"The majority is never

right...Who are the
people that make up
the biggest proportion
of the population -- the
intelligent ones or the
fools?" – Henrik Ibsen
Widely regarded as
one of the foremost
dramatists of the
nineteenth century,

Norwegian playwright Henrik Ibsen (1828–1906), created realistic plays bringing the social problems of his day to center stage. His dramas portrayed psychological conflict that emphasized character over devious plots, and over critical objection, he deemed the individual more important than the group. In this powerful work, Ibsen does just that, as his main character, Dr. Thomas Stockman, is an enlightened and persecuted minority of one confronting an ignorant, powerful majority. When Dr. Stockman learns that the financially successful baths in his hometown are contaminated, he insists that this popular complex be shut down for expensive repairs.

At first, he is thanked, but the next morning, even his brother, who is the town's mayor, and his closest friends, tell him to retract his statement because the baths are crucial to the town's economy. When he refuses, Stockman's home is vandalized, he and his daughter are fired, and he is ridiculed, persecuted, and declared an "enemy of the people" by the townspeople. The doctor stands up to it all, believing that the strongest man is the man who stands alone. In response to the public outcry against him and his play, *Ghosts*, which openly discussed adultery and syphilis, Ibsen faced accusations of being "scandalous," "degenerate," and "immoral."

An Enemy of the people is an 1882 play by Norwegian playwright Henrik Ibsen. Ibsen wrote it in response to the public outcry against his play *Ghosts*, which at that time was considered scandalous. *Ghosts* had challenged the hypocrisy of Victorian

morality and was deemed indecent for its veiled references to syphilis. Henrik Johan Ibsen (1828 – 1906) was a major 19th-century Norwegian playwright, theatre director, and poet. He is often referred to as "the father of realism" and is one of the founders of Modernism in theatre. His major works include *Brand*, *Peer Gynt*, *An Enemy of the People*, *Emperor and Galileo*, *A Doll's House*, *Hedda Gabler*, *Ghosts*, *The Wild Duck*, *Rosmersholm*, and *The Master Builder*.

Una gran denuncia sobre la corrupción del poder y la manipulación informativa
Considerado el más importante dramaturgo noruego y uno de los

autores que más ha influido en el teatro contemporáneo, Henrik Ibsen firmó quizá con *Un enemigo del pueblo* su obra más controvertida. Su protagonista, el Doctor Stockmann, denuncia que las aguas del balneario, principal fuente de ingresos del pueblo, están corrompidas y son un peligro para la salud. Las fuerzas sociales del pueblo tratan de ocultarlo y él se queda solo en su denuncia, pues la verdad es incómoda para mucha gente. Más allá de lo anecdótico de la trama, lo interesante y que sigue suscitando polémica es la tesis de que el enemigo más peligroso de la razón y de la libertad es la opinión de la mayoría. Para Ibsen la mayoría no

siempre tiene la razón, muy al contrario, nunca la tiene, es la minoría la que la posee, pues la mayoría tiene la fuerza, pero no tiene la razón, porque ¿quienes son la mayoría en el sufragio? ¿Los estúpidos o los inteligentes? Sin embargo, ¿Qué importa que tengas la razón si no tienes el poder?, le contesta a su marido la señora Stockmann.

An Enemy of the

People by Henrik Ibsen

The city in which the work is taking place has built a huge bath complex that is crucial to the city's economy. Dr. Stockmann has just discovered that the bathroom drainage system is seriously contaminated. Alert various community members, including Hovstad and Aslaksen, and receive generous support, and thanks for making your discovery in time to save the city. The next morning, however, his brother, who is also the town's mayor, tells him that he must retract his statements, as the necessary repairs would be too expensive; Furthermore, the mayor is not convinced

by Dr. Stockmann's findings. The brothers have a fierce argument, but Dr. Stockmann hopes that at least the Hovstad newspaper will support him. However, the mayor convinces Hovstad and Aslaksen to oppose Dr. Stockmann. The doctor holds a meeting in the city to give a lecture on the baths, but Aslaksen and the mayor try to stop him from speaking. Dr. Stockmann then begins a long tirade in which he condemns the foundations of the people and the tyranny of the majority. The audience finds his speech incredibly offensive, and the next morning the doctor's house is vandalized. He and his daughter are fired. The mayor hints that the doctor's

actions were simply a plan to inherit more of Morten Kiil's money, and Kiil himself soon arrives to suggest that plan to Dr. Stockmann. However, the doctor rejects all those suggestions and decides to defy authority and stay in town. His family supports him and he says that the strongest man is the one who is alone.

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe

this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

An Enemy of the People Feltrinelli Editore

An Enemy of the People By Henrik Ibsen Peter Stockmann. Yes, that is another thing.

The burden on the poor rates has been lightened, to the great relief of the propertied classes; and that relief will be even greater if only we get a really good summer this year, and lots of visitors-- plenty of invalids, who will make the Baths talked about.
AN ENEMY OF THE

PEOPLE BRILL

"An Enemy of the People" was one of Henrik Ibsen's more controversial works. In the play, Dr.

Stockmann discovers that the new baths built in his town are infected with a deadly disease that requires they should be closed for repair. However, the mayor of the town (the Burgomaster), who is Stockmann's brother Peter, rejects the report and refuses to close the baths because it will bring about the financial ruin of the town. When Dr. Stockmann tries to make his case to the people of the town, the mayor counters by pointing out how expensive it would be to repair the baths and dismisses the doctor for having wild, fanciful ideas. At the public

meeting Dr.

Stockmann is declared "an enemy of the people" by the Burgomaster. As is the case with most of Ibsen's classic works, "An Enemy of the People" speaks to larger issues than those in conflict in the play. The debate is over the bad water pipes at the new baths, but the true conflict is over the clash of private and public morality. Both of the Stockman brothers are flawed. Dr. Stockman's idealism is at odds with the practical realities of the world in which he lives while the Burgomaster ignores ethical concerns. Still, in the end we have to favor the doctor over the mayor because his integrity is clearly stronger, while still recognizing that his

idealism is tragically flawed.

Hovstad. Don't you think the Doctor hits them pretty hard?

Billing. Hard? Bless my soul, he's crushing!

Every word falls like-how shall I put it?-like the blow of a sledgehammer.

Hovstad. Yes, but they are not the people to throw up the sponge at the first blow. Billing.

That is true; and for that reason we must strike blow upon blow until the whole of this aristocracy tumbles to pieces. As I sat in there reading this, I almost

seemed to see a revolution in being.

Reflections on the

Gulag Рипол Классик

Dr. Stockmann

attempts to expose a water pollution scandal in his home town which is about to establish

itself as a spa. When his brother, the mayor, conspires with local politicians and the

newspaper to suppress the story, Stockmann

appeals to the public meeting - only to be

shouted down and reviled as 'an enemy of the people. Ibsen's

explosive play reveals his distrust of

politicians and the blindly held prejudices of the 'solid majority.

presents the Hebrew Chronicle of Pope Paul IV, written in the second half of the sixteenth century by the Italian Jewish moneylender Benjamin Nehemiah ben Elnathan (alias Guglielmo di Diodato) from Civitanova Marche.

Un nemico del popolo

An Enemy of the People concerns the actions of Doctor Thomas Stockmann, a medical officer charged with inspecting the public baths on which the prosperity of his native town depends. He finds the water to be contaminated.

When he refuses to be silenced, he is declared an enemy of the people. Stockmann served as a spokesman for Ibsen, who felt that his plays gave a true, if not always palatable,

picture of life and that truth was more important than critical approbation.

Un nemico del popolo

©Un'opera tradotta e rivista IDEALE PER GLI AMANTI DELLA BUONA LETTURA → Opere di qualità da gustare sul tuo kindle. Una grande denuncia contro la corruzione del potere e la manipolazione dell'informazione Considerato il più importante drammaturgo norvegese e uno degli autori che più ha influenzato il teatro contemporaneo, Henrik Ibsen ha forse firmato con Un nemico del popolo la sua opera più controversa. Il suo protagonista, il dottor Stockmann, denuncia che le acque delle terme, principale fonte di reddito del paese, sono corrotte e

pericolose per la salute. Le forze sociali del popolo cercano di nascondere e lui rimane solo nella sua denuncia, perché la verità è scomoda per molte persone. Al di là dell'aneddoto della trama, la cosa interessante è che continua a suscitare polemiche è la tesi che il nemico più pericoloso della ragione e della libertà sia l'opinione della maggioranza. Per Ibsen, la maggioranza non ha sempre ragione, anzi, non lo è mai, è la minoranza che lo possiede, perché la maggioranza ha la forza, ma non è giusta, perché chi sono le maggioranze nel suffragio? Lo stupido o il furbo? Tuttavia, "Che importa se hai ragione se non hai il potere?", risponde la signora Stockmann al marito.

Un'opera immortale sulla corruzione del potere e la manipolazione dei media al servizio di quello stesso potere, finalmente nella sua versione originale, senza adattamenti, come la scrisse Ibsen. Circa l'autore: Drammaturgo e poeta norvegese, Henrik Ibsen nacque il 20 marzo 1828 a Skien e morì il 23 maggio 1906 a Kristiania (l'odierna Oslo). Ibsen è considerato uno degli scrittori più importanti della storia norvegese, nonché uno degli autori che più ha influenzato il teatro moderno. Le sue opere possono essere considerate antecedenti del simbolismo ed è anche riconosciuto come il padre del dramma realistico.

An Enemy of the People

An Enemy of the People is an 1882 play by Norwegian playwright Henrik Ibsen. Ibsen wrote it in response to the public outcry against his play Ghosts, which at that time was considered scandalous. Ghosts had challenged the hypocrisy of Victorian morality and was deemed indecent for its veiled references to syphilis. An Enemy of the People addresses the irrational tendencies of the masses, and the hypocritical and corrupt nature of the political system that they support. It is the

story of one brave man's struggle to do the right thing and speak the truth in the face of extreme social intolerance. The play's protagonist, Dr Stockmann, represents the playwright's own voice. Upon completion of the play, Ibsen wrote to his publisher in Copenhagen: I am still uncertain as to whether I should call it a comedy or a straight drama. It may have many traits of comedy, but it also is based on a serious idea.
