Sandy beaches, juicy watermelons, and porch swings are just a few of the warm-weather delights featured in this inventive alphabet of acrostic poems about summer. Like the previous seasonal collaborations from Steven Schnur and Leslie Evans, Autumn and Spring, this book contains twenty-six poems, alphabetically arranged. Each reveals a playful acrostic when read vertically, and each is accompanied by a glowing woodcut illustration. Armed with jokes, puns, and cartoons, Norwegians tried to keep their spirits high and foster the Resistance by poking fun at the occupying Germans during World War II. Despite a 1942 ordinance mandating death for the ridicule of Nazi soldiers, Norwegians attacked the occupying Nazis and their Norwegian collaborators by means of anecdotes, quips, insinuating personal ads, children’s stories, Christmas cards, mock postage stamps, and symbolic clothing. In relating this dramatic story, Kathleen Stokker draws upon her many interviews with survivors of the Occupation and upon the archives of the Norwegian Resistance Museum and the University of Oslo. Central to the book are four “joke notebooks” kept by women ranging in age from eleven to thirty, who found sufficient meaning in this humor to risk recording and preserving it. Stokker also cites details from wartime diaries of three other women from East, West, and North Norway. Placing the joking in historical, cultural, and psychological context, Stokker demonstrates how this seemingly frivolous humor in fact contributed to the development of a resistance mentality among an initially confused, paralyzed, and dispirited population, stunned by the German invasion of their neutral country. For this paperback edition, Stokker has added a new preface offering a comparative view of resistance through humor in neighboring Denmark.

Navigating CHamoru Poetry focuses on Indigenous CHamoru (Chamorro) poetry from the Pacific Island of Guåhan (Guam). Poet and scholar Craig Santos Perez brings critical attention to a diverse and intergenerational collection of CHamoru poetry and scholarship. Throughout this book, Perez develops an Indigenous literary methodology called “wayreading” to navigate the complex relationship between CHamoru poetry, cultural identity, decolonial politics, diasporic migrations, and Native aesthetics. Perez argues that contemporary CHamoru poetry articulates new and innovative forms of indigeneity rooted in CHamoru customary arts and values, while also routed through the profound and traumatic histories of missionization, colonialism, militarism, and ecological imperialism. This book shows that CHamoru poetry has been an inspiring and empowering act of protest, resistance, and testimony in the decolonization, demilitarization, and environmental justice movements of Guåhan. Perez roots his intersectional cultural and literary analyses within the fields of CHamoru studies, Pacific Islands studies, Native American studies, and decolonial studies, using his research to assert that new CHamoru literature has been—and continues to be—a crucial vessel for expressing the continuities and resilience of CHamoru identities. This book is a vital contribution that introduces local, national, and international readers and scholars to contemporary CHamoru poetry and poetics.

This book is a study of the evolving relationships between literature, cyberspace, and young adults in the twenty-first century. Megan L. Musgrave explores the ways that young adult fiction is becoming a platform for a public conversation about the great benefits and terrible risks of our increasing dependence upon technology in public and private life. Drawing from theories of digital citizenship and posthuman theory, [Digital Citizenship in Twenty-First Century Young Adult Literature](#) considers how the imaginary forms of activism depicted in literature can prompt young people to shape their identities and choices as citizens in a digital culture

"What Waley did create is literary art of extraordinary beauty that brings to life in English the world Murasaki Shikibu imagined. The beauty of his art has not dimmed, but like the original text itself retains the power to move and enlighten."--Dennis Washburn, from his foreword Centuries before Shakespeare, Murasaki Shikibu's *The Tale of Genji* was already acknowledged as a classic of Japanese literature. Over the past century, this book has gained worldwide acceptance as not only the world's first novel but as one of the greatest works of literature of all time. The hero of the tale, Prince

Genji, is a shining example of the Heian-era ideal man--accomplished in poetry, dance, music, painting, and, not least of all to the novel's many plots, romance. *The Tale of Genji* and the characters and world it depicts have influenced Japanese culture to its very core. This celebrated translation by Arthur Waley gives Western readers a very genuine feel for the tone of this beloved classic. This edition contains the complete Waley translation of all six books of *The Tale of Genji* and also contains a new foreword by Dennis Washburn with key insights into both the book and the importance of this translation for modern readers.

Building on the success of *Mentor Texts* and *Nonfiction Mentor Texts*, authors Lynne R. Dorfman and Rose Cappelli now turn their attention to poetry. In *Poetry Mentor Texts*, Lynne and Rose show teachers how to use poems in both reading and writing workshops and across content areas. Written in a friendly, conversational tone, this practical book explores a variety of poetic forms, including poems that inspire response, list poems, acrostic poems, persona poems, and poems for two voices--versatile forms of poetry that can be used in every grade. Each of these poetic forms has its own chapter featuring five poems with applications for both reading and writing classrooms. Reading connections present skills and strategies to move students forward as readers, helping them to build fluency, vocabulary, comprehension, phonemic awareness, and phonics. Writing connections help students and teachers discover their own voices and grow as poets and wordsmiths as they try out many poetic forms. Poems help students at all grade levels learn to better address complex reading texts, offering them a chance to dig deeper and use higher-order thinking skills. Additionally, *Your Turn* writing lessons provide a scaffold for seamlessly moving from modeling to the shared or guided experience and the transfer to independent work. The *Treasure Chest* offers a brief annotation of the poems discussed in each chapter as well as companion pieces that extend and enhance the work of the reading and writing classroom. *Poetry Mentor Texts* helps teachers across the curriculum guide their students to become not only skilled readers and writers but also more empathetic human beings.

A certainty trap has sprung up within both Islam and Christianity, resulting in a world struggling with the fallout from extremist and violent interpretations of what the word of God might mean. In *The Certainty Trap*, Musk looks at the phenomenon of fundamentalism in Christianity and its contributions toward the messy state of international affairs in which many—especially Muslims—find themselves today. By scrutinizing sacred book interpretation in both the Islamic and Christian heritages, *The Certainty Trap* challenges contemporary religious fundamentalism and is a timely contribution to Muslim-Christian relations.

No American author of the early 19th century enjoys a larger international audience than Edgar Allan Poe. Widely translated, read, and studied, he occupies an iconic place in global culture. Such acclaim would have gratified Poe, who deliberately wrote for "the world at large" and mocked the provincialism of strictly nationalistic themes. Partly for this reason, early literary historians cast Poe as an outsider, regarding his dark fantasies as extraneous to American life and experience. Only in the 20th century did Poe finally gain a prominent place in the national canon. Changing critical approaches have deepened our understanding of Poe's complexity and revealed an author who defies easy classification. New models of interpretation have excited fresh debates about his essential genius, his subversive imagination, his cultural insight, and his ultimate impact, urging an expansive reconsideration of his literary achievement. Edited by leading experts J. Gerald Kennedy and Scott Peeples, this volume presents a sweeping reexamination of Poe's work. Forty-five distinguished scholars address Poe's troubled life and checkered career as a "magazinish," his poetry and prose, and his reviews, essays, opinions, and marginalia. The chapters provide fresh insights into Poe's lasting impact on subsequent literature,

music, art, comics, and film and illuminate his radical conception of the universe, science, and the human mind. Wide-ranging and thought-provoking, this Handbook reveals a thoroughly modern Poe, whose timeless fables of peril and loss will continue to attract new generations of readers and scholars.

In *Digital Poetics*, Loss Glazier argues that the increase in computer technology and accessibility, specifically the World Wide Web, has created a new and viable place for the writing and dissemination of poetry. Glazier's work not only introduces the reader to the current state of electronic writing but also outlines the historical and technical contexts out of which electronic poetry has emerged and demonstrates some of the possibilities of the new medium. Glazier examines three principal forms of electronic textuality: hypertext, visual/kinetic text, and works in programmable media. He considers avantgarde poetics and its relationship to the on-line age, the relationship between web pages and book technology, and the way in which certain kinds of web constructions are in and of themselves a type of writing. With convincing alacrity, Glazier argues that the materiality of electronic writing has changed the idea of writing itself. He concludes that electronic space is the true home of poetry and, in the 20th century, has become the ultimate space of poesis. *Digital Poetics* will attract a readership of scholars and students interested in contemporary creative writing and the po
