An exploration of one of the most universal human obsessions charts the rise of longevity science from its alchemical beginnings to modern-day genetic interventions and enters the world of those whose lives are shaped by a belief in immortality.

Theories of the Chakras Simon and Schuster

Three novellas set in Romania. In "The Cape," a saboteur prints phony copies of the Romanian party organ, Scinteia, antedating them by three years. The secret police, highly agitated, deduce that a worldwide peace organization is sending coded messages through the paper, derived from the beatitudes. In "Youth Without Youth," an old man is struck by a bolt of lightning and becomes young again. Now endowed with a fantastic memory and comprehension, he receives "thought" messages from the supernatural. "Nineteen Roses" concerns the secretary of a famous writer who finds himself reliving an experience that happened to his employer 30 years ago. The writer disappears and is presumed dead, but is he?

From a #1 New York Times–bestselling author: The story of Judas Iscariot—and the stunning betrayal that changed the course of history. One of the great dramas of the biblical era is brought to thrilling new life in this epic novel told from the unique perspective of Judas Iscariot himself. This is the story of Judas the myth, condemned by Dante to the most terrifying circle of Hell; Judas the man, the son of wealth and power who fought to suppress the lusts of the flesh and the sin of pride to become one of the twelve original disciples of Jesus Christ; and Judas the apostle, victim of a diabolical lie, history’s arch traitor, who sold his Lord for thirty pieces of silver, and sealed his fate with a kiss. From Judas’s years as the young rebel of an affluent family undone by his own idealism to his victimization by Pontius Pilate to the crucifixion and Christ’s resurrection, I, Judas “read[s] like a modern novel of intrigue and thrills” (Chattanooga Times). The final entry, following Dear and Glorious Physician and Great Lion of God, in a trilogy celebrating key historical figures of the Bible, it is one of the most powerful and revelatory works of religious fiction ever published.

A new edition of the landmark, worldwide bestseller on the life of the famed medical clairvoyant and founding father of the New Age: Edgar Cayce. Edgar Cayce (1877-1945) is known to millions today as the grandfather of the New Age. A medical clairvoyant, psychic, and Christian mystic, Cayce provided medical, psychological, and spiritual advice to thousands of people who swore by the effectiveness of his trance-based readings. But Cayce was not always a household name. When a young, skeptical journalist named Thomas Sugrue first met Cayce in 1927 the world had not yet heard of the "sleeping prophet." During years of unique access, Sugrue completed his landmark biography, which on its publication in 1942 brought national attention to Cayce and stands as the sole record written during the seer’s lifetime. This edition includes a new introduction by historian Mitch Horowitz that highlights the enduring significance of Cayce’s message and the role this book played in its dissemination.

Reincarnation and It's Link to the Akashic Records Hodder Faith

A young queen is torn between her heart’s desire and the fate of her kingdom in this “first-rate” fantasy from a New York Times–bestselling author (Library Journal). On his deathbed, the four-hundred-year-old emperor of Atlantis has reason to worry. Signar, the savage ruler of a powerful outlying state, is scheming to seize control of the empire, and not even its advanced technology can save it. But something else can . . . From the frozen north country of Althrustri, Signar will halt his invasion if he can take the emperor’s daughter, the beautiful Empress Salustra, as his bride. Such a marriage contradicts the deepest feelings of Salustra’s heart, the secret wisdom of her lineage, and her sacred trust as Atlantis’s queen. But the emperor has a plan: Salustra will seduce Signar and then sentence him to death. In spite of every effort to harden her heart, Salustra soon finds herself falling in love with the lustful barbarian. Her loyalties gravely divided, the empress must make a decision that will change the course of history. Written by author Taylor Caldwell when she was a young girl and revised and published decades later, *The Romance of Atlantis* transforms the legend of a lost kingdom into an “extraordinary” tale of passion and intrigue (TheColumbus Dispatch).

Breathe Ember

Rabindranath R Maharaj was descended from a long line of Brahmin priests and trained as a Yogi. He meditated for many hours each day, but gradually disillusionment set in. In *DEATH OF A GURU* he describes vividly and honestly Hindu life and customs, tracing his difficult search for meaning and his struggle to choose between Hinduism and Christ. At a time when Eastern mysticism and religion fascinate many in the West, Maharaj offers fresh and important insights from the perspective of his own experience. *DEATH OF A GURU* has long been an excellent seller on HCB’s evangelist. It is the best-known Hindu to Christianity conversion story and has been used widely for evangelistic purposes. This edition carries an exciting new cover.

Confirming Kershaw A.R.E. Press (Association of Research & Enlightenment)

Jeff Winston, forty-three, didn't know he was a replayer until he died and woke up twenty-five years younger in his college dorm room; he lived another life. And died again. And lived again and died again -- in a continuous twenty-five-year cycle -- each time starting from scratch at the age of eighteen to reclaim lost loves, remedy past mistakes, or make a fortune in the stock market. A novel of gripping adventure, romance, and fascinating speculation on the nature of time, *Replay* asks the question: "What if you could live your life over again?"

IS *DEATH THE FINAL CHAPTER?* In *The Big Book of Reincarnation*, Roy Stemman attempts to answer one of the big questions of existence: Is death the end? Or, is it merely the end of a

chapter in the book of existence? A self-described "skeptical believer," Stemman uses his skills as a professional journalist to perform an in-depth exploration of reincarnation. Using case studies, anecdotes, and physical evidence from the best-documented cases from around the world, Stemman shines a bright light on this subject, inviting readers to decide for themselves on the basis of facts, rather than on the basis of hearsay, speculation, and superstition. Stemman finds fascinating examples of evidence of reincarnation in the nightmares of a Louisiana bayou boy, the past-life recall of a renowned neurosurgeon, the research of a highly respected university professor, and the unique system of governance in the mountains of Tibet, to name just a few. He examines the lives of those affected by reincarnation, such as children who can actually remember their previous lives. Instead of shying away from the skeptics, Stemman evaluates their leading theories and compares them to the findings that he has accumulated throughout his global research. The Big Book of Reincarnation is thorough, well researched, engaging, and the most comprehensive book ever published on this fascinating subject.

Yoga, Youth, and Reincarnation HarperCollins

A history of yoga's transformation from sacred discipline to exercise program to embodied spiritual practice • Identifies the origin of exercise yoga as India's response to the mania for exercise sweeping the West in the early 20th century • Examines yoga's transformations through the lives and accomplishments of 11 key figures, including Sri Yogendra, K. V. Iyer, Louise Morgan, Krishnamacharya, Swami Sivananda, Indra Devi, and B. K. S. Iyengar • Draws on more than 10 years of research from rare primary sources and includes 99 illustrations In The Path of Modern

Yoga, Elliott Goldberg shows how yoga was transformed from a sacred practice into a health and fitness regime for middle-class Indians in the early 20th century and then gradually transformed over the course of the 20th century into an embodied spiritual practice--a yoga for our times. Drawing on more than 10 years of research from rare primary sources as well as recent scholarship, Goldberg tells the sweeping story of modern yoga through the remarkable lives and accomplishments of 11 key figures: six Indian yogis (Sri Yogendra, Swami Kuvalayananda, S. Sundaram, T. Krishnamacharya, Swami Sivananda, and B. K. S. Iyengar), an Indian bodybuilder (K. V. Iyer), a rajah (Bhavanarao Pant Pratinidhi), an American-born journalist (Louise Morgan), an Indian diplomat (Apa Pant), and a Russian-born yogi trained in India (Indra Devi). The author places their achievements within the context of such Western trends as the physical culture movement, the commodification of exercise, militant nationalism, jazz age popular entertainment, the quest for youth and beauty, and 19th-century New Age religion. In chronicling how the transformation of yoga from sacred discipline to exercise program allowed for the creation of an embodied spiritual practice, Goldberg presents an original, authoritative, provocative, and illuminating interpretation of the history of modern yoga.

The Physician Within You Penguin Books India

Now you can share in the drama and ecstasy of fulfilling your deepest and most powerful yearnings and desires. You too can find your own true soulmate.

[Reincarnation in America](#) National Geographic Books

It is an outstanding book from both the scientific and spiritual points of view. It is the unique record of the pioneering experiments which presents clear, electrophysiological evidence of the existence of the network of chakras and nadis which form the infrastructure of the subtle energies existing in the pranic and psychic dimensions, which underlie and activate the physical, material body of man. The experiments in the book successfully integrate the subjective and objective dimensions of knowledge and will serve as guideposts and blueprints for experiments in the years ahead. The chakras and other components of the human energy field were largely brought to the attention of the Western world by clairvoyant Charles W. Leadbeater. His pioneering work is discussed in detail in this fascinating exploration of the subtle body, along with that of other respected seers and yogis. "This book represents a monumental effort to review and correlate much of the accumulated knowledge of the subtle energy systems...Such a book could only be written by a person who has had the life-long personal experiences which Dr Motoyama so generously shares with the reader. These experiences provide a step-by-step illustration of unfolding and expanding consciousness. The book is necessary reading for all serious students of the subject of consciousness." - George W. Meek
