Today, September 2, 2013, I got this laptop. I decided that I will write letters to my future self and save them here. I'm kind of depressed, have been for about a month now. Some days I have a moment of feeling normal, but then it all crashes down again. I cut my fingers, so I don't have to worry about covering my arms, and it's easier that way. I think my last cut was yesterday, and yes I do cut deep enough for it to bleed, I like to see the blood mostly that's what I do it for, the pain isn't the main reason. Anyway I have a meeting with some councilor, and a yearbook meeting tomorrow, and I really don't want to go to school, but at least I get to miss NBI. Mum arrange a meeting with a counselor, and I don't mind that, it will make a twist in my boring life. Oh and my new favorite singer is Shana Ray, but my favorite band is My Lyrical Experience. Well I have to go, I'll write later.
