From two leading Christian apologists, here is a fascinating survey of the most important Old

and New Testament archaeological discoveries through the ages. Biblical archaeology has always stirred excitement among believers and curiosity among unbelievers. The evidence dug up with a spade can speak volumes--and serve as a powerful testimony of the reliability of Scripture. Norm Geisler and Joe Holden have put together an impressive array of finds that confirm the biblical peoples and events of ages past. In a user-friendly format written in popular style, they... examine the latest

finds and explain their significance include dozens of photographs provide an instructive chart of artifacts (along with fast facts) sample a variety of finds--papyri, inscriptions, scrolls, ossuaries, and more If readers are looking for just one book to cover this topic both concisely and comprehensively, this is it!

The Medieval Popular Bible Harvest House Pub Four Four Bible experts make a case for using the modern English translation of Scripture he

personally prefers; Douglas Moo (NIV 2011), Wayne Grudem (English Standard Version), Ray Clendenen (Holman Christian Standard Bible), and Philip Comfort (New Living Translation).

Tyndale House Publishers, Inc.

\*The Best Bible?\* is the ideal reference for those who want to navigate the bewildering number of English Bible translations available today. Whether you're looking for a biblical text that you can

trust or you're merely curious as to what makes each version unique, \*The Best Bible?\* will orient you with insights into the translation process and the kinds of decisions that the translators and editors have to make. It briefly surveys the rich (and treacherous) tradition of English Bible translation done by those who labored under repressive regimes and those paid with royal patronage. It will guide you through twelve contemporary English Bible versions, while demonstrating each

of their aims and accomplishments, so that you will feel competent to pick "the best Bible" for your reading, teaching, or preaching.

[The Quick-Start Beginner's Guide to the Bible](#) Oxford University Press

This resource enables biblical studies instructors to facilitate engaging classroom experiences by drawing on the arts and popular culture. It offers brief overviews of hundreds of easily accessible examples of art, film, literature, music,

and other media and outlines strategies for incorporating them effectively and concisely in the classroom. Although designed primarily for college and seminary courses on the Bible, the ideas can easily be adapted for classes such as "Theology and Literature" or "Religion and Art" as well as for nonacademic settings. This compilation is an invaluable resource for anyone who teaches the Bible.

James Kugel's *The Bible As It Was* (1997) has been welcomed with universal praise. Here now is the full scholarly edition of this wonderfully rich and illuminating work, expanding the author's findings into an incomparable reference work. Focusing on two dozen core stories in the Pentateuch--from the Creation and Tree of

Knowledge through the Exodus from Egypt and journey to the Promised Land--James Kugel shows us how the earliest interpreters of the scriptures radically transformed the Bible and made it into the book that has come down to us today. Kugel explains how and why the writers of this formative age of interpretation--roughly 200 B.C.E. to 150 C.E.--assumed such a significant role. Mining their writings--including the Dead Sea Scrolls, works of Philo and

Josephus and letters of the Apostle Paul, and writings of the Apostolic Fathers and the rabbinic Sages--he quotes for us the seminal passages that uncover this crucial interpretive process. For this full-scale reference work Kugel has added a substantial treasury of sources and passages for each of the 24 Bible stories. It will serve as a unique guide and sourcebook for biblical interpretation.

A Guide to Popular Reading Interests Society of Biblical Lit

In popular culture, the Bible is generally associated with films: The Passion of the Christ, The Ten Commandments, Jesus of Montreal, and many others. Less attention has been given to the relationship between the Bible and other popular media such as hip-hop, reggae, rock, and country and western music; popular and graphic novels; animated television series; and apocalyptic fantasy. This collection of essays explores a range of media and the way the Bible

features in them, applying various hermeneutical approaches, engaging with critical theory, and providing conceptual resources and examples of how the Bible reads popular culture—and how popular culture reads the Bible. This useful resource will be of interest for both biblical and cultural studies. The contributors are Elaine M. Wainwright, Michael Gilmour, Mark McEntire, Dan W. Clanton Jr., Philip Culbertson, Jim Perkinson, Noel Leo Erskine, Tex Sample, Roland Boer, Terry Ray

Clark, Steve Taylor, Tina Pippin, Laura Copier, Jaap Kooijman, Caroline Vander Stichele, and Erin Runions.

Translations Making the Most of Different Versions

The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades, and the time seems ripe for a broadly-conceived work that assesses the current state of the field, offers examples of work in that field, and suggests future directions for further

study. This Handbook includes a wide range of topics organized under several broad themes, including biblical characters (such as Adam, Eve, David and Jesus) and themes (like Creation, Hell, and Apocalyptic) in popular culture; the Bible in popular cultural genres (for example, film, comics, and Jazz); and "lived" examples (such as museums and theme parks). The Handbook concludes with a section taking stock of methodologies and the impact of the field on

teaching and publishing. The Oxford Handbook of the Bible and American Popular Culture represents a major contribution to the field by some of its leading practitioners, and will be a key resource for the future development of the study of both the Bible and its role in American popular culture.

*The Best Books* Moody Publishers  
From the author of the bestselling "Complete Book of Bible Trivia" (over 700,000 copies sold) comes this instant

reference guide to God's Word. This is the perfect foundational book for anyone who wants to learn about the Bible, its books, and the wonderful treasures within. Not everyone knows what the Bible is, why it was written, how chapter and verse numbers work, and why we even read it today. In this helpful guide, author Stephen J. Lang answers many key questions, including... What are the books in the Bible named for? Why are there two testaments? Why are there so many

versions? What do the chapter and verse numbers mean? Is the Bible the only "holy" book? This is an ideal resource for anyone who has never used the Bible before, as well as for new believers. It will give them a running start on getting to know the God who loves them, and understanding the written Word He has given them. *A Girl's Guide to Best Friends and Mean Girls* InterVarsity Press  
As soon as it appeared, How to Read the Bible was recognized as a

masterwork, “awesome, thrilling” (The New York Times), “wonderfully interesting, extremely well presented” (The Washington Post), and “a tour de force...a stunning narrative” (Publishers Weekly). Now in its tenth year of publication, the book remains the clearest, most inviting and readable guide to the Hebrew Bible around—and a profound meditation on the effect that modern biblical scholarship has had on traditional belief. Moving chapter by chapter,

Harvard professor James Kugel covers the Bible’s most significant stories—the Creation of the world, Adam and Eve, Cain and Abel, Noah and the flood, Abraham and Sarah, Jacob and his wives, Moses and the exodus, David’s mighty kingdom, plus the writings of Isaiah, Jeremiah, and the other prophets, and on to the Babylonian conquest and the eventual return to Zion. Throughout, Kugel contrasts the way modern scholars understand these events with the way

Christians and Jews have traditionally understood them. The latter is not, Kugel shows, a naïve reading; rather, it is the product of a school of sophisticated interpreters who flourished toward the end of the biblical period. These highly ideological readers sought to put their own spin on texts that had been around for centuries, utterly transforming them in the process. Their interpretations became what the Bible meant for centuries and centuries—until modern

scholarship came along. The question that this book ultimately asks is: What now? As one reviewer wrote, Kugel's answer provides "a contemporary model of how to read Sacred Scripture amidst the oppositional pulls of modern scholarship and tradition."

*The Collected Wisdom from the Greatest Books on Becoming Wealthy & Successful* Kregel Academic

The gold standard for readers' advisory, this book represents an

essential resource for LIS students and practicing librarians who want to better understand readers, reading interests, and fiction and nonfiction genres.

*New Testament Resources* B&H Publishing Group  
Noted pastor/teacher John MacArthur takes you through the key aspects of the Bible in this guide for students. For all 66 books, key doctrines, highlighted people, geographic, historical, and cultural background, cross references, how Christ is pictured,

character/attributes of God, explanations of key words and interpretive challenges will be examined. A User's Guide to Bible Translations Simon and Schuster

Answers complex questions about accuracy and translation methods for the many different English Bible translations, and introduces readers to Bible manuscripts and textual criticism. --from publisher description.

*Your Guide to Understanding & Living God's Word* InterVarsity Press

Early Americans have long been considered "A People of the Book" Because the nickname

was coined primarily to invoke close associations between Americans and the Bible, it is easy to overlook the central fact that it was a book-not a geographic location, a monarch, or even a shared language-that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture. Few books can lay claim to such powers of civilization-altering influence. Among those which can are sacred books, and for Americans

principal among such books stands the Bible. This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions. It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power, as well as a text with a powerful intellectual design that has inspired everything

from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and

foreign policy. This Handbook brings together a number of established scholars, as well as younger scholars on the rise, to provide a scholarly

overview--rich with bibliographic resources--to those interested in the Bible's role in American cultural formation.
