This book features a collection of articles on comparative literature from a translational perspective, with a special reference to translation of contemporary Chinese literature. Issues of translation, dissemination, and reception of translated literature in the context of world literature are the foci of the book. Given its scope, the book appeals particularly to teachers and students of Chinese literature, translation, and Sinology.

Libro di letteratura italiana per le scuole normali maschili e femminili: Prima classe

normale Taylor & Francis Focusing on transculturality, this edited volume explores how the role of translation and the idea of (un)translatability in the transformative complementation of different civilizations facilitates the transcultural connection between Chinese and other cultures in the modern era. Bringing together established international scholars and emerging new voices, this collection explores the linguistic, social, and cultural implications of translation and transculturality. The 13 chapters not only discuss the translation of literature, but also break new ground by addressing the translation of cinema, performance, and the visual arts, which are

active bearers of modern and contemporary culture that are often neglected by academics. Through an engagement with these diverse fields, the title aims not only to reflect on how translation has reproduced values, concepts, and cultural forms, but also to stimulate the emergence of new possibilities in the dynamic transcultural interplay between China and the diverse national, cultural-linguistic, and contexts of Europe, the Americas, and Asia. It shows how cultures have been appropriated, misunderstood, transformed, and reconstructed through processes of linguistic mediation, as well as how knowledge, understanding, and connections have been generated through

transculturality. The book will be a must read for scholars and students of translation studies, transcultural studies, and Chinese studies.

Storie pistoresi, MCCC-MCCCXLVIII Routledge Yan Lianke is one of the most important, prolific, and controversial writers in contemporary China. At the forefront of the "mythorealist" Chinese avant-garde and using absurdist humor and grotesque satire, Yan's works have caught much critical attention not only in the Chinese mainland, Hong Kong, and Taiwan but also around the world. His critiques of modern China under both Mao-era socialism and contemporary capitalism draw on a deep knowledge of history, folklore, and spirituality. This companion presents a collection of critical essays by leading scholars of Yan Lianke from around the world, organized into some of the key themes of his work: Mythorealism; Absurdity and Spirituality; and History and Gender, as well as the challenges of translating his work into English and other languages. With an essay written by Yan Lianke himself, this is a vital and authoritative resource for

students and scholars looking to understand Yan's works from both his own perspective and those of leading critics. *Chinese Literature in the World* Springer Nature These volumes of the *Documentary History of the Jews in Italy*", illustrate the history of the Jews in Genoa and surroundings from Antiquity to the French Revolution. The earliest documentary evidence takes the form of letters from King Theodoric. For the Middle Ages the documentation is relatively fragmentary and sporadic. Later there is greater abundance of historical evidence, which portrays chiefly the destinies of the Jews in the Republic from the sixteenth century on, when the presence of the Jews became permanent and a regular community was established also in the capital. The historical records presented illustrate mainly the relationship between the government of the Genoese Republic and the Jews, the latter's economic activities and their communal and social life. Some of the detailed descriptions of the Jewish population in Genoa, their living conditions and occupations, allow for a

close examination of the social conditions of this Northern Italian community. For a while Genoa became a haven of refuge for some of the exiles from Spain, including the historian Joseph Hacothen and members of the Abarbanel family. The volumes are provided with an extensive introduction, bibliography, glossary and indexes."
