**Best Volunteer Ever**

"Nonprofit Management: Principles and Practice provides an excellent overview of the complexities, management challenges, and importance of the nonprofit sector in the United States. It's easy-to-use format is appropriate for

undergraduates and entry-level nonprofit professionals who wish to develop a broader understanding of the nonprofit sector."

—Crystal Tull, University of San Diego  
 Michael J. Worth's student-friendly best-seller, *Nonprofit Management: Principles and Practice*, Fifth Edition, provides a broad, insightful overview of key topics affecting governance and

management of nonprofit organizations. Worth covers the scope and structure of the nonprofit sector, leadership of nonprofits, managing the nonprofit organization, fundraising, earned income strategies, financial management, nonprofit lobbying and advocacy, managing international and global organizations, and social entrepreneurship. Written specifically for students, this applied text

balances research, theory, and practitioner literature with current cases, timely examples, and the most recent data available. New to the Fifth Edition are new cases related to accountability and governance that highlight new approaches to recent controversies and risks to nonprofits. Cases include the Wounded Warriors Project, Sweet Briar College, 4-H, Housing First, the Chan-

Zuckerberg Initiative, the National Audubon Society, and an expanded study of governance issues at the Hershey Trust. Expanded discussions of risk management offer new insights on developing strategy, building capacity, and managing risk. New social networks and social media content provides students with practical strategies for using social media when fundraising and marketing. A new comprehensive case on the Girl Scouts of the USA recounts reforms undertaken by this iconic organization and current challenges it faces. The chapter on financial management has been substantially revised to reflect new requirements for nonprofit financial statements issued by the Financial Accounting Standards Board in 2016, as well as an expanded discussion of audits. An updated chapter on fundraising includes information on the Tax Cuts and Jobs Act passed in December 2017, which has implications for charitable giving. New references at the end of every chapter guide readers to relevant cases in the Appendix, making it easy for instructors to incorporate the cases into classroom discussions. Instructors: Log into the

password-protected Instructor Site at [study.sagepub.com/worth5e](http://study.sagepub.com/worth5e) for case activities, chapter-specific discussion questions, a Microsoft® Word® test bank, PowerPoint® slides, and more!

**Awesome P&C Volunteer**  
 Are you a volunteer with an organization, school, or project that needs to raise money? The Accidental Fundraiser is a how-to resource that guides you

through the process of raising money from your community. The book presents eleven proven fundraising strategies that are easy to carry out and don't require significant funds, large numbers of people, or extensive knowledge of fundraising. The authors, Stephanie Roth and Mimi Ho, show how to choose the right fundraising strategy (from house parties to bowl-a-thons) and include step-

by-step  
instructions  
for carrying  
out all of the

activities. In  
addition, The  
Accidental  
Fundraiser  
contains a

wealth of  
worksheets  
and practical  
tips.
