Basic Skills Curriculum Teacher Created Materials

Each page in Common Core Math Workouts for grade 7 contains two workouts; one for skills practice and one for applying those skills to solve a problem. These workouts make great warm-up or assessment exercises. They can be used to set the stage and teach the content covered by the standards. They can also be used to assess what students have learned after the content has been taught. Content is aligned with the Common Core State Standards for Mathematics and includes Geometry, Ratio and Proportional Relationships. The Number System, Expressions and Equations, and Statistics and Probability. The workbooks in the Common Core Math Workouts series are designed to help teachers and parents meet the challenges set forth by the Common Core State Standards. They are filled with skills practice and problem-solving practice exercises that correspond to each standard. With a little time each day, your students will become better

problem solvers and will acquire the skills they need to meet the mathematical expectations for their grade level.

For grades 6-8, our State Standards-based resource meets the measurement concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. We provide students the opportunity to learn, review, and master essential measurement skills by encouraging them to use, compare, analyze, and assess different units of measurement. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students will be asked to use standard as well as metric units of measure as they practice these measurement skills. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's

Taxonomy, STEM, and NCTM standards.
