Papua New Guinea is experiencing changes that grow in significance and accelerate in pace. Although the majority of its population are still subsistence farmers, the postmodern world is fast making an impact. That means that, at the same time, they are strongly influenced by firmly ingrained tradition where animism is binding and a pervasive element as well as Western

media with its consumerism and worldview. The most impacted are youth who are caught between the traditional and postmodern culture. In a country that is Christian by constitution, pastors are looked upon with high esteem. They need to find a way to bridge the gap, to make sense of the world youth are living in, and find a meaningful way forward. Although this book is aimed at pastors and youth workers in PNG, other sectors can benefit from the research--politicians, educators, health workers, clergy--especially if they are coming from a different culture, be that from PNG or another country.

Recent statistics on churches in America show that four thousand churches close every year, and only one thousand are planted. Every year, thousands of pastors leave the ministry discouraged, burnt out, and frustrated. Needless to say, countless church members no longer attend church, and a large number of Millennials are soured to the concept of institutionalized religion. In

The Missing Power, Dr. Macena demonstrates that the church in the book of Acts served the community in love and unity, and it grew from a handful of scared disciples to thousands of followers. The remarkable advance of the church at that time only happened because they searched, claimed, pursued, and allowed the power of the Holy Spirit to work and guide! The book sets forth clearly what we need to know in order to be full of the Holy Spirit and part of a striving church in our community. If we are not fulfilling our purpose, it is because we are missing the mighty, extraordinary power of the Holy Spirit in our churches and our lives. **Finding the Right Path** John Benjamins Publishing

Ministries holding on to programs that worked in the past because "We've always done it that way" are about as relevant as a landline or cassette tape. And it is for courageous pastors who will do whatever it takes to faithfully serve their teenagers. That's right, this book is for you. This work gives a detailed history and defense of the Advent Movement of the 1840's known as Millerism, the movement from which the Seventh-day Adventist denomination sprang. The book is based on original sources, William Miller's correspondence, contemporaneous books, pamphlets, journals, newspapers. The first half is devoted to the history of the movement, and the second half to an examination of charges made against the Advent believers, such as that they wore ascension robes, that the Millerite preaching filled the asylums, and so forth.

Here is a collection of amazing but true stories about God's faithfulness to those who honor His holy day. A father has no money to send his children to church school until his boss offers him a raise -- if he will work on Sabbath just this once. A son is offered a stack of money if he will forget his Adventist scruples. A man with a gun aimed at his heart has to

decide whether to honor his conscience. Seventh-day Adventist athletes face Sabbath tournaments, musicians face Sabbath recitals, and students face Sabbath exams. Fishermen leave huge fish waiting in their nets at Friday sundown. Even inanimate objects honor the Sabbath -- like the hammer that wouldn't work on that day, the thick harness torn in two by an invisible hand, and one supercapacity water jug. Sometimes angels get into the act. One explains the seventh day in a dream. Helpful guides appear and disappear. A mysterious porter brings baked potatoes to a young man bleeding from the lash of his chief who demands he carry a load on the Sabbath. In each case God provides for His own. Taken from 50 years of Guide, a magazine for Christian youth, these stories prove God's promise: "Those who honor me I will honor" (1 Samuel 2:30, NIV). Book jacket.

When LGBT+ loved ones come out, parents can experience shock. Fear and grief can disable their initial reaction. Emotions erupt. Hurtful words spill. Trust is damaged. Relationships become disconnected. Meanwhile, in the church, LGBT+ people often hear impossible hurdles and suspicion about their faith. One courageous disclosure can be met with a response that communicates, "I don't understand you" or "You are not welcome here." Guiding Families offers a relationally honoring, biblically sound path forward. It is being called "the single best resource" for parents and pastors when LGBT+ people come out. Author Bill Henson's heart for Guiding Families flows from over a decade of experience training church leaders and caring for LGBT+ people and their

families. He is creator of Posture Shift, the leading training and consulting resource on LGBT+ inclusion and relational care in the conservative church.

Machete-wielding assassins flee when a horseman rides up- but the missionary they had been sent to kill cant find any hoof prints. A teenager hurls a rock at the kerosene lantern hanging just above the preachers head- and a mysterious hand reaches out to grab the stone. Seven dogs show up at a missionaries home an prevent a mob fro murdering the family- on three separate occasions. But God doesnt just protect the ones He sends; He floods their hearts with His love, too. Puringa sold the clothes off his back for the right to continue teaching about Jesus. The kindness of young Jume saved the life of a man who mocked him. And Pedro, an isolated Bible worker, devised a plan to share the gospel with thousands of people along the Amazon River whom he could never reach in person. Theres nothing like a good mission story to remind you that God is faithful to everyone who is totally committed to Him!

This book explores the interrelation of literacy and religion as practiced by Western Christians in, first, historical contexts and, second, in one contemporary church setting. Using both a case study and a Foucauldian theoretical framework, the book provides a sustained analysis of the reciprocal discursive construction of literacy, religiosity and identity in one Seventh-day Adventist Church community of

Northern Australia. Critical linguistic and discourse analytic theory is used to disclose processes of theological (church), familial (home) and educational (school) normalisation of community members into regulated ways of hearing and speaking, reading and writing, being and believing.

Detailed analyses of spoken and written texts taken from institutional and local community settings show how textual religion is an exemplary technology of the self, a politics constituted by canonical texts, interpretive norms, textual practices, ritualised events and sociopolitical protocols that, ultimately, are turned in upon the self. The purpose of these analyses is to show how, across denominational difference in belief (tradition) and practice, particular versions of self and society are constructed through economies of truth from text that constrain what can and cannot be articulated and enacted by believers.

Do you know who you are? "Of course I know who I am! I am Professor John Smith of Someplace, USA, born to Bob and Patty Smith." But I'm not talking about your name, your profession, where you live, or who your parents are. Let me reword the question. Do you know who you are in terms of your religious beliefs and relationship with God? "Of course I know who I am! I am a Seventh-day

Adventist." OK, but what does that mean? Dr. Max Hammonds proposes that it goes beyond simply saying that we obey ALL of the Ten Commandments and that Jesus is coming back to take His followers home to heaven. Presented in this book is a carefully reasoned and biblically sound exploration of familiar topics that we always thought we understood. With warm personal stories told in the style of a private conversation at a quiet retreat, Dr. Hammonds works through the basic fundamentals of what it means to be a Christian and a Seventh-day Adventist in the real world, living for God during the Time of the End. This is not just another book about Adventist doctrines. This book gets at the heart of Christianity while focusing on the special calling we have as Adventists.
