## ALANA CAITLYN

### **Selected Letters of Ananda K. Coomaraswamy** SteinerBooks

Lactantius has always commanded respect and admiration for his Latinity, but of his numerous works on various subjects only his Christian writings survive. He lived (c. AD 240-320) in an age of bureaucracy, inflation and narrow-minded ideology when civilized men had lost confidence in their world and when powerful forces were threatening the very existence and freedom of the Roman way of life. At such a time of crisis, with all the resources of the classical inheritance behind him, he turned to the god of the Christians. This makes his writing all the more significant for us today. Lactantius was not a great thinker, but he is very representative of his times, and he is perhaps the most Classical of all early Christian writers. This study provides a detailed analysis of his literary background and of the books that he actually read.

*Itinéraire descriptif, historique et artistique de l'Italie et de la Sicile* Princeton University Press

The J. Paul Getty Museum Journal 4 is a compendium of articles and notes pertaining to the Museum's permanent collections of decorative arts. This volume includes an introduction and two articles by Gillian Wilson, Curator of Decorative Arts. Volume 4 also features articles by Jiří Frel, the Museum's Curator of Antiquities; Edith Standen, Curatorial Consultant, Department of Western European Art, the Metropolitan Museum of Art in New York; Geraldine Hussman, California State University at Northridge; Jean-Luc Bordeaux, Professor of Art History and Director of the Fine Arts Gallery, California State University at Northridge; and Faya Causey, University of California, Santa Barbara.

*Philips' Handy-volume Atlas of the World* Routledge

The subject of this volume is that of the

establishment and embedding in the Tuscan countryside, and especially round Florence, of the new forms of piety propagated above all by the Mendicant orders. The volume brings together Professor de La Roncière's major articles on this topic, both detailed research studies and syntheses. Against the background of existing religious attitudes, he aims to describe the many new forms of pastoral activity and structures that were instituted, and to provide a picture of what the religious side of their life really meant to these communities. The final articles extend this analysis to include the city of Florence itself, examining the role of the confraternities there and the religious views of its merchants, its socio-economic elite. Ce volume a pour sujet l'établissement et l'enracinement de nouvelles formes de piété propagées surtout par les ordres mendiants en pays toscan et, plus particulièrement, aux alentours de Florence. Le volume rassemble les articles les plus importants du professeur de La Roncière sur ce sujet; À la fois études de recherches détaillées et de synthèse. C'est sur cet arrière-plan d'attitudes religieuses en existence, qu'il tente de décrire les nombreuses formes nouvelles d'activités et de structures pastorales qui furent instaurées dans ces communautés et ce que signifiait pour elles le côté religieux de leurs vies. Les derniers articles étendent cette analyse à la ville de Florence elle-même, en y examinant le rôle des confréries et le point de vue religieux de l'élite socio-économique qu'étaient ses marchands.

Ananda K. Coomaraswamy (1877-1947) was a pioneer in Indian art history and in the cultural confrontation of East and West. Finding a universal tradition in past cultures ranging from the Hellenic and Christian to the Indian, Islamic and Chinese, Coomaraswamy collated his ideas and symbols of ancient wisdom into essays. THE DOOR IN THE SKY is a collection of his writings on myth drawn

from his METAPHYSICS and TRADITIONAL ART AND SYMBOLISM.

The late Ananda K. Coomaraswamy, curator of Indian art at the Boston Museum of Fine Arts, uniquely combined art historian, philosopher, orientalist, linguist, and expositor in his person. His knowledge of the arts and handcrafts of the Orient was unexcelled and his numerous monographs on Oriental art either established or revolutionized entire fields. He was also a great Orientalist, with an almost unmatched understanding of traditional culture. He covered the philosophic and religious experience of the entire premodern world, east and west, and for him primitive, medieval European, and classical Indian experiences of truth and art were only different dialects in a

common language. Finally, Coomaraswamy was a provocative writer, whose erudition was expressed in a delightful, aphoristic style. The nine essays in this book are among his most stimulating. They discuss such matters as the true function of aesthetics in art, the importance of symbolism, and the importance of intellectual and philosophical background to the artist; they analyze the role of traditional culture in enriching art; they demonstrate that abstract art and primitive art, despite superficial resemblances, are completely divergent; and they deal with the common philosophy which pervades all great art, the nature of medieval art, folklore and modern art, the beauty inherent in mathematics, and the union of traditional symbolism and individual portraiture in premodern cultures.

*Ready Museum* Pickle Partners Publishing

In his foreword, Seyyed Hossein Nasr writes: "Over forty years have passed since the death of Ananda Coomaraswamy; yet his writings remain as pertinent today as when he wrote them, and his voice echoes in the ears of present-day seekers of truth and lovers of traditional art as it did a generation ago. In contrast to most scholarly works which become outdated and current philosophical opuses which become stale, Coomaraswamy's works possess a timeliness that flows from their being rooted in the eternal present. It is therefore with joy that one can welcome a new collection of essays of this formidable metaphysician and scholar."

*Harmonies* Cambridge University Press

Richard Clarke's dramatic statement to the grieving families during the 9/11 Commission hearings touched a raw nerve across America. Not only had our government failed to prevent the 2001 terrorist attacks but it has proven itself, time and again, incapable of handling the majority of our most crucial national-security issues, from Iraq to Katrina and beyond. This is not just a temporary failure of any one administration, Mr. Clarke insists, but rather an endemic problem, the result of a pattern of incompetence that must be understood, confronted, and prevented. In *Your Government Failed You*, Clarke goes far beyond terrorism to examine the inexcusable chain of recurring U.S. government disasters and strategic blunders in recent years. Drawing on his thirty years in the White House, Pentagon, State Department, and intelligence community, Clarke gives us a privileged, if gravely troubling, look into the debacle of government policies, discovering patterns in the failures and offering ways to halt the catastrophic cycle once and for all.
