Studienarbeit aus dem Jahr 2002 im Fachbereich Romanistik - Französisch - Literatur, Note: 2, Universität Trier, Veranstaltung: Simone de Beauvoir, 5 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Das 1966 erschienene Werk *Les Belles Images* ist der letzte Roman von Simone de Beauvoir und damit

der "Schlußpunkt eines langen und erfolgreichen Romanschaffens, das 1943 mit L'invitée begann und seinen Höhepunkt in dem Prix Goncourt für Les Mandarins fand." 1 Der Roman fand sehr schnell viele Anhänger und wurde schon kurz nach seinem Erscheinen zu einem Bestseller. In vier Kapiteln erzählt Simone de Beauvoir sechs Monate im Leben der Familie der Hauptperson Laurence, von Oktober 1965 bis März 1966. Les Belles Images gilt als weiterer Versuch der Autorin, der

Gleichgültigkeit der Gesellschaft gegenüber der Not auf der Welt eine Absage zu erteilen. 2 Besonderes Interesse fand und findet der Roman noch heute bei jugendlichen Lesern, die sich für die in Les Belles Images aufgeworfenen Probleme und Fragen interessieren und sie teilweise in Bezug auf ihre eigene Lebenssituation betrachten. Der erste Teil dieser Arbeit befaßt sich mit einigen allgemeinen, den Roman betreffenden Informationen. Dazu gehört eine kurze

Zusammenfassung des Inhalts, aber auch einige Aspekte, die die Entstehung des Romans betreffen. Außerdem wird die Bedeutung des Titels analysiert und die außergewöhnliche Erzählhaltung vorgestellt. Im zweiten Teil der Arbeit liegt das Augenmerk auf dem ersten Kapitel des Romans. Die Personen und ihre Beziehungen zueinander werden vorgestellt, wobei der Schwerpunkt auf der Charakteristik der Protagonistin Laurence liegt. Außerdem wird das

Hauptthema des ersten Kapitels, die Tränen von Catherine, behandelt und durch einen Textauszug vervollständigt. Weiterhin sind auch die Männer, die das Leben von Laurence beeinflussen, Gegenstand des zweiten Teils dieser Arbeit. Der dritte Teil behandelt schließlich Textauszüge aus "Pour une morale de l'ambiguïté", denn dieser von Simone de Beauvoir verfasste Essai enthält einige Passagen, deren Thesen auf Textstellen in Les Belles Images angewendet werden

können. [...]

 Seminar paper from the year 2011 in the subject Romance Languages - French Literature, grade: 68, University of Birmingham, course: BA Modern Languages, language: English, abstract: "[Human beings] are responsible for creating their lives according to their own values.." Here summarised by Ursula Tidd, this idea suggests that we as humans are responsible for our own

happiness by 'creating [our] lives' – in other words, through our choices. If we accept this to be true, as one is likely to when examining Simone de Beauvoir's novel "Les Belles Images" (Barcelone : Gallimard, 1966), then it would seem that Laurence's unhappiness is indeed due to her passivity. However, is it correct to imply that if one wants to be happy, one can be, simply by choosing it?  
**Simone de Beauvoir's Fiction** Ashgate Publishing, Ltd.

Simone de Beauvoir, still a teen, began a diary while a philosophy student at the Sorbonne. Written in 1926-27—before Beauvoir met Jean-Paul Sartre—the diaries reveal previously unknown details about her life and times and offer critical insights into her early intellectual interests, philosophy, and literary works. Presented for the first time in translation, this fully annotated first volume of the Diary includes essays from Barbara Klaw and Margaret A. Simons that

address its philosophical, historical, and literary significance. It remains an invaluable resource for tracing the development of Beauvoir's independent thinking and her influence on philosophy, feminism, and the world.

This lexicon is an indispensable tool long awaited by researchers and students so they may better conduct and exchange the results of their research. It is also a guide for all those interested in choir stalls

who wish to learn more about the ensembles whose significance still remains complex and mysterious. The book consists of three sections: an introduction to the history and function of the stalls, a lexicon of terms related to the parts of the stalls that are ornamented with sculpture or paint, and a section on the iconography of the sculpted and painted images. As with the illustrated bibles of the Middle Ages, this book includes the most beautiful of the works of

art which decorate the medieval choir stalls in thirteen Catholic countries of Europe

 “A book that will leave no one indifferent, and no one affected in quite the same way.” —New York Times  
 A superb autobiography by one of the great literary figures of the twentieth century Simone de Beauvoir's *Memoirs of a Dutiful Daughter* offers an intimate picture of growing up in a bourgeois French family, rebelling as an adolescent against the

conventional expectations of her class, and striking out on her own with an intellectual and existential ambition exceedingly rare in a young woman in the 1920s. Beauvoir vividly evokes her friendships, love interests, mentors, and the early days of the most important relationship of her life, with fellow student Jean-Paul Sartre, against the backdrop of a turbulent political time.

 Finalist for the French-American Florence Gould Translation Prize  
 A novel by the iconic Simone de Beauvoir of an intense and vivid girlhood friendship that, unpublished in her lifetime, displays “Beauvoir's genius as a fiction writer” (Wall Street Journal)  
 From the moment Sylvie and Andrée meet in their Parisian day school, they see in each other an accomplice with whom to

confront the mysteries of girlhood. For the next ten years, the two are the closest of friends and confidantes as they explore life in a post-World War One France, and as Andrée becomes increasingly reckless and rebellious, edging closer to peril. Sylvie, insightful and observant, sees a France of clashing ideals and religious hypocrisy—and at an early age is determined to form her own opinions. Andrée, a tempestuous dreamer, is inclined to melodrama and romance.

Despite their different natures they rely on each other to safeguard their secrets while entering adulthood in a world that did not pay much attention to the wills and desires of young women. Deemed too intimate to publish during Simone de Beauvoir's life, *Inseparable* offers fresh insight into the groundbreaking feminist's own coming-of-age; her transformative, tragic friendship with her childhood friend Zaza Lacoïn; and how her youthful relationships

shaped her philosophy. Sandra Smith's vibrant translation of the novel will be long cherished by de Beauvoir devotees and first-time readers alike.

#### Distinction Bias

Alison Holland's study focuses on the writer's frequently neglected novels and short stories, including *L'Invitée*, *Les Mandarins*, *Les Belles Images*, and *La Femme rompue*. Illuminating the density and rich complexity of Beauvoir's style, Holland demonstrates the extent to which Beauvoir's fiction

undermines an ideologically patriarchal position on language. Her re-evaluation of Beauvoir as a fiction writer makes an important contribution to the wider debate on madness and literature. *Les belles images* Vintage Fast Cars, Clean Bodies examines the crucial decade from Dien Bien Phu to the mid-1960s when France shifted rapidly from an agrarian, insular, and empire-oriented society to a decolonized, Americanized, and fully industrial one. In this

analysis of a startling cultural transformation Kristin Ross finds the contradictions of the period embedded in its various commodities and cultural artifacts—automobiles, washing machines, women's magazines, film, popular fiction, even structuralism—as well as in the practices that shape, determine, and delimit their uses. In each of the book's four chapters, a central object of mythical image is refracted across a range of discursive and material

spaces: social and private, textual and cinematic, national and international. The automobile, the new cult of cleanliness in the capital and the colonies, the waning of Sartre and de Beauvoir as the couple of national attention, and the emergence of reshaped, functionalist masculinities (revolutionary, corporate, and structural) become the key elements in this prehistory of postmodernism in France. Modernization ideology, Ross argues, offered the promise of limitless, even

timeless, development. By situating the rise of "end of history" ideologies within the context of France's transition into mass culture and consumption, Ross returns the touted timelessness of modernization to history. She shows how the realist fiction and film of the period, as well as the work of social theorists such as Barthes, Lefebvre, and Morin who began at the time to conceptualize "everyday life," laid bare the disruptions and the social costs of events. And

she argues that the logic of the racism prevalent in France today, focused on the figure of the immigrant worker, is itself the outcome of the French state's embrace of capitalist modernization ideology in the 1950s and 1960s.

Revelatory insights into the early life and thought of the preeminent French feminist philosopher

University of Illinois Press  
Simone de Beauvoir's work has not often been associated with film studies. This is paradoxical when it is recognized that she was

the first feminist thinker to inaugurate the concept of the gendered "othering" gaze. Moreover, other concepts associated with Beauvoirian existentialism such as ambiguity, gendered alienation, situated freedom, and woman as absolute Other are highly suggestive for reading screen culture. This book is an attempt to redress this balance and reopen the dialogue between Beauvoir's writings and film studies. The authors analyze a range of films, from

directors including Claire Denis, Michael Haneke, Lucille Hadzihalilovic, Sam Mendes, and Sally Potter, by drawing from Beauvoir's key works such as *The Second Sex* (1949), *The Ethics of Ambiguity* (1947), and *Old Age* (1970). The breadth of this book demonstrates the extent to which "existential" themes transcend space and time, continue to resonate with contemporary stars and film directors, and add value and meaning to the basic questions about human existence, and the

quest for "authenticity."

Drawing on the perspective of aging bodies in order to approach the study of contemporary Canadian women's fiction, the author seeks to understand body criticism in general because elderly physical experiences lay bare crucial assumptions of thinking through the body. It also investigates the mechanisms and effects of constructions of aging in order to combat the automatically

negative reactions most readers have to the topic of old age.
