The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called *Le Cirque des Rêves*, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this

purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance.

San Francisco is the endgame of gentrification, where racialized displacement means that the Black population of the city hovers at just over 3 percent. The Robeson Justice Academy opened to serve the few remaining low-income neighborhoods of the city, with the

mission of offering liberatory, social justice--themed education to youth of color. While it features a progressive curriculum including Frantz Fanon and Audre Lorde, the majority Latinx school also has the district's highest suspension rates for Black students. In *Progressive Dystopia* Savannah Shange explores the potential for reconciling the school's marginalization of Black students with its sincere pursuit of multiracial uplift and solidarity. Drawing on ethnographic fieldwork and six years of experience teaching at the school, Shange outlines how the school fails its students and the community because it operates

within a space predicated on antiblackness. Seeing San Francisco as a social laboratory for how Black communities survive the end of their worlds, Shange argues for abolition over revolution or progressive reform as the needed path toward Black freedom. [Graffiti Planet](#) Tachyon Publications

In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which

are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke

becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute.

“An absolutely mesmerizing read. . . .

Tana French is simply this: a truly great writer.” —Gillian Flynn
Read the New York Times bestseller by Tana French, author of the forthcoming novel *The Hunter* and “the most important crime novelist to emerge in the past 10 years” (*The Washington Post*). A year ago a boy was found murdered at a girls’ boarding school, and the case was never solved.

Detective Stephen Moran has been waiting for his chance to join Dublin’s Murder Squad when sixteen-year-old Holly Mackey arrives in his office

with a photo of the boy with the caption: “I KNOW WHO KILLED HIM.” Stephen joins with Detective Antoinette Conway to reopen the case—beneath the watchful eye of Holly’s father, fellow detective Frank Mackey. With the clues leading back to Holly’s close-knit group of friends, to their rival clique, and to the tangle of relationships that bound them all to the murdered boy, the private underworld of teenage girls turns out to be more mysterious and more dangerous than the detectives imagined.

Jaws."—Booklist The challenge: Spend a week hiding in an abandoned amusement park and don't get caught. The prize: enough money to change everything. Even though everyone is desperate to win—to seize a dream future or escape a haunting past—Mack is sure she can beat her competitors. All she has to do is hide, and she's an expert at that. It's the reason she's alive and her family isn't. But as the people around her begin disappearing one by one, Mack realizes that this competition is even more sinister than she imagined, and that together might be the only way to survive. Fourteen competitors. Seven days. Everywhere to hide but nowhere to

run. Come out, come out, wherever you are. **Seeing Like a State** St. Martin's Essentials Spontaneous, in-your-face and unauthorised, the work of street artists and graffiti writers demands our attention. Wildly creative and often subversive, street art shows that just because a work isn't in a gallery doesn't mean it's not art. From Sao Paulo to Sydney, New York to Tokyo, these artists exhibit their work in the world's most accessible museum – the street – sharing their vision with a public unable to avoid their work, like it or not. At its best, street art is not simply about slogans or personal promotion but is playful, creative and often beautiful, drawing on the energy

of its surroundings. The World Atlas of Street Art and Graffiti focuses on the most prolific and interesting artists from around the globe – including 12 Australians. Saved by a Song Michael O'Mara Books From Banksy and Blek le Rat to Nick Walker and Shepard Fairey, the street art movement continues to sweep the globe. This exciting and dynamic art form has captured the imaginations of art-lovers everywhere, appearing in high-profile exhibitions and galleries. In this introduction to some of the world's most exciting street artists, world-renowned graffiti artist, painter, and graffiti historian KET brings together another 100 awe-

inspiring images of urban art from around the world. With full-color glossy photographs of some of the most extraordinary graffiti art from around the world, this follow-up to *Graffiti Planet* will fascinate and inspire anyone excited by this imaginative and relevant art form.

A singular fatality has ruled the destiny of nearly all the most famous of Leonardo da Vinci's works. Two of the three most important were never completed, obstacles having arisen during his life-time, which obliged him to leave them unfinished; namely the Sforza Monument and the Wall-painting of the Battle of Anghiari, while the third—the picture of the Last Supper at Milan—has suffered irremediable injury from decay and the repeated restorations to which it was recklessly subjected during the

XVIIth and XVIIIth centuries. Nevertheless, no other picture of the Renaissance has become so wellknown and popular through copies of every description. Vasari says, and rightly, in his Life of Leonardo, "that he laboured much more by his word than in fact or by deed", and the biographer evidently had in his mind the numerous works in Manuscript which have been preserved to this day. To us, now, it seems almost inexplicable that these valuable and interesting original texts should have remained so long unpublished, and indeed forgotten. It is certain that during the XVIth and XVIIth centuries their exceptional value was

highly appreciated. This is proved not merely by the prices which they commanded, but also by the exceptional interest which has been attached to the change of ownership of merely a few pages of Manuscript. That, notwithstanding this eagerness to possess the Manuscripts, their contents remained a mystery, can only be accounted for by the many and great difficulties attending the task of deciphering them. The handwriting is so peculiar that it requires considerable practice to read even a few detached phrases, much more to solve with any certainty the numerous difficulties of alternative readings, and to master the sense as a connected whole. Vasari observes

with reference to Leonardos writing: "he wrote backwards, in rude characters, and with the left hand, so that any one who is not practised in reading them, cannot understand them". The aid of a mirror in reading reversed handwriting appears to me available only for a first experimental reading. Speaking from my own experience, the persistent use of it is too fatiguing and inconvenient to be practically advisable, considering the enormous mass of Manuscripts to be deciphered. And as, after all, Leonardo's handwriting runs backwards just as all Oriental character runs backwards—that is to say from right to left—the difficulty of reading direct from the

writing is not insuperable. This obvious peculiarity in the writing is not, however, by any means the only obstacle in the way of mastering the text. Leonardo made use of an orthography peculiar to himself; he had a fashion of amalgamating several short words into one long one, or, again, he would quite arbitrarily divide a long word into two separate halves; added to this there is no punctuation whatever to regulate the division and construction of the sentences, nor are there any accents—and the reader may imagine that such difficulties were almost sufficient to make the task seem a desperate one to a beginner. It is therefore

not surprising that the good intentions of some of Leonardo's most reverent admirers should have failed.

Street Art and the War on Terror Phaidon Press

The first collection to address the collective transformation happening in response to the rise of social media With the rise of web 2.0 and social media platforms taking over vast tracts of territory on the internet, the media landscape has shifted drastically in the past 20 years, transforming previously stable relationships between media creators and consumers. The Social

Media Reader is the first collection to address the collective transformation with pieces on social media, peer production, copyright politics, and other aspects of contemporary internet culture from all the major thinkers in the field. Culling a broad range and incorporating different styles of scholarship from foundational pieces and published articles to unpublished pieces, journalistic accounts, personal narratives from blogs, and whitepapers, The Social Media Reader promises to be an essential text, with contributions from Lawrence Lessig, Henry Jenkins, Clay Shirky, Tim O'Reilly, Chris Anderson, Yochai Benkler, danah boyd, and Fred von

Loehmann, to name a few. It covers a wide-ranging topical terrain, much like the internet itself, with particular emphasis on collaboration and sharing, the politics of social media and social networking, Free Culture and copyright politics, and labor and ownership. Theorizing new models of collaboration, identity, commerce, copyright, ownership, and labor, these essays outline possibilities for cultural democracy that arise when the formerly passive audience becomes active cultural creators, while warning of the dystopian potential of new forms of surveillance and control.

The Hidden Language of Symbols Fulcrum Group

This truly global and visually stunning compendium showcases some of the most breath-taking pieces of street art and graffiti from around the world. Since its genesis on the East Coast of the United States in the late 1960s, street art has travelled to nearly every corner of the globe, morphing into highly ornate and vibrant new styles. This unique atlas is the first truly geographical survey of urban art, revised and updated in 2023 to include new voices, increased female representation and cities emerging as street art hubs. Featuring specially commissioned works from major graffiti and street art practitioners, it offers you an insider's view of the urban landscape as the

artists themselves experience it. Organized geographically, by continent and by city – from New York, Los Angeles and Montreal in North America, through Mexico City and Buenos Aires in Latin America, to London, Berlin and Madrid in Europe, Sydney and Auckland in the Pacific, as well as brand new chapters covering Africa and Asia – it profiles more

than 100 of today's most important artists and features over 700 astonishing artworks. This beautifully illustrated book, produced with the help of many of the artists it features, dispels the idea of such art as a thoughtless defacement of pristine surfaces, and instead celebrates it as a contemporary and highly creative inscription upon the skin of the built environment.
