Extending the study of this period, usually limited to elites, into the realm of everyday life, each inquest record includes a detailed postmortem examination and features testimony from everyone directly or indirectly related to the incident. The result is an amazingly vivid, colloquial account of the vibrant, multifaceted societal and legal cultures of early modern Korea.

### Be Iron Fit FINITE TO INFINITE

When thinking of India, it is hard not to think of caste. In academic and common parlance alike, caste has become a central symbol for India, marking it as fundamentally different from other places while expressing its essence. Nicholas Dirks argues that caste is, in fact, neither an unchanged survival of ancient India nor a single system that reflects a core cultural value. Rather than a basic expression of Indian tradition, caste is a modern phenomenon—the product of a concrete historical encounter between India and British colonial rule. Dirks does not contend that caste was invented by the British. But under British domination caste did become a single term capable of naming and above all subsuming India's diverse forms of social identity and organization. Dirks traces the career of caste from the medieval kingdoms of southern India to the textual traces of early colonial archives; from the commentaries of an eighteenth-century Jesuit to the enumerative obsessions of the late-nineteenth-century census; from the ethnographic writings of colonial administrators to those of twentieth-century Indian scholars seeking to rescue ethnography from its colonial legacy. The book also surveys the rise of caste politics in the twentieth century, focusing in particular on the emergence of caste-based movements that have threatened nationalist consensus. Castes

of Mind is an ambitious book, written by an accomplished scholar with a rare mastery of centuries of Indian history and anthropology. It uses the idea of caste as the basis for a magisterial history of modern India. And in making a powerful case that the colonial past continues to haunt the Indian present, it makes an important contribution to current postcolonial theory and scholarship on contemporary Indian politics.

Alexander Hamilton was an illegitimate, largely self-taught orphan from the Caribbean who overcame all the odds to become George Washington's aide-de-camp and the first Treasury Secretary of the United States. Few figures in American history are more controversial than Alexander Hamilton. In this masterful work, Chernow shows how the political and economic power of America today is the result of Hamilton's willingness to champion ideas that were often wildly disputed during his time. He charts his titanic feuds with Jefferson, Adams, Madison, Monroe and Burr; his highly public affair with Maria Reynolds; his loving marriage to his loyal wife Eliza; and the notorious duel with Aaron Burr that led to his death in July 1804. The book was adapted into a hugely successful Broadway musical - winner of 11 Tony awards - which opens at the Victoria Palace Theatre in London in November 2017.

Mehrauli is the oldest of Delhi's seven cities. Once the thriving capital of the Tomar and Chauhan dynasties and the Dar ul Khilafat of the slave dynasty, today it lies forgotten. Its congested lanes and crumbling ruins are lost in a mishmash of history and modernity, the living and the dead rubbing shoulders with each other. Blending stirring Urdu couplets with haunting visuals, author Rana Safvi walks us through the oldest of Delhis, describing the religious diversity of Mehrauli's monuments: from the rocky Qila Rai Pithaura to the dargah of Khwaja Qutbuddin Bakhtiyar Kaki, from Zafar Mahal, the last great monument built by the Mughals, to the holy waters of the Hauz e Shamsi; each structure a living memory of an era dissolved in history. Embellished with stories and legends of a bygone era, and soaked in the sights and sounds of Sufi dargahs, mosques, temples, churches, gurudwaras and Buddhist monasteries, *Where Stones Speak* effortlessly reveals a little known, bewitching Mehrauli.
