Thomas Salmon: A proposal to perform musick and related writings, 1685-1706 Ashgate Publishing, Ltd.	
This is the second volume in a two-part set on the writings of Thomas Salmon. Salmon (1647-1706) is remembered today for proposing a radical reform of musical notation (these writings are the subject of Volume I). Later in his life Salmon devoted his attention to an exploration of the possible reform of musical pitch and raised questions about the meaning and the source of musical knowledge similar to those he raised in his work on notation. Benjamin Wardhaugh presents the first published scholarly edition of Salmon's writings on pitch, previously only available mostly in manuscript.

"Clearly written and based on solid research, this compassionate and practical book is a must for research developers and supervisors" Dr Katherine Firth, The University of Melbourne, Australia, author of How to Fix your Academic Writing Trouble "Supervisors and decision makers will find it exciting to discover new areas for guiding hopeful research candidates on their journey." Dr Estelle M Phillips, co-author How to Get a PhD, Former Research Tutor Birkbeck College, University of London, UK and Independent Educational Consultant "A valuable resource for doctoral school leaders, supervisors, professionals and doctoral candidates alike." Lucas Zinner, Head of Research Services and Career Development, University of Vienna Doctoral proposals are a vital part of the PhD process, but often this key phase is neglected. This book provides handy, digestible guidance suitable for supervisors and students alike. For supervisors, this book is a manual with clear theoretical underpinnings that help to clearly guide students through the proposal stage. For students, it is a handbook that brings potential PhD candidates up to speed and offers guidance on the necessary skills required to write a proposal alongside how to deal with the challenges faced during this stage. Key features of this book include: •Didactic tools and assignments that are of direct use for writing the proposal and supervising it •Helpful reading tips at the start of each chapter •Clear travel guide structure to take the supervisor and the student on a journey through each stage of the proposal Based on the well-established 'Proposal Lab' programme designed to provide faculty guidance and peer support, The Art of Writing a PhD Proposal provides a comprehensive, indispensable, step-by-step guide to writing a good proposal and to getting students and their supervisors off to a flying start. Dr Hans Sonneveld has been a specialist in the field of doctoral studies for over 35 years. He is a board member and the Founder of the

This book is an essential weapon for anyone looking for funding in the extremely competitive grantseeking world. It explains how and why to approach both public and private sponsors with not just information, but persuasion, for the best chance for success. How do you present the right balance of logic, emotion, and relationship-awareness to make a persuasive proposal? What is THE most important thing to do before submitting a proposal to increase your odds for funding success? What portion of the proposal must be stressed even when it has a low point value assigned to it in the reviewer's evaluation form? How can a site visit make or break the fate of a meticulously prepared application? Models of Proposal Planning & Writing: Second Edition answers all these critical questions and more for grantseekers, documenting how to write a proposal that will persuade a sponsor to invest in your projects and organization—and just as importantly, explaining why a properly persuasive application puts forth a seamless argument that stands the test of reason, addresses psychological concerns, and connects your project to the values of the sponsor. The book's comprehensive annotations provide practical information that walks readers step-by-step through a logical, integrated process of planning and writing persuasive proposals. *A Modest Proposal and Other Writings* McGraw-Hill Education (UK)

The Policy Coordination Instrument (PCI) is a non-financial instrument designed to help countries demonstrate commitment to a reform agenda and unlock financing from other sources.

Established in 2017, the PCI aims to support countries in designing and implementing a full-fledged macroeconomic program of policies to address imbalances, prevent crises, build buffers, and enhance stability. The PCI enables closer cooperation with the Fund in cases where countries commit to upper-credit tranche (UCT) quality policies and more intensive monitoring. However, at the time of requesting a PCI, such countries must not be seeking financial assistance from the General Resources Account (GRA) and the Poverty Reduction and Growth Trust (PRGT). The design, request, and review process of the PCI are structured based on Fund arrangements, with several design features drawing on the Policy Support Instrument (PSI). Similar to the PSI, the PCI is a form of technical assistance. However, unlike the PSI, which is restricted to PRGT-eligible members, the PCI is available to all member countries.

This book answers the question 'How did Athenian drama shape ideas about civic identity?'

through the medium of three case studies focusing on props. Traditional responses to the question have overlooked the significance of props which were symbolically implicated in Athenian ideology, yet the key objects explored in this study (voting urns and pebbles, swords, and masks) each carried profound connections to Athenian civic identity while also playing important roles as props on the fifth-century stage. Playwrights exploited the powerful dynamic generated from the intersection between the 'social lives' (off-stage existence in society) and 'stage lives' (handling in theatre) of these objects to enhance the dramatic effect of their plays as well as the impact of these performances on society. The exploration of the 'stage lives' of these objects across comedy, tragedy, and satyr drama reveals much about generic interdependence and distinction. Meanwhile the consideration of iconography representing the objects' lives outside the theatre sheds light on drama's powerful interplay with art. Essential reading for scholars and students of ancient Greek history, culture, and drama, the innovative approach and insightful analysis contained in this volume will also be of interest to researchers in the fields of Theatre Studies, Art History, and Cultural Studies.

Basic Steps in Planning Nursing Research: From Question to Proposal is the perfect introduction to the research process. It details the development of an effective research plan, and guides readers through all stages of the process from finding a research topic, to the final written proposal. It takes an in-depth focus on the planning process which makes it an excellent tool for beginners while still being relevant to people at all levels of study who need to develop a research plan. The Seventh Edition continues to teach readers how to prepare an appropriate question and topic and the steps it takes formulate a conclusion. All of the chapters have been updated with new references and current information including a renewed focus on evidence-based practice and an expansion of research ethics. Proposals are included at the end of the text to help students learn. 2018 CFR e-Book Title 17 Commodity and Securities Exchanges Parts 240 to End Bloomsbury Publishing USA

The political dilemma of Ireland; the state of faith in England; the charms of the Beggar's Opera; the importance of puns . . . This selection gathers together some of Swift's most brilliant prose, from high politics to social gossip, from savage tirades to lighthearted social satire. In addition to his classic essays, the collection includes several of Swift's letters to Alexander Pope and other great thinkers of the age.
