The first photobook to deal frankly and artistically with the taboo subject of transgender sex. Italy's foremost erotic photographer and author of Cinema Hard, Perzan, has visited porn movie film sets to create a searing photo essay of men and women making love with pre-op transsexuals, breaking through all previous barriers of erotic publishing. Perzan's explicit images, at times haunting, raw, sensual and

uncompromising, capture a world that is compelling, bizarre and often shatteringly erotic.

Private Collection is a unique and fascinating publication of over 250 pornographic photographs from Danny Moynihan's personal collection, including images made by some of the earliest erotic photographers, right up to the 1940s. This publication visually documents attitudes about sex and pornography, and by so doing shows how they were developed alongside a 'correct' social and cultural behavioural code of restraint, particularly with regard to sexual intercourse and role-play. By providing a historical overview of nudity and sex in photography, the book offers an intriguing insight into the way pornography was made alongside the development of photography. Private Collection includes an extremely readable and informative essay by Cressida Connolly which discusses pornography from an historical perspective, the way the sex industry was used in the 19th century, and how this affected the production, function and availability of pornography: "There were no rules. It is the revolutionary newness of these images which makes them as exciting as their subjects."

La storia della fotografia di nudo è la storia delle persone che si sono fatte affascinare da questo soggetto. Infatti, la rappresentazione fotografica del corpo umano è l'unico soggetto che ha ammaliato fotografi, teorici e pubblico per un periodo di tempo così lungo - oltre 150 anni. Nessun altro motivo è così diffuso

durante tutte le fasi di sviluppo che formano la storia della fotografia, nessun altro è così presente, indipendentemente dalla tecnica, ed è oggetto di tante discussioni nel contesto di quasi tutti i movimenti estetici. Nessun altro tipo di soggetto ha prodotto una tale varietà di specialità: dall'interpretazione etnologica del corpo agli scatti di moda, fino alle pin-up di oggi. Nessun altro campo di applicazione della fotografia ha ispirato tanto desiderio, suscitando la collera ufficiale. 1000 Nudes offre una sezione trasversale della storia della fotografia di nudo, spaziando dai primissimi dagherrotipi e dalle prime fotografie etnografiche di nudi fino alla fotografia sperimentale. L'opera copre un periodo di tempo che spazia dal 1839 fino a circa il 1939, dagli albori di questo mezzo alla fine del classico periodo modernista. Tutte le immagini sono tratte dalla collezione di Uwe Scheid, che era uno dei più importanti collezionisti al mondo di fotografia erotica.
