This is an ethnographic

study of Ethiopian Jews, or Beta Israel, a few years after their migration from rural Ethiopia to urban Israel. For the Beta Israel, the most significant issue is not, as is commonly assumed, adaptation to

modern society, but rather 'belonging' in their new homeland, and the loss of control they are experiencing over their lives and those of their children. Ethiopian Jewish immigrants resist those

aspects of the dominant society which they dislike: they reject normative Jewish practices and uphold Beta Israel religious and cultural ones, ideologically counteract disparaging Israeli attitudes, develop strong ethnic bonds and engage in overt forms of resistance. The difficulties of the present are also overcome by creating a perfect past and an ideal future: in what the author calls 'the homeland postponed', all Jews will be united in a colour-blind world of material plenty

and purity.

This book shines much-needed light on the history, structures and films of the Amharic film industry in Ethiopia. Focusing on the rise of the industry from 2002, until today, and embedded in archival, ethnographic and textual research methods, this book offers a sustained and detailed appreciation of Amharic-language cinema. Michael Thomas considers

'fiker'/love as an organising principle in national Ethiopian culture and, by extension, Amharic cinema. Placing 'fiker' as central to understanding Amharic film genres also illuminates the continuous negotiations at play between romantic, familial, patriotic and spiritual notions of love in these films. Thomas considers the production and exhibition of films in Ethiopia, charting fluctuations and continuities between the past and the present.

Having done so, he offers detailed textual readings of films, identifying important junctures in the industry's development and the emergence of new genres. The findings of the book detail the affective characteristics that delineate most Amharic genres and the role culturally specific concepts, such as fiker, play in maintaining the relevance of commercial cinemas reliant on domestic audiences. Adharanand Finn, author of Running with the Kenyans 'Ethiopia is a place where I have been told that energy is controlled by angels and demons and where witchdoctors can help you to acquire another runner's power. It is a

place where an anonymous runner in the forest told me, miming an imaginary scoreboard and with a completely straight face, that he had dreamt that he would run 10km in 25 minutes. It is a place where they tell me that the air at Mount Entoto will transform me into a 2.08 marathon runner. It is a place, in short, of wisdom and magic, where dreaming is still very much alive.' Why does it make sense to Ethiopian runners to get up at 3am to run up and down a hill? Who would choose to train

on almost impossibly steep and rocky terrain, in hyena territory? And how come Ethiopian men hold six of the top ten fastest marathon times ever? Michael Crawley spent fifteen months in Ethiopia training alongside (and sometimes a fair way behind) runners at all levels of the sport, from night watchmen hoping to change their lives to world class marathon runners, in order to answer these questions. Follow him into the forest as he attempts to keep up and get to the heart of their success.

From Kwame Mbalia and Prince Joel David Makonnen comes an Afrofuturist adventure about a mythical Ethiopian empire. Sci-fi and fantasy combine in this epic journey to the stars. Yared Heywat lives an isolated life in Addis Prime -- a hardscrabble city with rundown tech, lots of rules, and not much to do. His worrywart Uncle Moti and bionic lioness Besa are his only family... and his only friends. Often in trouble

for his thrill-seeking antics and wisecracking sense of humor, those same qualities make Yared a star player of the underground augmented reality game, The Hunt for Kaleb's Obelisk. But when a change in the game rules prompts Yared to log in with his real name, it triggers an attack that rocks the city. In the chaos, Uncle Moti disappears. Suddenly, all the stories Yared's uncle told him as a young boy are coming to life, of kingdoms in the sky and city-razing monsters. And

somehow Yared is at the center of them. Together with Besa and the Ibis -- a game rival turned reluctant ally -- Yared must search for his uncle... and answers to his place in a forgotten, galaxy-spanning war. *Journal of Ethiopian Studies* Cambridge University Press
Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human

endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the

precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers

across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

"In 1977 there were about one hundred Ethiopian Jews in Israel; now there are more than one hundred thousand. Their exodus from their native land and their mass immigration to Israel is a

unique historical event." "This book is the first one to recount in photographs and candid interviews the challenging and inspiring accomplishments of Ethiopian Jews struggling to become Ethiopian Israelis. Featuring more than fifty men and women - religious leaders, soldiers, lawyers, students, actors, musicians, a member of the Knesset, and more - this book reveals their personal stories. A historical narrative that traces how some Ethiopians became Jewish

and how they got to Israel. Then, in their own words, they reveal how they experience Israel as a part of its most impoverished and culturally different minority." "Their dream is to become accepted and integrated without losing their own character, identity and values. They declare their devotion to their religious homeland and to overcoming the illiteracy, unemployment, crime and alienation that have plagued their community."--BOOK JACKET.

In 1967, at the age of 23, Elizabeth Laird set off for Addis Ababa to take up her first teaching post. She was introduced to Haile Selassie, made a pilgrimage across the mountains on foot to the ancient city of Lalibela,

hitched a ride on an oil tanker across the Danakil Desert, and was arrested for a murder she had not committed. Back in Britain, Laird established herself as a major author of fiction for children and young adults, but she always wanted to return to Ethiopia. Her chance came in the late 1990s, when the British Council in Addis Ababa invited her to collect folk stories from every region of the country. Encountering ex-guerrilla fighters, camel traders, Coptic nuns and tribespeople en route,

Laird has written a remarkable account of her journey interwoven with a treasure trove of stories featuring princes and maidens, snakes and lions, zombies and hyena-women.

The Columbia Guide to East African Literature in English Since 1945 challenges the conventional belief that the English-language literary traditions of East Africa are restricted to the former British colonies of

Kenya, Uganda, and Tanzania. Instead, these traditions stretch far into such neighboring countries as Somalia and Ethiopia. Simon Gikandi and Evan Mwangi assemble a truly inclusive list of major writers and trends. They begin with a chronology of key historical events and an overview of the emergence and transformation of literary culture in the region. Then they provide an alphabetical list of major writers and brief descriptions of their

concerns and achievements. Some of the writers discussed include the Kenyan novelists Grace Ogot and Ngugi wa Thiong'o, Ugandan poet and essayist Taban Lo Liyong, Ethiopian playwright and poet Tsegaye Gabre-Medhin, Tanzanian novelist and diplomat Peter Palangyo, Ethiopian novelist Berhane Mariam Sahle-Sellassie, and the novelist M. G. Vassanji, who portrays the Indian diaspora in Africa, Europe, and North America. Separate entries within

this list describe thematic concerns, such as colonialism, decolonization, the black aesthetic, and the language question; the growth of genres like autobiography and popular literature; important movements like cultural nationalism and feminism; and the impact of major forces such as AIDS/HIV, Christian missions, and urbanization. Comprehensive and richly detailed, this guide offers a fresh perspective on the role of East Africa in the

development of African and world literature in English and a new understanding of the historical, cultural, and geopolitical boundaries of the region.

 How old is Ethiopian

cuisine and the unique way of eating it? Ethiopians proudly say their cuisine goes back 3,000 to 5,000 years. Archaeologists and historians now believe it emerged in the first millennium A.D. in Aksum, an ancient kingdom that occupied what's now the northern region of Ethiopia and the southern region of neighboring Eritrea. But regardless of when Ethiopians began to eat spicy wots atop the spongy flatbread injera, or when they first drank the

intoxicating honey wine called tej, their cuisine remains unique in the world. *Mesob Across America: Ethiopian Food in the U.S.A.* brings together what respected scholars and passionate Ethiopians know and believe about this delectable cuisine. From the ingredients of the Ethiopian kitchen to the foods, the spices, and the ways of combining them to a close-up look at the cuisine's history and culture, *Mesob Across America* is both comprehensive and

anecdotal. Explore the history of how restaurant communities emerged in the U.S., and visit them as they exist today. Learn how to prepare a five-course Ethiopian meal, including homemade tej. And solve the mystery of when Ethiopian food made its debut in America, which was not when most Ethiopians think it did. *International Books in Print*
