has contributed to cycles of destruction, as the 2008 financial crisis has made all too clear. In *The Reckoning*, award-winning historian Jacob Soll shows how the use and misuse of financial bookkeeping has determined the fate of entire societies. From the Medici bankers to the director of finances under Louis XVI, from the Industrial Revolution to the Stock Market Crash of 1929 and the Great Recession, *The Reckoning* demonstrates that civilizations

are only as strong as their bookkeepers. **Elements of Accounting** MacMillan Publishing Company INTERMEDIATE ACCOUNTING, 11e, International Edition provides the perfect combination of professional language and vibrant pedagogy to facilitate the transition from financial principles to the larger environment of financial reporting.
