Carly Simon's New York Times bestselling memoir, *Boys in the Trees*, reveals her remarkable life, beginning with her storied childhood as the third daughter of Richard L. Simon, the co-

founder of publishing giant Simon & Schuster, her musical debut as half of The Simon Sisters performing folk songs with her sister Lucy in Greenwich Village, to a meteoric solo career that would result in 13 top 40 hits, including the #1 song "You're So Vain." She was the first artist in history to win a Grammy Award, an Academy Award and a Golden Globe Award, for her song "Let the River Run" from the movie *Working Girl*. The memoir recalls a childhood enriched by music and culture, but also one shrouded in secrets that would eventually tear her family apart. Simon brilliantly captures moments of creative inspiration, the sparks of songs, and the stories behind writing "Anticipation" and "We Have No Secrets" among many others. Romantic entanglements with

some of the most famous men of the day fueled her confessional lyrics, as well as the unraveling of her storybook marriage to James Taylor.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling

novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for

inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human

motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Unfolding her story as the daughter of a brothel operator and witnessing these changes to her family, Charmaine traces the transformation of the Keong Saik area from the 1930s to the present, and

through writing, finds reconciliation. A beautiful dedication to the past, to memory, and to the people who have gone before us, 17A Keong Saik Road tells the rich stories of the Ma Je, the Pei Pa Zai, and the Dai Gu Liong—marginalised, forgotten women of the past, who despite their difficulties, persevered in working towards the hope of a better future.

We met the enigmatic and brooding Simon Serrailer in *The Various Haunts of Men* and got to know him better in *The Pure in Heart* and *The Risk of Darkness*. *The Vows of Silence*, the fourth crime novel featuring Chief Inspector Serrailer, is perhaps even more compulsive and convincing than its predecessors. A gunman is terrorizing young women in the cathedral town of Lafferton. What, if anything, links the apparently random murders? Is the marksman with the rifle the same as the killer with the handgun? With the complexity and character study that earned raves for *The Pure in Heart* and the relentless pacing and plot twists of *The Various Haunts of Men*, *The Vows of Silence* is truly the work of a writer at

the top of her form.

* #1 NEW YORK TIMES BESTSELLER * #1 INTERNATIONAL BESTSELLER * MORE THAN 2 MILLION COPIES SOLD! A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother’s dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called “calorie restriction,” eating little and

weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, “Your eyelashes are invisible, okay? You think Dakota Fanning doesn’t tint hers?” She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I’m Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi (“Hi Gale!”), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These

issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and

decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, I'm Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair.
