MELISSA FITZPATRICK

An example of classical rhetoric in a post-modern speech Wipf and Stock Publishers

In his first inaugural address, Abraham Lincoln declared that as president he would "have no lawful right" to interfere with the institution of slavery. Yet less than two years later, he issued a proclamation intended to free all slaves throughout the Confederate states. When critics challenged the constitutional soundness of the act, Lincoln pointed to the international laws and usages of war as the legal basis for his Proclamation, asserting that the Constitution invested the president "with the law of war in time of war." As the Civil War intensified, the Lincoln administration slowly and reluctantly accorded full belligerent rights to the Confederacy under the law of war. This included designating a prisoner of war status for captives, honoring flags of truce, and negotiating formal agreements for the exchange of prisoners -- practices that laid the intellectual foundations for emancipation. Once the United States allowed Confederates all the privileges of belligerents under international law, it followed that they should also suffer the disadvantages, including trial by military courts, seizure of property, and eventually the emancipation of slaves. Even after the Lincoln administration decided to apply the law of war, it was unclear whether state and federal courts would agree. After careful analysis, author Burrus M. Carnahan concludes that if the courts had decided that the proclamation was not justified, the result would have been the personal legal liability of thousands of Union officers to aggrieved slave owners. This argument offers further support to the notion that Lincoln's delay in issuing the Emancipation Proclamation was an exercise of political prudence, not a personal reluctance to free the slaves. In Act of Justice, Carnahan contends that Lincoln was no reluctant emancipator; he wrote a truly radical document that treated Confederate slaves as an oppressed people rather than merely as enemy property. In this respect, Lincoln's proclamation anticipated the psychological warfare tactics of the twentieth and twenty-first centuries. Carnahan's exploration of the president's war powers illuminates the origins of early debates about war powers and the Constitution and their link to international law.

Paul Cook- historian and author of *Siege at the White House* has once again covered literary ground where few writers dare to tip toe, much less tread. In this revealing irreverent accomplishment, he has established a report card by which all of the Presidents have been graded. What makes Presidential Leadership by Example so unique is that each Chief Executive is not so much graded according to their political achievements or failures in the White House, but according to their personal values and perception by others as a proper role model. The following questions are now answered with historical honesty regardless of how popular the President may have been with society. Did they lead by example? Did they practice in their personal lives what they preached in their political life? Who was a real hypocrite? Was their political ambition dangerous not only to themselves, but to their families and nation as well? So, sit back, relax and get ready to meet the Presidents and many First Ladies, as you have never seen them before and held accountable for their personal actions in their first presidential report card on ethics.

"Here, as elsewhere. Elliott expertly joins the findings of social-scientific research with the insights of literary and theological analysis to clarify the 'good news' that is proclaimed in this often-overlooked New Testament writing."---Victor Paul Furnish. University Distinguished Professor of New Testament Emeritus, Southern Methodist University. "Affirming that 1 Peter represents from beginning to end a coherent and integrated line of thought, Prof. Elliott seeks to show in these two essays how this pastoral letter, forged to respond to the alienated situation of its readers, employs the conceptuality of the moral discourse and pivotal values of honor and shame that reigned in its contemporary world. The book is an excellent introduction to Prof. Elliott's seminal work in applying social-scientific analysis of this New Testament writing, and will richly reward its careful reader."---Paul J.

Achtemeier, Jackson Professor of Biblical Interpretation Emeritus, Union Theological Seminary, Richmond, VA "[This volume] reveals the letter in its own context, in such a way that we can appropriate its message and values into our own."---Carolyn Osiek, Professor of New Testament, Brite Divinity School

This book examines the notion of honor with an eye to dissecting its intellectual demise and with the aim of making a case for honor's rehabilitation. Western intellectuals acknowledge honor's influence, but they lament its authority. For Western democratic societies to embrace honor, it must

be compatible with social ideals like liberty, equality, and fraternity. Cunningham details a conception of honor that can do justice to these ideals. This vision revolves around three elements—character (being), relationships (relating), and activities and accomplishment (doing). Taken together, these elements articulate a shared aspiration for excellence. We can turn the tables on traditional ills of honor—serious problems of gender, race, and class—by forging a vision of honor that rejects lives predicated on power and oppression.

David F. Watson brings a new perspective to the "messianic secret," relying not on the Christological concerns of 19th- and 20th-century theologians, but on recent insights into the role of honor and shame in ancient Mediterranean culture on the part of social scientists. Mark's portrayal of Jesus simultaneously shows his ability to provide favors and benefits to others and his refusal to put himself forward or draw attention to himself as a benefactor, thereby teaching that in God's kingdom it is not the great and powerful who are most highly regarded, but the humble.

The Death Proclamation of Generation X BRILL

In this study, Wu explores how the concepts honor, shame, and guilt function in the book of Ezekiel, as well as in the wider contexts of their general use in anthropological or social-scientific approaches to biblical studies. He frames Ezekiel's key terms for honor (kabod), shame (bosh), and guilt ('awah) within an analysis of a broad perspective on these terms in the body of the Old Testament as a way of forming the "concept spheres" within which the specific instances of each term in Ezekiel sit. Wu gleans insight from the dominant contemporary definitions of honor, shame, and guilt in the fields of psychology and anthropology and their application to biblical studies, and he reflects on how this broader context informs and is informed by his analysis of Ezekiel. The study concludes by drawing together the implications and contribution of the analysis of Ezekiel and applying them to the development of social-scientific models for the future.

Honor Among Christians Teacher Created Resources

This study investigates the independent prerogative which Mary I and Elizabeth I exercised through royal proclamations. These public documents were announced throughout England, informing men and arguing the Queen's positions, commanding local officials to perform specific actions, and on occasion creating new but temporary law that was designed to meet crisis situation when no delay could be tolerated. The theoretical relationship between this prerogative power and the existing statutory law has been the subject of much debate. This study adds an element previously neglected, the investigation of the Queens' actual use of the proclamations, showing that they did innovate with vigour and legislate in them, but only to supplement and not supplant the law, and

within the limits slowly being formulated in the sixteenth century. Professor Youngs demonstrates how the proclamations affected domestic security and foreign affairs, social and economic matters, and religion.

A Prophet with Honor is the biography Billy Graham himself invited and appreciated for its sympathetic but frank approach. Carefully documented, eminently fair, and gracefully written, it raises and answers key questions about Graham's character, contributions, and influence on the world religious scene. In this engaging and comprehensive book, William Martin gives readers a better understanding of the most successful evangelist in modern history, and the movement he led for over fifty years. *A Prophet with Honor* makes a vital contribution to the Billy Graham legacy and allows us to understand why his words, actions, and personality endeared him to popes and preachers, kings and presidents, and millions of Christians in virtually every nation and culture around the world. Martin draws on extensive conversations with Graham himself nearly two hundred interviews previously untouched resources, including documents from six presidential libraries and the Billy Graham Evangelistic Association archives personal observation of Graham's crusades and conferences in the United States and Europe decades of research on evangelical Christianity Martin pays particular attention to Graham's controversial relationships with Presidents Lyndon Johnson and Richard Nixon. He also describes how Graham's lifelong determination "to do something great for God" led him to organize international conferences that spearheaded the worldwide spread of the liberating message of Jesus, and prompted him to help strengthen religious freedom in the Soviet bloc and China. Tracing Graham's life and ministry from his rural and religious roots in North Carolina to his place as the elder statesman of American evangelicalism, examining both his triumphs and his tribulations, Martin shows the multidimensional character of the man who has become one of the most admired persons in the world.

Christ's Victorious Church: Essays on Biblical Ecclesiology and Eschatology in Honor of Tom Friskney Xlibris Corporation

In a day when the church's voice is increasingly silenced by the world's opposition, a call to stand for the good fight of faith must be made. But in God's call to His people, He asks them to stand up by first kneeling down. In an address to Solomon, God said: "If my people who are called by my name shall humble themselves...then will I hear from Heaven and forgive their sin and heal their land." The first motion toward the awesome, sovereign God is downward, in humility. The title of the book, *Before Honor*, is taken from a verse from Solomon's Proverbs: "Before honor is humility." Before a hearing from heaven and preceding any honor to God or from Him is humility. The author of the book confirms this principle of humility with a plethora of Biblical evidence. Using a Biblical overview, the writer demonstrates the continuity of the theme from Genesis to Revelation, thus supporting the claim that humility is a fundamental attribute of God and the only attitude a follower can have that exalts and glorifies Christ. Though pride, the inverse of humility, is a destructive force, humility is a beneficent one. Humility is the hope of revival for all God's people.

Argument of Isaiah T. Williams, Esq., Before His Honor, Judge Betts, Upon the Question of the Jurisdiction of the Prize Court, in the Case of a Vessel Captured for a Breach of the Blockade Zondervan

Taking a hard, penetrating look at the despondent heart of darkness of the 1990s, *The Death Proclamation of Generation X* is a probing chronicle of America's thirteenth generation caught between the idealistic Baby Boomers and the well-financed Generation Y. Generation X was scapegoated and dismissed without the chance to prove themselves. Blending tenets of psychology, sociology, and cultural anthropology, author Maxim Furek offers a unique perspective to the post-modernist discourse by exploring the impact that personalities such as Andrew Wood, Kurt Cobain, Layne Staley, River Phoenix, Marilyn Manson, and Anna Nicole Smith left on that generation. Evaluating the psychological and sociological variables of goth, grunge, and heroin, Furek weaves a dark tapestry of this unique demographic group born between 1965 and 1978. *The Death Proclamation of Generation X* pieces together the complexities of Generation X to acknowledge their individuality, honor their existence, and to celebrate their future. They are a group with their own identity of music, attitude, and culture. The resilience of Generation X is but another example of the power of this special collection of people—a group of highly skilled and adaptive individuals. Penn State University has listed this book as recommended reading for "Introduction to Abnormal Psychology" and "Health Psychology."

The Cultural Key to the Messianic Secret Routledge

Seminar paper from the year 2008 in the subject English Language and Literature Studies - Literature, grade: 1,7, University of Duisburg-Essen, 7 entries in the bibliography, language: English, abstract:Subsequent mass demonstrations culminated in the March on Washington for Jobs and Freedom on August 28, 1963, in which more than 250,000 protesters gathered in Washington, D. C. It was on the steps of the Lincoln Memorial where King delivered his famous "I Have a Dream" speech. King is known as a charismatic orator. His way of persuading people was to use the power of words instead of physical violence. Words were his weapon and he knew how to use them. The same year after he had delivered this speech, he received the title "Man of the Year" by Time magazine. One year later, he was given the Nobel Peace Prize. This paper deals with "I Have a Dream", as a post-modern political speech in terms of classical rhetoric. "Martin Luther King, Jr. (January 15, 1929 - April 4, 1968), was one of the pivotal leaders of the American civil rights movement." After attending Morehouse College in Atlanta, King went on to study at Crozer Theological Seminary in Pennsylvania and Boston University, where he deepened his understanding of theological scholarship and explored Mahatma Gandhi's nonviolent strategy for social change. On December 5, 1955, after civil rights activist Rosa Parks refused to comply with Montgomery's segregation policy on buses, black residents launched a bus boycott and elected King president of the newly-formed Montgomery Improvement Association. The boycott continued throughout 1956 and King gained national prominence for his role in the campaign. In December 1956, the United States Supreme Court declared Alabama's segregation laws unconstitutional and Montgomery buses were desegregated. Seeking to build upon the success in Montgomery, King and other southern black ministers founded the Southern Christian Leadership Conference (SCLC) in 1957. In the spring of 1963, King and SCLC led mass demonstrations in Birmingham, Alabama, where local white police officials were known for their violent opposition to integration. Clashes between unarmed black demonstrators and police armed with dogs and fire hoses generated newspaper headlines throughout the world. President Kennedy responded to the Birmingham protests by submitting broad civil rights legislation to Congress, which led to the passage of the Civil Rights Act of 1964.
