 Since 1980,

prisons has  
 increased  
 more than  
 450%. Despite  
 a crime rate  
 that has been  
 falling steadily  
 for decades,  
 California has  
 led the way in  
 this explosion,  
 with what a  
 state analyst  
 called "the  
 biggest prison  
 building  
 project in the  
 history of the

 political and

 Detailing  
 crises that hit  
 California's  
 economy with

 ferocity, she  
 argues that  
 defeats of  
 radical  
 struggles,

weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. Golden Gulag

provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion. Inspector Wexford - A New Lease on Death The Best Man to Die Wolf to the Slaughter Put on by Cunning Random House  
A young girl is murdered in a cemetery. And

Wexford's doctor has prescribed no alcohol, no rich food and, above all, no police work. When a young girl's body is found in a London cemetery and the local police, under the command of Wexford's nephew, are baffled, Wexford decides to brave his doctor's wrath and the condescension of the London police by doing a little investigating of his own. A compelling story of mysterious

identity and untimely death, Murder Being Once Done is Rendell at her most sublime. With her Inspector Wexford novels, Ruth Rendell, winner of the Mystery Writers of America Grand Master Award, has added layers of depth, realism and unease to the classic English mystery. For the canny, tireless, and unflappable policeman is an unblinking observer of human nature, whose study has taught him that under certain circumstances the most unlikely people are capable of the most appalling crimes. She willfully sets out to become a mother who is nothing if not passionate"--

Jacket. Golden Gulag Vintage Crime/Black Lizard The most famous baseball player in history, and the most enduring legend, Babe Ruth is remembered for his dramatic heroism not only on the baseball diamond but also in his life. Kal Wagenheim illustrates this larger than life athlete in his book Babe Ruth: His Life and Legends, and describes him as both a

product of his childhood in Baltimore and of his formative years as a New York Yankee. Ruth struggled desperately with the dramatic contrast between the poverty of his youth and the glamour and stardom that his famed career brought him, and although his name became synonymous with wooing women and abusing alcohol, nothing could prevent him from

becoming one of history's greatest athletes. *Wolf to the Slaughter* Univ of California Press Winner of multiple Edgar and Gold Dagger awards including the most prestigious Edgar of them all, the Grand Master, Ruth Rendell returns with a novel that pits Chief Inspector Wexford against a quite personal foe: the environmental terrorists who kidnap and threaten the

lives of five hostages-- including Wexford's own wife. As Road Rage begins, Chief Inspector Wexford is walking through Framhurst Great Wood, just outside his beloved town of Kingsmarkham, for what he tells himself will be the last time. He can no longer bear to look at the natural beauty that will soon be despoiled by the construction of a new highway. Wexford rather

despairs of the project; his more sanguine wife, Dora, is active on a committee to save the threatened land. Others are more desperate to achieve their end, and their means include the taking of hostages, including Dora, and the threat to begin murdering them. How Wexford and his dedicated team of police officers race against time to learn the identity of the kidnappers and discover

the whereabouts of the hostages will rivet readers who delight in following the intricate details of an intensive police investigation. But, as in every Ruth Rendell novel, the mortal drama raises political and moral questions that are not resolved with the closing of the case, and that apply far beyond the limits of Kingsmarkham. *Simisola St. Martin's* Paperbacks

A new Chief Inspector Wexford mystery from the author who Time magazine has called "the best mystery writer in the English-speaking world." When the truffle-hunting dog starts to dig furiously, his master's first reaction is delight at the size of the clump the dog has unearthed: at the going rate, this one truffle might be worth several hundred pounds. Then the dirt falls away to reveal

not a precious mushroom but the bones and tendons of what is clearly a human hand. In *Not in the Flesh*, Chief Inspector Wexford tries to piece together events that took place eleven years earlier, a time when someone was secretly interred in a secluded patch of English countryside. Now Wexford and his team will need to interrogate everyone who lives nearby to see if they can

turn up a match for the dead man among the eighty-five people in this part of England who have disappeared over the past decade. Then, when a second body is discovered nearby, Wexford experiences a feeling that's become a rarity for the veteran policeman: surprise. As Wexford painstakingly moves to resolve these multiple mysteries, long-buried secrets are

brought to daylight, and Ruth Rendell once again proves why she has been hailed as our greatest living mystery writer.

**The Best Man to Die**

Random House  
From the New York Times bestselling author of *Deacon King Kong* and *The*

*Good Lord Bird*, winner of the National Book Award for Fiction: The modern classic that Oprah.com calls one of the best memoirs of a generation and that launched James McBride's literary career. More than two years on *The New York Times* bestseller list. As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked her

about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being! Educate yourself or you'll be a nobody!' she snapped back. And when James asked about God, she told him 'God is the color of water.' This is the remarkable story of an eccentric and determined woman: a rabbi's

daughter, born in Poland and raised in the Deep South who fled to Harlem, married a black preacher, founded a Baptist church and put twelve children through college. A celebration of resilience, faith and forgiveness, *The Color of Water* is an eloquent exploration of what family really means. Live Flesh A&C Black From a New York Times–bestsell

ing author: A terrifying psychological thriller that dives deep into the mind of a sexual predator. In a remote corner of London, a woman is walking her dog when a man grabs her from behind. She screams, and her attacker flees, escaping into a nearby house, where he finds another victim. Victor Jenner has a compulsion he does not understand—to grab women, to hurt them—and he

also has a gun. When it goes off, grievously wounding a police officer, it marks the beginning of a long stretch in jail for Victor. Released ten years later, Victor meets the young policeman he shot—and falls head over heels for the officer’s girlfriend. Back on the street, Victor is torn between the desire to live a better life and the knowledge that he will soon give in to his most evil yearnings. The winner of

three Edgar Awards, Ruth Rendell was one of the most celebrated thriller authors of the twentieth century. Live Flesh is “a superb work [and] a compelling psychological portrait” of a dark mind (Philadelphia Daily News). *A New Lease of Death* Random House The bed was neatly made, and the woman on top neatly strangled. According to all accounts, Angela Hathall

was deeply in love with her husband and far too paranoid to invite an unknown person into their home. So who managed to gain entry and strangle her without a struggle? That is the problem facing Inspector Wexford in *Shake Hands Forever*. Perhaps it was the mystery woman who left her fingerprints on the Hathall's bathtub? Perhaps it was Angela's husband who lied about a stolen library

book? And why was the Hathall home, usually so unkempt, exquisitely clean the day of Angela's death? Then a neighbor--friendly, knowing, disarmingly beautiful--offers Wexford her assistance. And what begins as a rather tricky case turns into an obsession that threatens to destroy the Inspector's career--as well as his marriage. Maddeningly addictive, smart and surprising,

into something very real—and very deadly. “Rendell has brilliantly interwoven these compelling strands into one masterful tale of suspense,” writes Library Journal. Three-time Edgar Award winner Ruth Rendell was a master of psychological suspense, and *Talking to Strange Men* is one of the most unusual espionage stories in the history of the Cold War. Inspector Wexford

Wexford The sixteenth book to feature the classic crime-solving detective, Chief Inspector Wexford. When a young, black woman goes missing in Kingsmarkham, Wexford must respond to a test not only of his powers of deduction, but of his basic beliefs and prejudices. Only eighteen black people live in Kingsmarkham. One of them is Wexford's new doctor,

Raymond Akande. When the doctor's daughter, Melanie, goes missing, the Chief Inspector takes more than just a professional interest in the case. Melanie, just down from university but unable to find a job, disappeared somewhere between the Benefit Office and the bus stop. Or at least no one saw her get on the bus when it came... When the body of a young black woman is

discovered, Wexford must overcome his underlying prejudices to allow his investigative skills to succeed. *Sins of the Fathers* Open Road Media “An ode to Chicago, Kenya, and soul music as humanity’s worldwide hum . . . [a] remarkable and groundbreaking novel.” —Colorado Review Ndiya Grayson returns to her hometown of Chicago as a young professional, but even her

high-end job in a law office can’t protect her from half-repressed memories of childhood trauma. One evening, vulnerable and emotionally disarrayed, she goes out and meets Shame Luther. Luther is a no-nonsense construction worker by day and a self-taught piano player by night. The love story that ensues propels them on an unforgettable journey from Chicago’s South Side to

the coast of Kenya as they navigate the turbulence of long-buried pasts and an uncertain future. A stirring novel tuned to the clash between soul music’s vision of our essential responsibility to each other and a world that breaks us down and tears us apart, *Another Kind of Madness* is an indelible tale of human connection. “In prose by turns lyrical and mesmerizing, Pavlic taps deeply into what it means

to be Black in America, tossing in some surprising narrative tricks along the way.”

 Crime/Black Lizard  
 The twelfth book to feature the classic crime-solving detective, Chief Inspector Wexford. Wherever Reggie Wexford goes, death and intrigue are close on his heels. Having just returned from a once-

in-a-lifetime holiday in China, Wexford finds himself haunted by memories of the old woman with bound feet who mysteriously followed him from one city to the next and the man who tragically drowned. Now, back in England, he finds himself investigating the murder of a fellow tourist. Knowing that the clue to these three mysteries lies in the East, Wexford turns his

investigative skills to that place of unfathomable and sinister depths...

Vintage  
 Crime/Black Lizard  
 Inspector Wexford searches for answers after an elderly woman is murdered in this “spellbinder” from a New York Times-bestselling author (Publishers Weekly). When Chief Inspector Wexford enters the parking garage, the woman is

already dead, slumped between two cars, concealed under a velvet shroud. The inspector doesn't even notice her as he drives away. Only later, when he sees on the news that an old woman was garroted in the shopping mall garage, does he realize how close he was to discovering the body. In a case that starts with a hidden corpse, the truth will be dangerously elusive. Before

Wexford can sink his teeth into the elderly woman's murder, he is nearly killed himself—by a politically motivated car bombing targeting his daughter. With the inspector in the hospital, the case falls to his partner, the intrepid Mike Burden, who must solve both mysteries before the shopping mall killer strikes again. The winner of three Edgar Awards, Ruth Rendell was one of the

finest mystery authors of the twentieth century. Inspector Wexford was one of her most beloved creations, and *The Veiled One* is another “stunning” entry in the series (Publishers Weekly). Shake Hands Forever Open Road Media “Exquisitely imagined, deeply researched . . . brings to the foreground the most enigmatic and fascinating figure in *Gone with the Wind*. This is a brave work of

literary empathy by a writer at the height of his powers, who demonstrates a magisterial understanding of the period, its clashing cultures, and its heartbreaking crises. ”

—Geraldine Brooks, author of *March* The only authorized prequel to Margaret Mitchell’s *Gone with the Wind*—the unforgettable story of Mammy. On a Caribbean island consumed by the flames of revolution, an

infant girl falls under the care of two French émigrés, Henri and Solange Fournier, who take the beautiful child they call Ruth to the bustling American city of Savannah. What follows is the sweeping tale of Ruth’s life as shaped first by her strong-willed mistress, and then by Solange’s daughter Ellen and Gerald O’Hara, the rough Irishman Ellen chooses to marry; the Butler family of Charleston and their

unexpected connection to Mammy Ruth; and finally Scarlett O’Hara—the irrepressible Southern belle Mammy raises from birth. As we witness the lives of three generations of women, gifted storyteller Donald McCaig reveals a nuanced portrait of Mammy, at once a proud woman and a captive, a strict disciplinarian who has never experienced freedom herself. Through it all,

Mammy endures, a rock in the river of time. Set against the backdrop of the South from the 1820s until the dawn of the Civil War, here is a remarkable story of fortitude, heartbreak, and indomitable will—and a tale that will forever illuminate your reading of Margaret Mitchell's *Gone with the Wind*.
