Le oltre 130.000 parole
del dizionario sono

raggruppate, secondo molteplici analogie intorno a 3.500 voci fondamentali (appartenenti al vocabolario di base) e coprono tutte le aree semantiche della lingua italiana. I vocaboli appartengono a tutti gli ambiti del lessico italiano, in particolare: parole di ogni fase storica (attuali, disusate, antiche, rare...), fino a quelle recentissime, gergali, ecc. ; parole di ogni registro (colloquiale, familiare, volgare...) ; parole regionali, con

riferimento in particolare alle regioni di maggiore notorietà nazionale ; parole semplici e polirematiche ; parole straniere acclimatate in italiano ; parole di uso generico e termini tecnici delle diverse discipline e campi del sapere. Per ciascuna voce è fornita la qualifica grammaticale (sostantivo, aggettivo, verbo ecc.), spiegazione del significato, i rimandi alle altre voci del dizionario. Attraverso l'indice è possibile risalire dalle 130.000 parole presenti nel dizionario ad

una o più voci guida che per analogia rimandano a quel termine. La fitta rete di rimandi (oltre un milione e mezzo) lega le parole affini e consente di avere una visione più ricca e completa delle parole che sono in relazione tra di loro. *Bibliografia nazionale italiana* Studia Rapido The present volume results from the conference L'immagine miracolosa nella cultura tardomedievale e rinascimentale, which was held at the Danish Academy in Rome, 31

May - 2 June 2002. The aim of the conference was to shed light on a body of visual material, often neglected by art history, and thus to call attention to a new field of study in the visual arts of the Late Middle Ages and the Renaissance.

Italian Waters Pilot is the

only guide for yachtsmen in English that covers the coasts of the Tyrrhenian Sea, Sardinia, Sicily, the Ionian 'heel' and Malta in one volume. This new tenth edition builds on first-hand research by the authors through the Tuscan islands, along the Tyrrhenian and Ionian coasts, to Sardinia and Sicily, Malta and Gozo. Numerous revisions have been made throughout, with the text, plans and photographs undergoing a complete overhaul. Care has been taken to research the details of

marina developments. Where it has been available information is given on proposed changes and extensions to yacht harbours. Marine reserves are now an important feature of the coasts and off-lying islands, particularly in Sardinia and Sicily, and this edition provides updated details of the latest regulations. Climate change and extreme weather events are becoming a major issue and this edition includes a section on the how climate change might

affect sailing in the Mediterranean. Italian Waters Pilot is the last word on the area for yachts cruising there and on their way between western and eastern parts of the Mediterranean.

This fully updated 6th edition has had a complete facelift and is now published in full colour in a new format. Throughout, the work has been updated, and in places expanded. It now includes a list of useful

waypoints and routes for the entire Mediterranean which are shown on overprinted charts folded into the back of the book. The Mediterranean Cruising Handbook is a constant companion to the Imray Mediterranean Almanac and provides information on climate, equipment, radio, navigation, routes to the Mediterranean, history, marine life, food and basic information on each Mediterranean country.

Touring Editore
 The Spacious Word explores the history of Iberian expansion into the Americas as seen through maps and cartographic literature, and considers the relationship between early Spanish ideas of the world and the origins of European colonialism. Spanish mapmakers and writers, as Padrón shows, clung to a much older idea of space that was based on the itineraries of travel narratives and medieval navigational techniques. Padrón contends too that maps

and geographic writings heavily influenced the Spanish imperial imagination. During the early modern period, the idea of "America" was still something being invented in the minds of Europeans. Maps of the New World, letters from explorers of indigenous civilizations, and poems dramatizing the conquest of distant lands, then, helped Spain to redefine itself both geographically and imaginatively as an Atlantic and even global empire. In turn, such literature had a profound

influence on Spanish ideas of nationhood, most significantly its own. Elegantly conceived and meticulously researched, *The Spacious Word* will be of enormous interest to historians of Spain, early modern literature, and cartography.
