At fifteen, Tony Laporte is what many people would call a thoroughly spoiled kid. He gets away with a

lot because his parents want him to have all the things they never had. But when they surprise him by refusing to let him keep a stray dog he has found, Tony decides to teach them a lesson by running off in his mother's old Plymouth. Driving without a license in the middle of a severe snowstorm, he picks up a hitchhiker named Cindy Reichert, an aloof girl who has always had difficulty forming friendships. To impress Cindy, Tony tries to show off his driving skills and ends up

wrecking the car in a very desolated area far from the main highway. After spending precious days bickering with each other and waiting for rescue that never comes, they finally realize that their lives are at stake and they must cooperate to survive. The question is-- can they survive?

WINNER OF THE MARY HIGGINS CLARK AWARD Jenny Milchman's Cover of Snow is a remarkable debut, a gripping tale of suspense in the tradition of Gillian Flynn, Chris Bohjalian, and Nancy Pickard. Waking up one wintry morning in her old farmhouse nestled in the

Adirondack Mountains of New York, Nora Hamilton instantly knows that something is wrong. When her fog of sleep clears, she finds her world is suddenly, irretrievably shattered: Her husband, Brendan, has committed suicide. The first few hours following Nora's devastating discovery pass for her in a blur of numbness and disbelief. Then, a disturbing awareness slowly settles in: Brendan left no note and gave no indication that he was contemplating taking his

own life. Why would a rock-solid police officer with unwavering affection for his wife, job, and quaint hometown suddenly choose to end it all? Having spent a lifetime avoiding hard truths, Nora must now start facing them. Unraveling her late husband's final days, Nora searches for an explanation—but finds a bewildering resistance from Brendan's best friend and partner, his fellow police officers, and his brittle mother. It quickly becomes clear to

Nora that she is asking questions no one wants to answer. For beneath the soft cover of snow lies a powerful conspiracy that will stop at nothing to keep its presence unknown . . . and its darkest secrets hidden. Praise for *Cover of Snow* "Well-defined characters take us on an emotional roller-coaster ride through the darkest night, with blinding twists and occasionally fatal turns. examines life in a small town and explores the complexity of marriage. Fans of Nancy Pickard, Margaret Maron, and C. J. Box will be delighted to find this new author.”—Booklist (starred review)

A woman must

locate a snowflake for a magical trickster to save her frozen true love. A witch knocks upon a young man's door to take his life on Christmas day. A small boy meets a faerie housed within a snow drop. Once upon a time stories travelled from place to place on the tongues of merchants and thieves and kings alike. Under the blanket of night they were exchanged between children, and passed on to their children, and their children after them. Details were altered from

one generation to the next until thousands of tales existed where once there were few. In the spirit of these age-old stories comes *Once Upon a Winter*, a seasonal anthology of folk and fairy tales from 17 authors across the globe. It covers the Gothic, the romantic, the whimsical, the frightening and everything in-between, and features both intriguing twists on classic tales and exciting original stories. Asian & Asian American Studies. *ETERNAL SNOW* is a testament to the power of words to inspire, encourage, and heal across vastly disparate cultures and distant places. Over one hundred

and twenty-five poets from around the world come together in this anthology to explore their interactions, collisions, and intersections with Yuyutsu Sharma, renowned Himalayan poet, journalist, translator, and editor from Kathmandu, Nepal. The book is a clear example of the new world itinerancy of the modern poet, and the global efficacy of poetry, in that Yuyu's world travels have touched the hearts and minds of thousands of people who have heard

his readings around the world and read his words in print and online. Not all the contributors are professional poets. ETERNAL SNOW also captures the poetic voices of a hairstylist, a photographer, a Yoga teacher, a priest, a nurse, and a social scientist. In these pages, a young poet in Kathmandu sees her late father in Yuyu's face; a social worker conjures the Goddess of the Children while serving the Bhutanese refugees in California; a New York University professor

ponders an Asian challenge: setting her house on fire to become a real poet. The results captured in these poems attest to the literary collisions which occur when global poets meet. ETERNAL SNOW is a singular, remarkable, and moving work of art. Includes poetry by John Clarke, David Ray, James Ragan, Ravi Shankar, Eileen O'Connor, Gorka Lasa, Pascale Petit, Elena Karina Byrne, Chuck Joy, Amarendra Khatua, Ruth Danon, Tim Tomlinson, Verónica Aranda, David

Snow Bound

Createspace Independent Publishing Platform
 “Some ‘old school’ horror storytelling of the highest degree” from the award-winning author of Bone White (Bloody Disgusting). They come in with the snow. They are the snow . . . The blizzard begins pummeling the Midwest on Christmas Eve, leaving hundreds of passengers stranded at Chicago’s O’Hare International Airport. Todd Curry doesn’t need another reason to disappoint his

son, so he joins three other people in renting the last four-wheel drive available and they set out into the blinding snow. Only two hours into the treacherous trip west, Todd swerves to avoid a man in the middle of the highway. The stranger claims his daughter is lost somewhere out in the snow. Though his odd demeanor and ripped clothes make Todd and his group uneasy, they agree to take the man to the nearest town—if the now-damaged car can make it. What awaits

them at the next exit, however, is nothing they could have imagined. Around an empty town square, fires burn, cars are abandoned, storefronts are smashed. And there is no one to be seen—for now . . . But soon the shadows lurking on the edges of their vision will step into the light, and Todd and his fellow travelers will find themselves facing a sharp-scythed evil shaped from the snow, tearing its way into human form—and taking the neighborhood by storm.

“Malfi’s descriptive writing captures the cold and desperate scene in a way that will lure new fans to the genre.” —Las Vegas Review-Journal “An impressively atmospheric novel with a wicked streak.” —Dread Central
The Secret of Snow Laurel Leaf
 In her fourth collection, celebrated poet and author Megan Merchant uses the natural world as her canvas, mapping the abstract shape of the American social consciousness onto a wintry landscape of

marriage, motherhood, and grief. Suffused with autumnal decay and the silent promise of snow, Merchant's collection serves as a powerful distillation of the ageless themes of memory and loss.

A Western Winter Wonderland Silhouette
Writing, for Michael Snow, is as much a form of “art-making” as the broad range of visual art activities for which he is renowned, including the “Walking Woman” series and the film *Wavelength*. Conversely, many of the

texts included in this anthology are as significant visually as they are at the level of content — they are meant to be looked at as well as read. Situated somewhere between a repository of contemporary thought by one of our leading Canadian artists and a history book as it brings to light some important moments in the cultural life of Canada since the 1950s, these texts tell their own story, marking the passage of time, ideas and attitudes. The works included here, ranging

from essays and interviews and record album cover notes to filmscripts and speeches (which, in Snow’s hands, often fall into the category of performance art), are not only “built for browsing,” they offer insights into both the professional and the private Snow. Together, they expand the context of Snow’s work and show the evolution of a great Canadian artist, beginning with his early attempts at defining art, to his emergence and recognition on the

international art scene. This book is one of four books that are part of the Michael Snow Project. Initiated by the Art Gallery of Ontario and The Power Plant Gallery, the project also includes four exhibitions of his visual art and music.

Fairy tales retold—with a twist—from “some of our best storytellers” including Neil Gaiman, Gahan Wilson, Tanith Lee, and others (The Washington Post). In this “no holds barred . . .

nightmarish . . . provocative” collection, bestselling and award-winning fantasy masters put a dark, disturbing, and erotic spin on your favorite bedtime stories—and give you something entirely new to trouble your dreams (The New York Times Book Review). A boy is haunted through adulthood by a soul-eating creature that lies forever in wait under Neil Gaiman’s “Troll Bridge”; a melancholy amphibian shares his most private fantasies with a therapist in Gahan

Wilson’s “The Frog Prince”; in Tanith Lee’s “Snow-Drop,” a lonely artist invites seven circus performers into her home to satisfy an obsession; in Steve Rasnic Tem’s “Little Poucet,” a band of lost brothers find refuge and terror with a hungry family in the woods; and Wendy Wheeler delves into the deviant psyche of the predatory male in “Little Red.” Also featuring Nancy Kress, Charles de Lint, Melanie Tem, Patricia A. McKillip, Jack Dann, and others, all paying a revisit to our

favorite fairy tales in ways you've never dared to imagine.

Two reader-favorite stories about finding romance for the holidays... A Will and A Way Pandora McVie's life is tied up in knots. In order to respect her uncle Jolley's last wishes, she's stuck spending Christmas isolated in the Catskills with Michael Donahue, the cobeneficiary of her uncle's will. Jolley was a matchmaker to the end-- and apparently for some

time beyond. The infuriating Michael is hard to live with...but what's harder still is not falling in love with her nemesis. Local Hero After moving into a new Manhattan apartment and struggling to raise her son on her own, Hester Wallace doesn't have time for the holidays, let alone a romance. So when her neighbor Mitch Dempsey offers to watch her son, Radley, in the afternoons, she cautiously accepts. Yet the more time she spends with Mitch, the more difficult it becomes

to deny the attraction. She's starting to rely on Mitch...and worse, she's letting him into her heart. Previously published. *Spring* Scholastic Inc. The forecast is calling for a reluctant homecoming and regrettable decisions with a strong chance of romance... When Sonny Dunes, a SoCal meteorologist whose job is all sunshine and seventy-two-degree days, is replaced by a virtual meteorologist that will never age, gain weight or renegotiate its contract, the only station willing to

give the fifty-year-old another shot is the very place Sonny's been avoiding since the day she left for college--her northern Michigan hometown. Sonny grudgingly returns to the long, cold, snowy winters of her childhood...with the added humiliation of moving back in with her mother. Not quite an outsider but no longer a local, Sonny finds her past blindsiding her everywhere: from the high school friends she ghosted, to the former journalism classmate and

mortal frenemy who's now her boss, to, most keenly, the death years ago of her younger sister, who loved the snow. To distract herself from the memories she's spent her life trying to outrun, Sonny throws herself headfirst into covering every small-town winter event to woo a new audience, made more bearable by a handsome widower with optimism to spare. But with someone trying to undermine her efforts to rebuild her career, Sonny must make peace with who she used

to be and allow her heart to thaw if she's ever going to find a place she can truly call home.

Winter Neverland

HarperCollins

Simple text and photographs present snow, how it is formed, and how it affects the Earth and people.

Moon of the Crusted Snow Macmillan

Veteran ski writer Porter Fox captures the 8,000-year-old sport of skiing, the miracle of snow and the truth of how climate change could wipe out both in the next 75 years.

The narrative follows the unlikely rise of skiing from prehistoric Norwegian hunters to nobility in the Alps in the 1800s to present-day freeriders on the vaunted slopes of the Rocky Mountains. Fox talks to alpinists about the allure and mysticism of the sport and to scientists about climate change and its effect on snow ultimately finding a story far larger than the demise of skiing. Fox uses primary interviews and evidence, mixed with scientific studies, to explain exactly how and

when the Great Melt will play out and the groundswell that is rising up to stop it. DEEP provides firsthand accounts from skiers and scientists who are mapping a way to mitigate climate change, reduce human impact on our planet and repair the water cycle. As it turns out, their efforts to save snow and ice might end up saving the world. *Once Upon a Winter: A Folk and Fairy Tale Anthology*: A Harper Collins Sometimes you have to
