“Watching a talented writer take a risk is one of the pleasures of devoted reading, and *On Such a Full Sea* provides all that and more. . . . With *On Such a Full Sea*, [Chang-rae Lee] has found a new way to explore his old preoccupation: the oft-told tale of the desperate, betraying, lonely human heart.”—Andrew Sean Greer, *The New York Times Book Review*

“I’ve never been a fan of grand hyperbolic declarations in book reviews, but faced with *On Such a Full Sea*, I have no choice but to

ask: Who is a greater novelist than Chang-rae Lee today?”—Porochista Khakpour, *The Los Angeles Times* From the beloved award-winning author of *Native Speaker*, *The Surrendered*, and *My Year Abroad*, a highly provocative, deeply affecting story of one woman’s legendary quest in a shocking, future America. On *Such a Full Sea* takes Chang-rae Lee’s elegance of prose, his masterly storytelling, and his long-standing interests in identity, culture, work, and love, and lifts them to a new plane. Stepping from the realistic and historical territories of his previous work, Lee brings us into a world created from scratch. Against a vividly imagined future

America, Lee tells a stunning, surprising, and riveting story that will change the way readers think about the world they live in. In a future, long-declining America, society is strictly stratified by class. Long-abandoned urban neighborhoods have been repurposed as highwalled, self-contained labor colonies. And the members of the labor class—descendants of those brought over en masse many years earlier from environmentally ruined provincial China—find purpose and identity in their work to provide pristine produce and fish to the small, elite, satellite charter villages that ring the labor settlement. In this world lives Fan, a female fish-tank diver, who leaves her home

in the B-Mor settlement (once known as Baltimore), when the man she loves mysteriously disappears. Fan's journey to find him takes her out of the safety of B-Mor, through the anarchic Open Counties, where crime is rampant with scant governmental oversight, and to a faraway charter village, in a quest that will soon become legend to those she left behind.

Tina Turner: That's My Life Presidio Press

Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014,

Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves- and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his

own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes Leaving the Sea Granta Books
A gothic thriller romance, set against a creepy summer backdrop. Nothing

much exciting rolls through Violet White's sleepy, seaside town . . . until River comes along. River rents the guesthouse behind Violet's crumbling estate, and as eerie, grim things start to happen, Violet begins to wonder about the boy living in her backyard. Is River just a crooked-smiling liar with pretty eyes and a mysterious past? Or could he be something more? Violet's grandmother always warned her about the Devil, but she never said he could be a dark-haired boy who takes naps in the sun, who likes coffee, who kisses you in a cemetery . . . who makes you want to kiss back. Violet's already so knee-deep in love, she can't see straight. And that's just how

River likes it. With shades of Stephen King and F. Scott Fitzgerald, this is a must-read for fans of *Beautiful Creatures*, *The Unbecoming of Mara Dyer*, and *Anna Dressed in Blood*.

- From the bestselling author of *The Night Circus*, a timeless love story set in a secret underground world—a place of pirates, painters, lovers, liars, and ships that sail upon a starless sea.

Zachary Ezra Rawlins is a graduate student in Vermont when he discovers a mysterious book hidden in the stacks. As he turns the pages, entranced by tales of lovelorn prisoners, key collectors, and nameless acolytes, he reads something strange: a story from his own childhood.

Bewildered by this inexplicable book and desperate to make sense of how his own life came to be recorded, Zachary uncovers a series of clues—a bee, a key, and a sword—that lead him to a masquerade party in New York, to a secret club, and through a doorway to an ancient library hidden far below the surface of the earth. What Zachary finds in this curious place is more than just a buried home for books and their guardians—it is a place of lost cities and seas, lovers who pass notes under doors and across time, and of stories whispered by the dead. Zachary learns of those who have sacrificed much to protect this realm, relinquishing their sight and their tongues

to preserve this archive, and also of those who are intent on its destruction. Together with Mirabel, a fierce, pink-haired protector of the place, and Dorian, a handsome, barefoot man with shifting alliances, Zachary travels the twisting tunnels, darkened stairwells, crowded ballrooms, and sweetly soaked shores of this magical world, discovering his purpose—in both the mysterious book and in his own life.

A delicious and fortifying picture book inspired by the author’s family, featuring the Mexican tradition of holiday tamale-making “What is the recipe?” I ask. Abuela laughs. “It is in my heart, Rosie. I use mis ojos, my eyes, to measure. Mis manos, my hands, to feel. Mi boca, my mouth, to taste. My abuela gave it to me, and I am giving it to you.” Each year on Christmas Eve, Rosie’s abuela, mamá, tía, sister, and cousins all gather together in Abuela’s kitchen to make tamales—cleaning corn husks, chopping onions

and garlic, roasting chilis, kneading cornmeal dough, seasoning the filling, and folding it all—and tell stories. Rosie learns from her abuela not only how to make a delicious tamale, but how to make a delicious life, one filled with love, plenty of spice, and family.

The Wisdom of Crowds
HarperCollins

A gripping history chronicling the fits and starts of American special operations and the ultimate rise of the Navy SEALs from unarmed frogmen to elite, go-anywhere commandos—as told by one of their own. “Deeply researched,

well organized, and incredibly engaging . . . This is our legacy with all the warts, the challenges, and the heroics in one concise volume.”—Admiral William H. McRaven, #1 New York Times bestselling author and former commander, United States Special Operations Command

How did the US Navy—the branch of the US military tasked with patrolling the oceans—ever manage to produce a unit of raiders trained to operate on land? And how, against all odds, did that unit become one of the world’s most elite commando forces, routinely striking thousands of miles from the water on the battlefields of Iraq, Afghanistan, Syria, even Central Africa? Behind the SEALs’

improbable rise lies the most remarkable underdog story in American military history—and in these pages, former Navy SEAL Benjamin H. Milligan captures it as never before. Told through the eyes of remarkable leaders and racing from one longshot, hair-curling raid to the next, *By Water Beneath the Walls* is the tale of the unit’s heroic naval predecessors, and the evolution of the SEALs themselves. But it’s also the story of the forging of American special operations as a whole—and how the SEALs emerged from the fires as America’s first permanent commando force when again and again some other unit seemed predestined to seize that role. Here Milligan

thrillingly captures the outsize feats of the SEALs' frogmen forefathers in World War II, the Korean War, and elsewhere, even as he plunges us into the second front of interservice rivalries and personal ambition that shaped the SEALs' evolution. In equally vivid, masterful detail, he chronicles key early missions undertaken by units like the Marine Raiders, Army Rangers, and Green Berets, showing us how these fateful, bloody moments helped create the modern American commando—even as they opened up pivotal opportunities for the Navy. Finally, he takes us alongside as the SEALs at last seize the mantle of commando raiding, and discover the missions of

capture/kill and counterterrorism that would define them for decades to come. Written with the insight that can only come from a combat veteran and a member of the book's tribe, *By Water Beneath the Walls* is an essential new history of the SEAL teams, a crackling account of desperate last stands and unforgettable characters accomplishing the impossible—and a riveting epic of the dawn of American special operations. *Caught by the Sea*

Longlisted for the National Book Award for Young People's Literature! From the New York Times and USA Today bestselling author of the *Shatter Me* series comes a

powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It's 2002, a year after 9/11. It's an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who's tired of being stereotyped. Shirin is never surprised by how horrible people can be. She's tired of the rude stares, the degrading comments—even the physical violence—she endures as a result of her race, her religion, and the hijab she wears every day. So she's built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends

her afternoons break-dancing with her brother. But then she meets Ocean James. He's the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had her guard up for so long that she's not sure she'll ever be able to let it down.

A Very Large Expanse of Sea Little, Brown Books for Young Readers

All at Sea is a remarkable story of love and loss, of how one couple changed each other's life, and of what a sudden death can do to the people who survive. On a hot, still morning on a beautiful beach in Jamaica, Decca Aitkenhead's life changed forever. Her four-year-old son was paddling peacefully at the water's edge when a wave pulled him out to sea. Her partner,

Tony, swam out and saved their son's life—then drowned before her eyes. When Decca and Tony first met, a decade earlier, she was a renowned Guardian journalist profiling leading politicians of the day; he was a dreadlocked criminal with a history of drug dealing and violence. No one thought the romance would last, but it did—until the tide swept Tony away, plunging Decca into the dark chasm of random tragedy. Exploring race and redemption, privilege and prejudice, All at Sea is a breathtakingly honest, profound, and utterly unforgettable memoir.

The basis for the major motion picture of the same name. An entrancing memoir of how one woman's journey of self-discovery gave her the courage to persevere in re-creating her life.

Life is a work in progress, as ever-changing as a sandy shoreline along the beach. During the years Joan Anderson was a loving wife and supportive mother, she had slowly and unconsciously replaced her own dreams with the needs of her family. With her sons grown, however, she realized that the family no longer centered on the home she provided, and her relationship with her husband had become stagnant. Like many women in her situation, Joan realized that she had neglected to nurture herself and, worse, to envision fulfilling goals for her future. As her husband received a wonderful job opportunity out-of-state, it seemed that the best part of her

own life was finished. Shocking both of them, she refused to follow him to his new job and decided to retreat to a family cottage on Cape Cod. At first casting about for direction, Joan soon began to take pleasure in her surroundings and call on resources she didn't realize she had. Over the course of a year, she gradually discovered that her life as an "unfinished woman" was full of possibilities. Out of that magical, difficult, transformative year came *A Year by the Sea*, a record of her experiences and a treasury of wisdom for readers.

Vice Adm. William H. McRaven helped to devise the strategy for how to bring down Osama bin Laden, and commanded the courageous U.S. military unit that carried it out on May 1, 2011, ending one of the greatest manhunts in history. In *Spec Ops*, a well-organized and deeply researched study, McRaven analyzes eight classic special operations. Six are from WWII: the German commando raid on the Belgian fort Eben Emael (1940); the Italian torpedo attack on the Alexandria harbor (1941); the British commando raid on Nazaire, France (1942); the German

glider rescue of Benito Mussolini (1943); the British midget-submarine attack on the Tirpitz (1943); and the U.S. Ranger rescue mission at the Cabanatuan POW camp in the Philippines (1945). The two post-WWII examples are the U.S. Army raid on the Son Tay POW camp in North Vietnam (1970) and the Israeli rescue of the skyjacked hostages in Entebbe, Uganda (1976). McRaven—who commands a U.S. Navy SEAL team—pinpoints six essential principles of “spec ops” success: simplicity, security, repetition, surprise, speed and purpose. For each of the case studies, he provides political and military context, a meticulous reconstruction of the mission itself and an

analysis of the operation in relation to his six principles. McRaven deems the Son Tay raid “the best modern example of a successful spec op [which] should be considered textbook material for future missions.” His own book is an instructive textbook that will be closely studied by students of the military arts.
