FTP, FTQ, and FTNP—the "T" stands for the and "P" and "Q" for Pope and Queen. The "N" is for Next.) Despite his love for Belfast, Jake loses heart with its zealots and fanatics and, halfway through, *Eureka Street* threatens to slide into windy bathos. It's only a momentary lapse amid energetic, colloquial poetry and comic realism.

Profifußball ist ein komplexes Phänomen mit vielfältigen Wechselwirkungen zwischen sportlichen und wirtschaftlichen Faktoren, weswegen einige Klubs trotz der erheblichen Umsätze immer wieder in sportliche und wirtschaftliche Krisen geraten. Welche Faktoren für diese Krisen ausschlaggebend sind und durch welche Faktoren langfristiger Erfolg generiert werden kann, wird in diesem Werk erforscht. Dazu stellt der Autor eine Vielzahl wirtschaftswissenschaftlicher Ansätze zur Erforschung von Erfolgsfaktoren und Krisenursachen in Unternehmen und Sportorganisationen vor und prüft diese anschließend an realen Fällen. Das Buch schließt mit Hypothesen und Handlungsempfehlungen zur Krisenprävention. Das Buch richtet sich gleichwohl an Forschende und Praktiker:innen und beleuchtet ein bis dato wenig beachtetes Thema, das infolge der Diskussionen um die Super-League und den Folgen der Pandemie zukünftig an Relevanz gewinnen wird.

Und unter Trainern wie van Gaal, Guardiola und Luis Enrique beherrschen Messi, Deco, Ronaldinho, Neymar und Co. dieses Spiel in vollendeter Perfektion.

In enger Kooperation mit Miroslav Klose erzählt Ronald Reng von einem Mann, den jeder aus dem Fernsehen kennt - den aber keiner wirklich kannte: Mit acht kam er aus Polen, lernte Zimmermann und wurde Weltstar. Er spielte als Kopfballspezialist und Techniker in europäischen Topclubs. Mitreißend und berührend bringt uns »Miro« eine Zeit im Fußball nahe, die längst untergegangen ist: die Zeit des Straßenfußballers, der aus einfachsten Verhältnissen den Weg nach ganz oben geschafft hat.

"Probably the best novel ever written about sport." —The Times (UK) He was a real-life, working-class hero known as the "British Muhammad Ali"—because he had a big mouth and wasn't afraid to use it. But Brian Clough wasn't a boxer, he was a soccer coach, known for taking backwater teams and making them into champions. In towns where people had little else, the hard-drinking and scrappy Clough was a hero. He was especially beloved for telling it like it was on behalf of small-town teams everywhere—calling out the stars who played dirty, rival coaches he suspected of bribing referees, and the league that let them get away with it. And then one day Clough was offered a job coaching the big-city team he'd called the dirtiest—the perennial powerhouse Leeds United. The *Damned Utd* tells the story of the legendary Clough's tumultuous forty-four days trying to turn around a corrupt institution without being corrupted himself—the players who wouldn't play, the management that looked the other way, the wife and friends who stood by him as he fought to do the right thing. The inspiring story behind the movie of the same name, *The Damned Utd* has been called by The Times of London, "The best novel ever written about sport."

Forty years after Tom Wolfe, Hunter S. Thompson, and Gay Talese launched the New Journalism movement, Robert S. Boynton sits down with nineteen practitioners of what he calls the New New Journalism to discuss their methods, writings and careers. The New New Journalists are first and foremost brilliant reporters who immerse themselves completely in their subjects. Jon Krakauer accompanies a mountaineering expedition to Everest. Ted Conover works for nearly a year as a prison guard. Susan Orlean follows orchid fanciers to reveal an obsessive subculture few knew existed. Adrian Nicole LeBlanc spends nearly a decade reporting on a family in the South Bronx. And like their muckraking early twentieth-century precursors, they are drawn to the most pressing issues of the day: Alex Kotlowitz, Leon Dash, and William Finnegan to race and class; Ron Rosenbaum to the problem of evil; Michael Lewis to boom-and-bust economies; Richard Ben Cramer to the nitty gritty of politics. How do they do it? In these interviews, they reveal the techniques and inspirations behind their acclaimed works, from their felt-tip pens, tape recorders, long car rides, and assumed identities; to their intimate understanding of the way a truly great story unfolds.
