When her bookshop closes its doors, Laura agrees to help organize a literary festival. Her initial excitement is followed by panic when she realizes that an innocent mistake has led the festival committee to believe that she is a personal friend of the reclusive writer Dermot Flynn. Even though Laura has been infatuated with Dermot since her college days, traveling to Ireland to persuade him to come out of hiding is not what she had in mind. Nevertheless, she sets off to charm her literary hero into headlining the festival. Unfortunately, Dermot is maddening, temperamental, and up to his ears in a nasty

case of writer's block. But he's also infuriatingly attractive.... With all the warmth and wit that have made Katie Fforde's novels huge bestsellers in the U.K., *Love Letters* is an irresistible tale of love and literature and the quest for a happy ending.

Remember the wonderfully romantic book of love letters that Carrie reads aloud to Big in the recent blockbuster film, *Sex and the City*? Fans raced to buy copies of their own, only to find out that the beautiful book didn't actually exist. However, since all of the letters referenced in the film did exist, we decided to publish this gorgeous keepsake ourselves. *Love Letters of Great Men* follows hot on the heels of the film and collects together some of history's most romantic letters from the private

papers of Beethoven, Mark Twain, Mozart, and Lord Byron. For some of these great men, love is "a delicious poison" (William Congreve); for others, "a nice soft wife on a sofa with good fire, & books & music" (Charles Darwin). Love can scorch like the heat of the sun (Henry VIII), or penetrate the depths of one's heart like a cooling rain (Flaubert). Every shade of love is here, from the exquisite eloquence of Oscar Wilde and the simple devotion of Robert Browning, to the wonderfully modern misery of the Roman Pliny the Younger, losing himself in work to forget how much he misses his beloved wife, Calpurnia. Taken together, these letters show that perhaps men

haven't changed all that much over the last 2,000 years--passion, jealousy, hope and longing still rule their hearts and minds. In an age of e-mail and texted "i luv u"s, this timeless and unique collection reminds us that nothing can compare to the simple joy of sitting down to read a letter from the one you love.

Expressing Love Through Writing Palala Press

In today's world of Tinder and texting, do we write and save love letters anymore? Are we more likely to save a screen shot of a text exchange or a box of paper letters from a lover? How might these different ways to store a love letter make us feel? Sociologist Michelle Janning's *Love Letters: Saving*

*Romance in the Digital Age* offers a new twist on the study of love letters: what people do with them and whether digital or paper format matters. Through stories, a rich review of past research, and her own survey findings, Janning uncovers whether and how people from different groups (including gender and age) approach their love letter "curatorial practices" in an era when digitization of communication is nearly ubiquitous. She investigates the importance of space and time, showing how our connection to the material world and our attraction to nostalgia matter in actions as seemingly small and private as saving, storing, stumbling upon, or even burning

a love letter. Janning provides a framework for understanding why someone may prefer digital or paper love letters, and what that preference says about a person's access and attachment to powerful cultural values such as individualization, taking time in a hectic world, longevity, privacy, and keeping cherished things in a safe place. Ultimately, Janning contends, the cultural values that tell us how romantic love should be defined are more powerful than the format our love letters take. Her work fits within larger academic questions about the sociology of emotions, how culture works, the importance of objects in social relations, and the significance of privilege in everyday life.

A disarmingly honest memoir about giving advice when you're not sure what you're doing yourself, by the woman behind The Boston Globe's Love Letters column. Every day, Boston Globe advice columnist Meredith Goldstein takes on the relationship problems of thousands of dedicated readers. They look to her for wisdom on all matters of the heart- how to cope with dating fatigue and infidelity, work romances, tired marriages, true love, and true loss. In her column, she has it all figured out, but in her real life she is a lot less certain. Whether it's her own reservations about the traditional path of marriage and family, her difficulty

finding someone she truly connects with, or the evolution of her friendships as her friends start to have their own families, Meredith finds herself looking for insight, just like her readers. As she searches for responses to their concerns, she's surprised to discover answers to her own. But it's after her mother is diagnosed with cancer that she truly realizes how special her Love Letters community is, how this column has enriched her life as much, if not more than, it has for its readers. CAN'T HELP MYSELF is the extraordinary (and often hilarious) story of a single woman navigating her mercurial love life, and a moving and poignant portrait of an amazing community of big-

hearted, love-seeking allies.

In an age where whole relationships are carried out by IM, text and email, she remains a dreamer, a hopeless romantic, who wishes that her 'Memories throughout her time she wishes she could keep in jars' will inspire love, romance and happy memories in her readers as she seeks - and hopes that we all find - that which she calls 'Agapé love, ' the type of perfect love that transcends all

others. Her journey is the somewhat convoluted one which most of us take, ebbing and flowing through this stage and that, meeting the right one, the wrong one, the next one ... love and adoration, heartbreak and happiness, they all appear here, in thoughts and poems written from the ever-romantic heart.

### **The Big Book of Romantic Love Letters**

Gramercy Love letters during the Napoleonic wars were largely framed by concepts of love which were promoted through novels and philosophy. The standard texts, so to speak, which were written by major authors who inherited this Enlightenment bearing, responded to the emerging concepts

of love found in novels and philosophical essays. Love among this Napoleonic coterie is unique because it demonstrates the reciprocal relationship between the love letter and the romantic novel. Germaine de Staël, Juliette Récamier, Chateaubriand, Benjamin Constant, Lady Emma Hamilton, Napoleon Bonaparte and his brother, Lucien Bonaparte, were the authors and recipients of some of the most passionate love letters of this period. They were also avid readers of the newly emerging genre of the romantic novel, and many of them were also authors of such works where they projected their personal romances onto the characterization of their fictional heroes

and heroines. In addition, these authors had lived through the recent French Revolution and the Terror. Imprisoned during the Revolution, or branded as emigrés upon their return to Paris, their mature adult lives were spent in the shadows of the Napoleonic wars in which they shifted political loyalties as the specter of Napoleon's powers grew from First Consul to Emperor of Europe. The looming threat of war ignited the depths of their passions and inspired their intellectual analysis of love, happiness and suicide. Their evolving concept of love was a romantic, all-consuming passion which gripped the lovers in fatal embraces. This book's analysis of their love

letters and romantic novels reveals the emerging political landscape of the period through extended metaphors of love and patriotism.

These letters between the pioneering environmentalist and her beloved friend reveal “a vibrant, caring woman behind the scientist” (Los Angeles Times). “Rachel Carson, author of *The Silent Spring*, has been celebrated as the pioneer of the modern environmental movement. Although she wrote no autobiography, she did leave letters, and those she exchanged—sometimes daily—with Dorothy Freeman, some 750 of which are collected here, are perhaps more satisfying than an account of her own life. In 1953, Carson became Freeman's summer neighbor on

Southport Island, ME. The two discovered a shared love for the natural world—their descriptions of the arrival of spring or the song of a hermit thrush are lyrical—but their friendship quickly blossomed, as each realized she had found in the other a kindred spirit. To read this collection is like eavesdropping on an extended conversation that mixes the mundane events of the two women's family lives with details of Carson's research and writing and, later, her breast cancer. . . . Few who read these letters will forget these remarkable women and their even more remarkable bond.”  
—Publishers Weekly  
“Darting, fresh, sensuous, pleasingly elliptical at times,

these letters also serve to tether the increasingly deified Carson firmly to earth—just where she'd want to be.” —Kirkus Reviews (starred review) “It is not often that a collection of letters reveals character, emotional depth, personality, indeed intellect and talent, as well as a full biography might; these letters do all that.” —The New York Times Book Review “Provides insight into the creative process and a look into the daily lives

of two intelligent, perceptive women whose family responsibilities were, at times, almost crushing.” —Library Journal “Dotted with vivid observations of the natural world and perceptive commentary on friendship, family, fame, and life itself, Always, Rachel will appeal to readers interested in biography and women's studies as well as those drawn to nature writing and the history of the environmental movement.” —Booklist Online
