This edition is a wonderful collection of small character studies composed by Friedrich Burgmüller (1806-1874). Each piece presents a consistent technical problem, which is often the main idea of the piece, while at the same time having a distinct and lovely musical appeal. Each study is quite melodious and has a programmatic title. This edition may be used as a sequel to Burgmüller's

Sonate pour violoncelle et piano, op. 80 Mel Bay Publications

Here in a single volume is the original guitar method of Mateo Carcassi (1792-1853) translated to ENGLISH and SPANISH and published with his famous "25 Studies". Although regarded as moderately archaic in terms of modern guitar technique, Carcassi's time- proven method is second to none in its presentation of a graded learning system featuring scales, exercises, and engaging compositions in various keys. Written in standard notation only.

*Fernando Sor* Koenemann

The present new Urtext edition of Sor's didactic pieces takes a different approach to that taken by other editions even recent ones. In preparing the material for publication, Chanterelle strove to maintain a close adherence to the composer's own statements regarding the pieces as they appear in his various writings. At the same time, each individual reference was evaluated against other available historical evidence to determine the extent to which it truly represents Sor's applied technique, the way he actually performed these pieces himself. Opp.6, 12, 29, 31, 35, 44 & 60, with Historical Notes, Full Commentary, Thematic Index, and Playing Suggestions.

*The classical book* Mel Bay Publications

Together with The Baroque Book (97479), this book was compiled as part of an educational series implementing an innovative teaching concept developed by the UK branch of the European Guitar Teachers Association. This volume contains intermediate level classic guitar solos from the early 19th Century, including works by Aguado, Carcassi, Carulli, Coste, Diabelli, Giuliani, Molino, and Sor. The progressively arranged pieces are divided into three categories: 1) pieces that do not contain left-hand slurs or barres and do not go higher than the fifth position, 2) pieces that include half barres, single grace notes, and other examples

of the left-hand slur, and 3) pieces that include full barres along with multiple grace notes. Higher positions are required with greater frequency in the latter two sections. Overall, this anthology provides great sight reading practice at an intermediate level, along with ample historical and biographical notes.
