Where Peacocks Scream is told by twelve-year-old Daniel Williams who lives in The Riverside, a pub by the river in Wolvercote, North Oxford. The pub's gardens include a bridge that leads to a wild patch called The Island, which Daniel considers to be his private territory and one of his passions. His others are for the peacocks that live in the grounds and his friend Josh, and Chloe, the Boatman's daughter. The story opens with the death of Cora, Daniel's special peahen, whom he buries secretly on The Island. That summer, while he is fishing, he notices that he is being watched

and photographed by a man in a white cap. The man turns out to be Frank Jasper who arrives to stay at The Riverside and begins to make Daniel's life a misery. What is Frank Jasper plotting? Why did he bring those peacock feathers into the pub? Can Daniel save The Riverside from Frank Jasper's evil plans? Author Valerie Mendes started writing when she was six years old and continued to write poetry and stories at school and was awarded a State Scholarship in English and History. After studying for a degree in English and Philosophy at the University of Reading, Valerie started to work for the BBC in Manchester. Valerie's successful career spanned across

journalism and publishing and after many years in publishing, Valerie started to write full time and has published two picture books; four teenage novels and two historical adult novels. Valerie now lives in Oxford and is working on her next adult novel.

The Little Book of Kindness will teach you how to be kind to yourself, to strangers, to those you love, to the world - every day, at every opportunity. Prompted by the seeming hopelessness of the world around her, Bernadette Russell undertook a pledge to be kind to a stranger every day for a year. The experience left her wanting to inspire others. The Little Book

of Kindness is packed with fun ideas, practical tips and interactive exercises that encourage you to 'be kind' in every area of life - online, to strangers, to the environment, in your community, to yourself - and change the world, one act of kindness at a time.

An Introduction to Old Norse Grand Central Publishing
The Old Icelandic text The Saga of þórður kakali survives today as part of the fourteenth-century compilation The Saga of the Sturlungar. In extant form, The Saga of þórður kakali is a biography of þórður kakali Sighvatsson (c.1210-56) - chieftain, royal retainer, and sheriff - and covers the periods 1242-50 and 1254-56, providing an

interesting view of power politics and political culture from the periphery of medieval Europe, challenging dominant historiographical narratives derived from the sources produced at the center. Hitherto, only one English translation of *The Saga of the Sturlungar* (and thus *The Saga of Þórður kakali*) has ever been produced. This translation was carried out by Julia McGrew and R. George Thomas (published in two volumes, 1970-74). Nevertheless, even with the invaluable assistance of the eminent Icelandic scholar Sigurður Nordal - who provided English translations of the trickier passages of text - McGrew and Thomas's translation turned out to be

"defective and unreliable" (in the words of Oren Falk). Published translations are cultural levelers insofar as they open up texts to broader audiences - members of the interested wider public - who may not have the means or time to learn the original language merely to study a single primary source or read a lone literary classic. While McGrew and Thomas's translation of *The Saga of Þórður kakali* is more or less serviceable if used with extreme caution (i.e., by native English speakers with fluency in Icelandic), the importance of competent translations should not be forgotten, especially for the reader without Icelandic language

skills: poor translations can offend, confuse, and mislead users of the target language. The present edition of *The Saga of Þórður kakali* offers a new and accessible translation of the text by D.M. White, produced directly from the Icelandic with which it is printed side by side. D.M. White (b. 1994) received his BA and MA from the University of Birmingham before starting his PhD in the Department of Scandinavian Studies at University College London in 2017. His PhD thesis is on the origins of *The Saga of Þórður kakali*, and is the first attempt to provide a comprehensive picture of this thirteenth-century Icelandic saga's beginnings. He

has previously published an English translation of *The Tale of Geirmundur heljarskinn*, another text - like *The Saga of Þórður kakali* - from the fourteenth-century compilation *The Saga of the Sturlungar*. *Japanese Conversation-grammar* Penguin Unconventional, rule-breaking socks are part and parcel in this unique guide to sock knitting that includes 15 new sock patterns. The skills of the average sock knitter are increased through design exploration and advanced stitch manipulation, treating the sock as a knitted canvas where elements are strategically and intentionally placed. New designs of floral lace patterns, angular geometric shapes, and

unusual cables are presented along with detailed instructions on modifications to suit needs and aesthetics. The incredible range of style and complexity in this guide runs from sweet and simple to delightfully imaginative.

This middle-grade biography explores the life and works of Madeleine L'Engle—written by her granddaughters. This elegant and insightful biography of Madeleine L'Engle (1918–2007) was written by her granddaughters, Charlotte Jones Voiklis and Léna Roy. Using never-before-seen archival materials that include photographs, poems, letters, and

journal entries from when Madeleine was a child until just after the publication of her classic, *A Wrinkle in Time*, her granddaughters weave together an in-depth and unique view of the famous writer. It is a story of overcoming obstacles—a lonely childhood, financial insecurity, and countless rejections of her writing—and eventual triumph. *Becoming Madeleine* will speak not only to fans of the icon's work, but also to anyone interested in writing.

Scholastic Inc.
Njáls saga is the best known and most highly regarded of all medieval Icelandic sagas and it occupies a special place in

Icelandic cultural history. The manuscript tradition is exceptionally rich and extensive. The oldest extant manuscripts date to only a couple of decades after the saga's composition in the late 13th century and the saga was subsequently copied by hand continuously up until the 20th century, even alongside the circulation of printed text editions in latter centuries. The manuscript corpus as a whole has great socio-historical value, showcasing the myriad ways in which generations of Icelanders interpreted the saga and took an active part in its transmission; the manuscripts are also valuable sources for evidence of linguistic

change and other phenomena. The essays in this volume present new research and a range of interdisciplinary perspectives on the Njáls saga manuscripts. Many of the authors took part in the international research project "The Variance of Njáls saga" which was funded by the Icelandic Research Council from 2011-2013.

As heard by kids everywhere on the Echo Dot Kids Edition, the Classroom 13 books are a hilarious new chapter book series-perfect for reluctant readers and fans of Roald Dahl, Captain Underpants, and Sideways Stories from Wayside School. The Unlucky Lottery Winners of Classroom 13 is the first title in a series about the students of a very unlucky classroom. The

easy-to-read chapters are full of humor, action, secret codes, and fun-and will prompt hours of conversation among friends, families, and classmates. The final chapter encourages young readers to write their own chapter and send it in to the author, Honest Lee. When unlucky teacher Ms. Linda LaCrosse wins the lottery, she shares her winnings with her class-giving each student over a BILLION DOLLARS! You might think this was nice, but it was not. It was a nasty idea. With great money comes awful allergies, terrible taxes, violent volcanoes, and other pesky problems. As the students of Classroom 13 are about to learn, winning the lottery is not always lucky.

As China moves from a society controlling all aspects of life, including population movement, to something nearer a market economy, migration has become

a live issue. Tens of millions of rural migrants have entered China's cities, meeting discrimination similar to that experienced by economic migrants in the West. This book looks to the reasons why people leave certain areas, the lives of migrants and government policy towards them. It distinguishes different types of migration and looks particularly at marriage migration and the effects of migration on the lives of women.
