The Origin of Freemasonry and Knights

Templar Library of Alexandria
Have you ever wondered what do Freemasons do in their Masonic Rituals? The Freemasons themselves will not speak to anyone about their Masonic degrees or their secret rituals. Although the Freemasons are the keepers of secrets they are also a group with amnesia. The Masons have been blind to their history since they came out of total secrecy in 1717. Some Freemasons say that they are descended from the medieval stone guilds; the other side says that they are the direct descendants of the Knights

Templar! What is the truth? This is a no spin book on the Secrets of the Freemasons! Everything you ever wanted to know and never could find out is in this clear strait to the point book, without all the fluff. Just the real answers to your questions. These secrets most Freemasons them selves don't know because they are not in the higher degrees of Freemasonry and stopped at the third degree, which is the Master Mason degree. All three of the basic degrees of Freemasonry are covered and you get the real insight from a Freemason himself. Which signs and symbols of Freemasonry are truly important including the secret handshakes of the Freemasons. You will also find out why they hold secret armed guarded meeting! If you are a Freemason, you should know that this book was written by a Freemason and you would be surprised with what secrets you don't know! For wives, girlfriends, family members and people that just want to know more about the Freemasons, you will learn it in this book! If you are tired of asking your Mason, what exactly is going on in their meetings and always get a, Knights and Freemasons - the Birth of

Its mysterious symbols and rituals had been used in secret for centuries before Freemasonry revealed itself in 1717. But where had this powerful organization come from and why had Freemasonry been attacked by the Roman Catholic Church? Robinson answers those questions and more.

The Knights Templar of the Middle East Simon and Schuster

Explores the hidden history of Freemasonry from ancient Rome, through the Middle Ages, to the present • Shows the close connection between medieval masons and the Knights Templar • Illustrates the sacred nature of Roman and medieval trade associations • Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times, emphasizing that there is no direct bridge

connecting the two. Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple. Using medieval archives housed throughout Europe, historian Paul Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar. Church records of medieval Paris show that most, if not all, the Masons of that time were residents of the Templar censive, which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order. Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome. He traces the evolution of organizations such as the Comacine Masters, the Arab turuqs, and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar, all of which provide the vehicle for the transmission of a sacred tradition from pre-Christian times to the modern era. This tradition is the source of Masonic ritual and symbolism, and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the

spiritual principles of modern speculative Masonry.

The Origin of Freemasonry and Knights Templar (Classic Reprint) Forgotten Books
In this enthralling historical detective story, the authors of *The Holy Blood and the Holy Grail* trace the flight after 1309 of the Knights Templar from Europe to Scotland, where the Templar heritage was to take root, and would be perpetuated by a network of noble families. That heritage, and the Freemasonry that arose from it, became inseparable from the Stuart cause. *The Temple and the Lodge* charts the birth of Freemasonry through the survival of Templar traditions, through currents of European thought, through the mystery surrounding Rosslyn chapel, and through an elite cadre of aristocrats attached as personal bodyguards to the French king. Pursuing Freemasonry through the 17th and 18th Centuries, Michael Baigent and Richard Leigh reveal its contribution to the fostering of tolerance, progressive values, and cohesion in English society, which helped to pre-empt a French-style revolution. Even more dramatically, the influence of Freemasonry emerges as key facto in the

formation of the United States of America as an embodiment of the ideal 'Masonic Republic'.

The Last Refuge of the Knights Templar Random House

One of Freemasonry most respected and widely read authors gives us his account of the Crusades and the often reported connections between the Knights Templar and Freemasonry. Mackey was prolific as an author and his books included the *History of Freemasonry* in seven volumes, the *Encyclopedia of Freemasonry* in two volumes, *Symbolism of Freemasonry*, *Masonic Jurisprudence*, *Manual of the Lodge*, *Book of the Chapter*, *Principles of Masonic Law*, *Lexicon of Freemasonry* and *the Mystic Tie*. Included in this work is a biography of Mackey by Robert I. Clegg, who revised later editions of Mackey's classic *Encyclopedia of Freemasonry*.
The Origin of Freemasonry and Knights Templar Ian Allan Publishing
Discover the truth about the connection between the Knights Templar and the Freemasons! The third volume in Robert Lomas's Key trilogy, this book explains the relationship of the Knights Templar to modern-day Freemasonry. The

contemporary view of the Knights Templar, according to Lomas, has been romanticized and glorified to the point where it does not resemble the reality: namely, that the Knights Templar were uneducated religious zealots more akin to Al Qaeda than a true monastic order. The order only existed for a couple of hundred years, and was disbanded seven hundred years ago. Lomas asks the question, Why do people even care about them anymore? Lomas draws on Freemasonic information to answer this question and to explore the rituals and myths of the Knights Templar and how they relate to Freemasonry. Along the way, he delves into the mysteries of Roslin chapel, the history of agriculture, and the role of women in spreading it. At the heart of the book is Lomas's exploration of how the tolerant and inclusive spiritual practices of modern Freemasonry managed to grow out of what was effectively an order of suicide bombers. October 13, 2007 is the 700th anniversary of the Dissolution of the Knights Templar
The Origin of Freemasonry and the Knights Templar Rowman & Littlefield
Legendary Masonic authors, Albert Mackey

and Albert Pike take us on an amazing venture from the days of the Crusades and the Knights Templar to the creation of modern speculative Freemasonry in a collection of inspiring papers. Includes the rare, *The Order of the Temple* by Albert Pike. Edited by Michael R. Poll with a Foreword by S. Brent Morris.

[Historical Reminiscences of Morton Commandery, No. 4, Knights Templars, Stationed at New York City](#) Lewis Masonic Pub

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4,000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilisation's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Romans? Did the Knights Templar, the forerunners of modern Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a

reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

[Turning the Templar Key](#) Weiser Books
The true history of Freemasonry is much like the history of a nation. It has its historic and its prehistoric era. In its historic era, it can be traced through various antecedent associations, similar in design and organization, to a comparatively remote period. Its connection with these associations can be established by authentic documents and by other evidence, which no historian would reject. For the prehistoric era we no longer treat of Freemasonry under its present organization, which we know did not exist in those days, but of a science peculiar, and peculiar only, to the Mysteries and to Freemasonry, a science which we may call Masonic symbolism, and which constituted the very heartblood of the ancient and the modern institutions, and gave to them, while presenting a dissimilarity of form, an identity of spirit. Every human institution is subject to great

and numerous variations; the different aspects under which they appear, and the principles by which they are governed, depend on the advance of civilization, the nature of the protecting government, and the habits and opinions of the members themselves. The triumph of mind over matter was the great feat of the first architects, who were also the first natural philosophers. There is no speculation in the statement that these formed themselves into an association for improvement at an early date; and tradition informs us that this union of scientific men differed from the Freemasons of today in little more than in name. In Freemasonry, we see the important lesson of eternal life, taught by a legend, which, whether true or false, is used in Masonry as a symbol and allegory. But, whence came this legend? Did all lineal sources have this legend? The evidence is that they did. The connection of the Knights Templar with the Freemasons may much more plausibly be traced than that of the Knights of Malta. Yet the sources from which information is to be derived are for the most part traditional; authentic dates and

documents are wanting.

Freemason Random House

For the first time ever, a source from within reveals the shocking truth that the roots of the Knights Templar, and thus those of Freemasonry, were actually more deeply linked to Islam than to Christianity. The Knights Templar of the Middle East breaks new ground in this well-tilled sphere and is guaranteed to stir more fires of controversy than any other book to date on Freemasonry and Templars. Prince Michael writes with sterling scholarship, making full use of his access to libraries of the secret orders of which he is a member. The book delves deep to examine the true roots of this worldwide society, revealing both historical events from Europe to the Middle East and the author's own deeply personal, perilous journey to research and expose this hidden history. Going against the accepted history of the Freemason society as evolved from a remnant of Knights Templar who settled in Scotland, The Knights Templar of the Middle East takes readers much farther back to the true historical biblical land, based in Western Arabia rather than Palestine. The true secret of the Inner Circle of the Order

of the Templars was such that, had they revealed it, the knowledge would have rocked the cradle of Christian and Judaic beliefs.

Freemasonry and the Crusades: Robert I. Clegg Simon and Schuster

A captivating look into the society of the Knights Templar Brought to you by the author of Freemasons For Dummies, The Templar Code is more than an intriguing cipher or a mysterious symbol - it is the Code by which the Knights Templar lived and died, the Code that bound them together in secrecy, and the Code that inspired them to nearly superhuman feats of courage and endurance. The Templar Code for Dummies reveals the meaning behind the cryptic codes and secret rituals of the medieval brotherhood of warrior monks known as the Knights Templar. This intriguing guide will cover such topics as who the Knights Templar were, how they rose so high and fell so far, and most importantly why there is so much interest in them today. The Templar Code For Dummies will explore myths and theories

of Christian history that appear in the Da Vinci Code such as the quest for the Holy Grail, the Catholic Church's relationship with women that are hotly debated now with special emphasis on the Templar connection. It also explores the surprising part the Templars have played in some of the most important historic events of these past seven centuries, including the French Revolution, the birth of groups such as the Freemasons, and even the American Civil War.

Legendary Masonic authors Albert Mackey and Albert Pike take readers on an amazing history up to the creation of

modern speculative Freemasonry. Includes the very rare "The Order of the Temple."

The Knights Templars and the Complete History of Masonic Knighthood from the Origin of the Orders to the Present Time Robinson

"This remarkable exploration of intriguing people and events in Freemasonry sheds new light on how this brotherhood's practices, symbols and rituals took shape. An extraordinary wealth of documents is found in this pursuit, including parchment manuscripts dating to the 1300s. The roots of Freemasonry are traced to the building of Solomon's Temple, the rise of Christianity, and the Crusades in Europe. Masonry's controversial relationship with the Knights Templar and Vatican also takes on new and significant meaning. The emergence of this secretive society in Britain had a strong influence on George Washington, Benjamin Franklin and other Masons who helped create a new country in America. All those struggles are seen through the experiences of people who lived through these events--often told in their own words and drawn from remarkable collections of records dating from those times. They reveal

Freemasonry to be well-grounded in recognizable events, and show how its members influenced the world around them. Those influences are still felt in our lives today. Forty-five illustrations help bring to life this memorable journey of discovery."--Publisher description.

The Temple And The Lodge Independently Published

This commemorative volume celebrates the 50th anniversary of the founding of Calvary Commandery No. 13 of the Knights Templar in Providence, Rhode Island. The book provides a detailed history of the organization, including its founders, members, and activities over the years. With its wealth of information about the Knights Templar and the Freemasons, this book is a must-read for anyone interested in the history of fraternal societies. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Calvary Commandery, No. 13, Knights Templars, Providence, R. I. 1859-1909.

Celebration of the Fiftieth Anniversary, November 14-16, 1909 John Wiley & Sons

Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts. Classic Masonic writers including William Preston, Robert Gould, JSM Ward, AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion. Each has different ideas about how mystical knowledge came into Freemasonry. Some say that the Charter

of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century. All agree there is a Secret Lodge or House of Adepts who continue to teach "true" knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn, the Knights Templar, and Lodge Mother Kilwinning. Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers.

[Hand-book of the Grand Commandery of Knights Templar, State of New York, Containing the Constitution, Statutes, Regulations, Forms, and Ceremonies of the Order](#) Createspace Independent Publishing Platform

In the Compasses and the Cross, Stephen Dafoe, the author of *Nobly Born: An Illustrated History of the Knights Templar*, traces the origins and evolution of the Masonic Knights Templar from their

beginnings in the middle of the eighteenth century to its present form. Through the course of the book, Dafoe draws on his knowledge of the history of the original Order as well as that of the modern Masonic variant. Individual chapters will examine the various myths connecting the Templars and Freemasonry put forth by eighteenth and nineteenth century Freemasons including James Anderson, Andrew Michael Ramsay and Baron von Hund, as well as Scottish Freemasons such as William Alexander Lawrie and the Chevalier James Burnes. In addition to separating historical fact from masonic tradition, Dafoe also chronicles the differences in Masonic Templarism as it exists in Britain and the Dominion with that of the United States. An excellent and thought provoking addition to the existing information on the Knights Templar which will be essential reading for all Masons and general readers with an interest in this subject area.
