Slice of WIN is a unique novel that combines snapshots of numerous characters' lives. The reader is taken on an emotional journey with the characters as they experience normal or extraordinary life events. From loss of love to gaining confidence, this novel explores the themes that feature in everyone's lives. It is surprising to relate to a knight errant or a man stuck in a time loop, but Slice of WIN manages such a feat with its simple, yet descriptive language and embodiment of the human spirit in every character. The combination of various authors allows for diverse narratives that move from America to Africa, and from young adults to elders. They each lend a unique tale that weaves harmoniously with the others in the novel. In what other book can you read about a priest exploring the Vatican, a woman forced to raise her child alone, a young man struggling to pass his courses, and a talent manager for a musical TV show? The dichotomy of the characters ultimately works to show their similarities in their living of their lives. Everyone loves. Everyone hurts. Everyone struggles--with grades, with friends, with family. Everyone can be courageous in the face of failure or even death. Yet, each is unique in how they approach their challenges. No two stories are the same, just as no two people are. These slice of life stories will capture your heart and make you wish each tale was a full novel. You'll leave with a newfound desire to make the most of every moment, to reunite with family, to let go of lost loves, to welcome new challenges, and to face any obstacle

in your path.

Gold Dust Publishing brings you Reflections. A charity book featuring over forty authors, actors, musicians, entertainers, teachers, counselors, and everyday people who look back to tell a younger version of themselves what their past has taught them. Each one shares how they endured a variety of situations from verbal and physical abuse, fear, suicide, rape, and change to become the best versions of themselves. The Goal? Not to toot their own horns, but to help those who are in similar situations. To show that there can be light at the end of a narrow tunnel, and to let those afflicted know that they are not alone. Each of these contributors come from all walks of life - Gay, Lesbian, Bisexual, Transgender, and even our straight allies - and give hope that you too can make it through the things that are afflicting you. A lot can be learned from taking a glimpse at the past. Looking back reminds us of where we were, how far we've come, the things we needed to change, the things we didn't. But most importantly, the blood, sweat, and tears it took us to get here. **The Official NFL 1999 Record and Fact Book** Motorbooks International
