Colorful and contemporary embroidery for the modern stitcher. There's something magical about embroidery—some floss, some stitches, some time, and suddenly a plain piece of material is transformed into a picture, a pattern, or a piece of geometric art. Embroidery today is moving away from the traditional to the modern, with motifs including everything

from cacti to crystals, simple white stitching on colored cloth, decorative stitches on denim, and mandala patterns as wall art. Laura Strutt has designed 35 modern makes taking you from the simplest of stitches to more sophisticated techniques. Each make has full step-by-step instructions and there are colored charts where needed for you to recreate the look exactly—but of course you can always choose your own colors if you prefer. With tips on everything from finishing pieces to color theory, and a techniques section covering all the stitches you will need to know, you can hand-embroider any of these projects with confidence.

Stash-busting embroidery projects for home décor, clothes, and accessories with folk art-inspired designs, by author of Modern Folk Embroidery. Big Embroidery is all about stitching beautiful designs up fast using yarn instead of embroidery thread. Designer Nancy Nicholson has created a collection of stunning designs based on

traditional crewel work, and adapted them for a modern audience using everyday yarn. Crewel embroidery is traditionally done using two-ply wool and stitched onto linen. Nancy shows how to get beautiful results using different types of yarn and fabric, including upholstery fabrics, woolens, and tweeds, to create a collection of stunning quick-to-stitch projects. Choose from home decor items such as cushions, bags, wall hangings and table runners, as well as ideas for embellishing clothing. Nancy shows readers how to do all the key embroidery stitches with a stitch library featuring easy-to-follow diagrams of all the basic crewel embroidery stitches in detail.

Expert crafter Clare Youngs has long been influenced by the folk art of cultures from around the world. Here she uses some of her favourite motifs to create 35 gorgeous projects to make. Clare uses traditional imagery as well as a more modern take on classic folk art—with beautiful results. The designs use a range of different embroidery stitches—including seed stitch, French knots, satin stitch, and cross stitch—to create striking arrangements. These embroidery patterns are then used to adorn a multitude of items made in a variety of fabrics including a picnic bag, purse, a gingham dress for a little girl, soft

toys, pillows, a table cloth, seat cover, buttons, and more. So whether you love the traditional style of Scandinavian needlecraft, with its hearts, flowers, and birds, or the intricate patterns and symbols of South American folk art, you are guaranteed to find something beautiful to make for yourself or to give as a gift. Each project comes with clear step-by-step instructions and beautiful illustrations, as well as a useful techniques section at the back, so first-time crafters will have no trouble making any of the projects, while more experienced stitchers will find plenty of inspiration and ideas.
