It has been said that Marrakech awakens all of the senses. Whether it is seeing the intricate zellige tilework; smelling the various spices sold at the souks; hearing the call to prayer emanate from the nearby mosques; touching the supple leather

used to make a pair of babouches (leather sandals); tasting a flavorful tagine, Marrakech never fails to excite. Located just west of the Atlas Mountains, the city has been inhabited by Berber farmers for centuries. It has been dubbed the "Ochre City" because of the proliferation of red sandstone buildings and the red city walls, which now enclose the Medina, home to Jemaa el-Fnaa, one of the busiest squares in Africa.

Le journaliste marocain Omar Brouksy est une des cibles majeures du logiciel Pegasus utilisé par les services secrets de son pays pour museler toute enquête ou voix critique, en traquant les sources des journalistes. À l'origine de cette surveillance, ses deux livres-enquêtes qui ont fortement irrité le Palais Royal. Interdits de vente au Maroc, ils restent incontournables pour comprendre comment le royaume chérifien a basculé dans l'espionnage de masse, jusqu'à cibler les dirigeants de l'État français. Mohammed VI derrière ses masques dévoile la face cachée d'un monarque ambigu. Nourrie d'entretiens dans les coulisses du palais royal, cette enquête

fouillée aborde tous les aspects d'une monarchie qui peine à mettre ses actes en conformité avec ses discours, se laisse déborder par les emportements du roi, éclabousser par les bévues de son entourage. Le Palais Royal et les grandes entreprises du pays sont livrés aux mains de quelques proches, fustigés par l'opinion publique sous l'expression de « monarchie des potes ». La République de sa Majesté explore les liaisons dangereuses entre élites françaises et pouvoir marocain, entretenues par des hommes et des femmes de l'ombre recrutés pour « protéger » l'image de la monarchie. La romance publique entre présidents français et souverain marocain n'échappe pas aux petits à-côtés matériels, chaque partie soignant l'autre par de juteux renvois d'ascenseurs, sans égard pour l'intérêt général. Appuyée sur de nombreux témoignages de première main, cette enquête en dit long sur le régime marocain comme sur les dérives de la République, toute acquise à « Sa Majesté ». Ces deux textes, essentiels pour comprendre ce qui se joue dans le scandale actuel, sont complétés par une postface inédite de l'auteur, récit de son expérience personnelle de « l'affaire ». Ancien correspondant de l'AFP au Maroc, journaliste et universitaire marocain, Omar Brouksy est une des rares voix indépendantes du journalisme dans son pays. Il est depuis des années espionné par les services marocains, et depuis 2018 visé par le logiciel Pegasus. Sa plainte dans cette affaire est appuyée par Reporters Sans Frontières.

To be a tourist in Libya during the period of Italian colonization was to experience a complex negotiation of cultures. Against a sturdy backdrop of indigenous culture and architecture, modern

metropolitan culture brought its systems of transportation and accommodation, as well as new hierarchies of political and social control. Architecture and Tourism in Italian Colonial Libya shows how Italian authorities used the contradictory forces of tradition and modernity to both legitimize their colonial enterprise and construct a vital tourist industry. Although most tourists sought to escape the trappings of the metropole in favor of experiencing "difference," that difference was almost always framed, contained, and even defined by Western culture. McLaren argues that the "modern" and the "traditional" were entirely constructed by colonial authorities, who balanced their need to project an image of a modern and efficient network of travel and accommodation with the necessity of preserving the characteristic qualities of the indigenous culture. What made the tourist experience in Libya distinct from that of other tourist destinations was the constant oscillation between modernizing and preservation tendencies. The movement between these forces is reflected in the structure of the book, which proceeds from the broadest level of inquiry into the Fascist colonial project in Libya to the tourist organization itself, and finally into the architecture of the tourist environment, offering a way of viewing state-driven modernization projects and notions of modernity from a historical and geographic perspective. This is an important book for architectural historians and for those interested in colonial and postcolonial studies, as well as Italian studies, African history, literature, and cultural studies more generally.

Poetic Justice is the first anthology of contemporary Moroccan poetry in English. The work is primarily composed of poets who began writing after Moroccan independence in 1956 and includes work written in Moroccan Arabic (darija), classical Arabic, French, and Tamazight. Why Poetic Justice? Moroccan poetry (and especially zajal, oral poetry now written in Moroccan Arabic) is often published in newspapers and journals and is thus a vibrant form of social commentary; what's more, there is a law, a justice, in the aesthetic act that speaks back to the law of the land. Poetic Justice because literature has the power to shape the cultural and moral imagination in profound and just ways. Reading this oeuvre from independence until the new millennium and beyond, it is clear that what poet Driss Mesnaoui calls the "letters of time" have long been in the hands of Moroccan poets,

as they write their ethics, their aesthetics, as well as their gendered and political lives into poetic being.

Jacques Majorelle grew up in France. He was the son of a famous cabinetmaker from Nancy, Louis Majorelle. When he began his travels, he was immediately attracted to the South of Morocco. The sensitivity of his work distinguishes him amongst the Orientalist painters. He sought to understand the subtle nuances of life in the country he loved. Whether painting landscapes from the Atlas or scenes within a casbah, he infused his subjects with

poetry and captured the authentic personality of the South.

Since its founding in the eleventh century, Marrakech has known an exceptional fate, as well as beauty. In this city, intricate design and craftsmanship can be found everywhere, in mosques, palaces, and schools, and even throughout ponds and gardens. Marrakech's famed hotel La Mamounia is intimately linked to this flourishing of Moroccan artisanship, which has contributed to making its status as a world-class venue. In 2009, La Mamounia finished a complete revival--thanks to three years of renovations organized by the French decorator Jacques Garcia, in close collaboration with many Moroccan craftsmen. Among its walls, floors, and tapestries, run your fingers over arabesques and fine calligraphy. The decorative repertoire here is of great wealth, an inheritance of both a Hispano-Moorish past and of the present local cultures, incorporated by Garcia. From the fineness of an embroidered silk to the splendor of carved marble, La Mamounia pays them all tribute, celebrating these materials integrated among the comfort and luxurious hospitality here. To turn the pages of this stunning book is to embark on a sensorial journey, one that celebrates the refined Moroccan lifestyle. Be a virtual guest at La Mamounia--where visitors enter and ascend a gorgeous staircase, inhaling the sweet fragrance of candied dates, to discover the hotel. Then, relax with a cool glass of almond-scented milk and platters of succulent dates, a way to welcome you in the traditional manner. In 130 illustrations, take a tour of La Mamounia, which holds an elegant balance between tradition and modernity. A visit to this oasis is to live in a contemporary tale of the Arabian Nights. Marrakech, le XXI<sup>e</sup> arrondissement de Paris ? « Le Paris du Sahara », comme le disait Churchill qui venait poser son cheval de peintre amateur dans les jardins de la Mamounia, le plus célèbre des hôtels de luxe du Maroc. C'est toujours vrai. De Nicolas Sarkozy à Dominique Strauss-Kahn, de Bernard Henri-Lévy à Jean-René Fourtou, le président du conseil de surveillance de Vivendi, les hommes politiques, de droite comme de gauche, les intellectuels de tous bords, les patrons du CAC 40, sans parler des vedettes du show-biz, se retrouvent à Marrakech. Ils y sont chez eux. Et c'est là, dans un riad de la médina, au bord de la piscine d'un palace, ou dans une villa au cœur de la palmeraie, que se nouent des pactes politiques et des alliances industrielles. En arrière-plan se dessine une Marrakech qui, sur fond de misère, offre des plaisirs sexuels interdits en Europe. L'attentat du café l'Argana qui, au printemps 2011, a coûté la vie de 17 personnes, dont 8 Français, a déjà fait vaciller l'engouement des Français pour Marrakech. L'entrée en force des islamistes au gouvernement va-t-elle définitivement détourner les touristes du royaume ? Et l'arrivée en France de la gauche au pouvoir sonnet-elle le glas des relations franco-marocaines ? Dans une enquête fouillée, menée sur place et côté français, les auteurs de ce Paris-

Marrakech dévoilent les relations quasi incestueuses et extravagantes qui unissent la France et le Maroc.
