Suwannee County is filled with forgotten echoes of its lost past, from demolished pioneer homes to defunct railroads to lost forts from the Seminole Wars. In the 1830s, ecotourism arrived. Local sulfur springs, with their grand hotels and health resorts, drew

travelers from around the world for a dip in the same healing waters of the Suwannee River traversed by steamboats. Thundering iron horses brought citizens and industry into the county, making Live Oak one of the largest cities in Florida in the early twentieth century. Landmarks and communities like the opulent Suwannee Springs resort and the once-flourishing riverbank town of Columbus disappeared in the face of progress. Lifelong resident and historian Eric Musgrove launches an entertaining and informative journey through Suwannee County's lost history. The Southern Reporter Routledge Education Law, 5th

Edition is organized around the belief that students need to read court cases to understand the subtlety and richness of the law, but for legal neophytes, cases without discussion and interpretation are often too difficult to comprehend. This textbook provides a comprehensive survey of the legal problems and issues that confront school administrators and policymakers today. Thus, the text balances an explanation of the important principles of education law, with actual court decisions to illuminate these concepts. The court decisions are carefully edited to highlight issues most relevant to administrators, and each chapter explores implications for policy

and practice. This new edition features additional content on bullying, student privacy, free speech rights, teacher evaluation, collective bargaining, and issues relating to Internet and technology as well as revised materials dealing with education policy and updating of references and case law throughout. A companion website with materials for students and instructors, including links to full cases, a glossary of key concepts, and discussion questions to help students further engage with the content.

Updated with a new introduction, Johnson's honest, often hilarious, first-person account of censorship in its modern form provides valuable insight into why the books children read at school remains a controversial issue, and why free speech in America remains a precarious right. Johnson fights tirelessly to keep texts like *Lysistrata* and "The Millers Tale" in Florida school textbooks regardless of a preacher's efforts to take them out. Readers are given a glimpse into the courtroom and all the drama, passion, and hard work that follows. Johnson's writing is witty, emotional, and humorous, and it makes you want to jump in and fight censorship and book

banning right alongside her. For anyone who has ever wondered just how far those who seek to ban books will go in limiting free expression, this book proves once again that the personal is political. At a time when book banning has reached new heights, parents and teachers, writers, and readers will all benefit from Johnson's experience and be touched by her spirit and courage.

A full cup must be carried steadily; in many regards, my cup has overflowed with blessings. I lived most of my life as a public figure, but the most important things I have accomplished were in the shadows when I

was alone and could ponder life's meaning. I have endeavored to tell my story with the facts and dates while blending enough narrative to make the journey through these pages enjoyable. Come walk with me through the pages of my life from child to man; from son to parent; from an Army Private washing dishes to a Commanding Brigadier General; from student to teacher; from a sinner lost to a sinner saved. I have been a servant of humanity, a helpmate to one woman, a father, a grandfather, and best of all a friend to God. Enjoy the trip; it is my gift to you. It has been a blessing to walk the unknown journey while trusting in divine providence to lead the way. Most of my

traveling is behind me now, but there still lies a measure ahead in my walk through life's honorable path.
