Seven burgeoning entrepreneurs bare their souls and share the heart-wrenching intimate wellness testimonies. They overcame hardships to collect ambitious energy to help raise awareness about mental health in the Black & Brown communities.

Longing to Love John Wiley & Sons

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. “The word ‘love’ is most often defined as a noun, yet we would all love better if we used it as a verb,” writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society’s failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question “What is love?” her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The Philosophy of Fine Art Simon and Schuster

Have you noticed that everyone and their mama is giving advice on relationships these days? I say that jokingly, however it's a true statement!

Everyone claims to be an expert at this or certified in that, which is okay. I'm putting you experts and critics on notice right now and letting you know that I'm no expert! I also don't claim to be perfect because we've all made mistakes. In fact, I don't even believe in the word perfect because there's always room for improvement, especially when it comes to relationships. I consider myself to be a student of life and I strongly encourage you to consider yourself the same. It's time to start investing in yourself! As a husband, father, life coach, author, speaker, and blogger, I understand the importance of healthy relationships.

Let's Talk about Love Workman Publishing

Do you fall in love hard, but fear intimacy? Are you sick of being told that you are “too sensitive”? Do you struggle to respect a less-sensitive partner?

Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And, if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Aron’s groundbreaking research on temperament and intimacy, The Highly Sensitive Person in Love offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low-stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations. Complete with illuminating self-tests and the results of the first survey ever done on sex and temperament, The Highly Sensitive Person in Love will help you discover a better way of living and loving.

The Five Love Languages Moody Publishers

Yes, humans and canines are different species, but current research provides fascinating, irrefutable evidence that what we share with our dogs is greater than how we vary. As behaviorist and zoologist Dr. Patricia McConnell tells us in this remarkable new book about emotions in dogs and in people, more and more scientists accept the premise that dogs have rich emotional lives, exhibiting a wide range of feelings including fear, anger, surprise, sadness, and love. In For the Love of a Dog, McConnell suggests that one of the reasons we love dogs so much is that they express emotions in ways similar to humans. After all, who can communicate joy better than a puppy? But not all emotional expressions are obvious, and McConnell teaches both beginning dog owners and experienced dog lovers how to read the more subtle expressions hidden behind fuzzy faces and floppy ears. For those of us who deeply cherish our dogs but are sometimes baffled by their behavior, For the Love of a Dog will come as a revelation—a treasure trove of useful facts, informed speculation, and intriguing accounts of man’s best friend at his worst and at his very best. Readers will discover how fear, anger, and happiness underlie the lives of both people and dogs and, most important, how understanding emotion in both species can improve the relationship between them. Thus McConnell introduces us to the possibility of a richer, more rewarding relationship with our dogs. While we may never be absolutely certain what our dogs are feeling, with the help of this riveting book we can understand more than we ever thought possible. Those who consider their dogs part of the family will find For the Love of a Dog engaging, enlightening, and utterly engrossing.

How to Find True Love Ballantine Books

Where sex is a currency, or a weapon. Where power ends in corruption, or violence. Where the worst thing to happen is for the best, sometimes. This title includes nine stories of cavort jealous.

The Forever Letter Barbour Publishing

A must-read book for anyone involved in a dangerously obsessive relationship. Confusing Love with Obsession is a must-read for anyone involved in a dangerously obsessive relationship. Fueled by an overwhelming fear of abandonment, people involved in obsessive relationships will go to extreme lengths to control their partner. Here, John D. Moore draws from excruciating real-life stories and personal experience to reveal the inner workings of obsessive relationships. More important, Confusing Love with Obsession helps readers develop a new self-awareness and healthy relationship--free from preoccupation with an object of obsession.

Unconditional Love Sucks!: How an Old Myth Ruins Relationships Createspace Independent Publishing Platform

What You Don't Know about Yourself Will Hinder You. What You Don't Know about Men Will Hurt You. What You Don't Know about Relationships Will Cost You. Why does the modern-day search for romance so often end in disappointment, especially for women? Is it something we do? Something we don't do? Are we missing important information about the opposite sex—or about ourselves? Is there something wrong with us that we long so desperately for "til death do us part"? Sadly, many women today see their ongoing singleness as a weakness or lack of worth. In truth, our dreams go unfulfilled not because we do not deserve for them to come true, but often because of wrong assumptions—assumptions that can easily be corrected. Drawing on both male and female perspectives, this book deals with the hard issues and questions you and other women ponder as you consider how to obtain lasting love. What Women Don't Know (and Men Don't Tell You) will help you adjust your desires, redefine what you are attracted to, set your values in order, and determine your goals—freeing you at last to pursue the loving relationship you desire.

The Practice of Love SAGE Publications

The social system of 'courtly love' soon spread after becoming popularized by the troubadours of southern France in the twelfth century. This book codifies life at Queen Eleanor's court at Poitiers between 1170 and 1174 into "one of those capital works which reflect the thought of a great epoch, which explain the secret of a civilization."

Consider Love Routledge

Do you remember the ecstasy of a first love, when every thought was filled with your beloved? The Inner Life of Love tells that story. But the captivating relationship involves humanity and the Divine mind. It tells the tales of the turbulence of discovery and ecstasy of remembrance while living in love with God. The photos (by the author) create metaphoric avenues for contemplation, while the words express the surrenders and struggles of a sacred relationship. The Inner Life of Love invites the reader to join in a treasure hunt, as an active participant in this search for bliss. The book is reminiscent of psalms of love and skirmishes with spiritual antagonists. But always, it calls the reader back to consider love and compassion.

The Sabbath Recorder Image

A Must Read for Struggling Lovers or Those Looking to Make the PlungeQuestion: If Unconditional Romantic Love actually worked, then why is the marriage failure rate still almost 50%? And why is 50% of today's young adults too afraid to even try marriage?In this fun and provocative exploration, J.A. Dougherty cuts through love myths that end up crippling relationships. The author, a financial counselor to couples, has seen it all: the good, the bad, and the absolutely ridiculous. And surprisingly, money matters are just a small part of it! Along the way, Dougherty also highlights celebrities and romantic comedy characters who travel down the rocky road of love like the rest of us, only to find that nasty detour on the way to forever-ness. In Unconditional Love Sucks!, you'll discover where all the hidden speed bumps are. After Dougherty humorously demolishes the misconceptions that surround unconditional love, the writer re-constructs what successful relationships need in order to last longer than just that great online date.In this groundbreaking book, you'll learn new strategies that may blow your mind, but will make for a better love life, especially during these days of changing roles and attitudes. You'll learn to: - not rely on unconditional love as a path for success - be aware of your partner's-and your own-true relationship objectives - not count on your partner to change-at least for the better - avoid co-mingling finances with your lover, even after moving in together - consider love bonds other than legal marriageBuckle your seat belt and enjoy a lighthearted and absorbing journey of love like you've never had. Unconditional Love Sucks! clears the path for a new generation and all their romantic possibilities. Get your copy now. Click the order button and start your journey!

What Women Don't Know (and Men Don't Tell You) Moody Publishers

A forever letter is a gift that will be read over and over again Inspired by the centuries-old Jewish tradition of the ethical will, a forever letter is a perfect way to share your most precious possessions: your values, wisdom, and love with the people who matter to you most. And you don't have to do it alone. Through empowering stories, sample letters, and writing tips, author Elana Zaiman serves as your companion on this journey of self discovery and deepening relationships. Praise: "I love this little book because it's about writing real letters, a lost art in our time. Even more important, it's about writing letters that matter to people who matter to us. What could be better than putting words to paper to tell people who we are and what we are becoming, and what it is that we cherish and value—thanking them for the way they helped point us toward our own North Star?"—Parker J. Palmer, author of Let Your Life Speak and A Hidden Wholeness "Elana Zaiman has a mission: She loves connection, deep and personal, and wants others to experience the sweet joy she has lived of shared truth-telling. Her forever letter embodies the passing on of wisdom, humbling experience, dreams, and love from one person to another. It is a beautiful concept that all of us should embrace."—Julie Schwartz Gottman,

PhD, co-founder of the Gottman Institute and author of *Ten Principles for Doing Effective Couples Therapy*

The Arc of Love Independently Published

Introduction to Catholic Theology is an accessible but in-depth examination of the ways in which Catholic theology is rooted in and informs Catholic practice. Weaves together discussion of the Bible, historical texts, reflections by important theologians, and contemporary debates for a nuanced look at belief and practice within the Catholic faith Provides an overview of all major theological areas, including scriptural, historical, philosophical, systematic, liturgical, and moral theology Appropriate for students at all levels, assuming no prior knowledge yet providing enough insight and substance to interest those more familiar with the topic Written in a dynamic, engaging style by two professors with more than 50 years of classroom experience between them

Communication as ... University of Chicago Press

A People Top 10 Book of 2018 The New York Times essayist and author of *We Learn Nothing*, Tim Kreider trains his singular power of observation on his (often befuddling) relationships with women. Psychologists have told him he's a psychologist. Philosophers have told him he's a philosopher. Religious groups have invited him to speak. He had a cult following as a cartoonist. But, above all else, Tim Kreider is an essayist—one whose deft prose, uncanny observations, dark humor, and emotional vulnerability have earned him deserved comparisons to David Sedaris, Sarah Vowell, and the late David Foster Wallace (who was himself a fan of Kreider's humor). "Beautifully written, with just enough humor to balance his spikiness" (Booklist), *I Wrote This Book Because I Love You* focuses Tim's unique perception and wit on his relationships with women—romantic, platonic, and the murky in-between. He talks about his difficulty finding lasting love and seeks to understand his commitment issues by tracking down the John Hopkins psychologist who tested him for a groundbreaking study on attachment when he was a toddler. He talks about his valued female friendships, one of which landed him on a circus train bound for Mexico. He talks about his time teaching young women at an upstate New York college, and the profound lessons they wound up teaching him. And in a hugely popular essay that originally appeared in *The New York Times*, he talks about his nineteen-year-old cat, wondering if it's the most enduring relationship he'll ever have. "In a style reminiscent of Orwell, E.B. White and David Sedaris" (*The New York Times Book Review*), each of these pieces is "heartbreaking, brutal, and hilarious" (Judd Apatow), and collectively they cement Kreider's place among the best essayists working today.

The Art of Courtly Love WestBow Press

In recent years, scholarly interest in love has flourished. Historians have addressed the rise of romantic love and marriage in Europe and the United States, while anthropologists have explored the ways globalization has reshaped local ideas about those same topics. Yet, love in Africa has been peculiarly ignored, resulting in a serious lack of understanding about this vital element of social life—a glaring omission given the intense focus on sexuality in Africa in the wake of HIV/AIDS. *Love in Africa* seeks both to understand this failure to consider love and to begin to correct it. In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present, the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa. Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar, the effects of a Mexican telenovela on young people's ideas about courtship in Niger, the models of romance promoted by South African and Kenyan magazines, and the complex relationship between love and money in Madagascar and South Africa, *Love in Africa* is a vivid and compelling look at love's role in African society.

When Love's in View Balboa Press

Love - A Collection of Prose and Poetry is an attempt to understand the emotion of love which is forever changing. It changes with time. You cannot

love someone the same way from one day to another. It changes, you'll love some more, or you'll love a little less. But it will change. Your understanding of this emotion will change. What you consider love to be today might change tomorrow. But whatever it is, it can run deep only if you know how to love yourself first before loving anyone else. You have to be in love with yourself before you can be in love with anyone else. This collection is an attempt to explore the evolution of this emotion as we grow and our relationship changes over time with ourselves and with others.

Lumen Fidei: The Light of Faith Anthony Ekanem

From the sentimental to the soulful, this book explores, in absolutely no depth whatsoever (yet with a number of lively and perhaps profound illustrations), the many and curious modes of love. Also it rhymes. This lovely volume is a terrific gifty object (hey, have you ever tried to write book jacket copy?) as varied and delightful as a fine box of chocolates, yet with the decided advantage that there aren't any of those icky little pineapple jelly things.

Love in Africa Harmony

The encyclical letter *Lumen Fidei* is the great monument of the Year of Faith declared by Pope Benedict XVI and brought to completion by Pope Francis. It is a capstone of the year, but at the same time a milestone of a long road, a road we have only begun to travel: the road of the New Evangelization." –from the Foreword by Scott Hahn On June 29, 2013 Pope Francis issued his first papal letter reflecting on the nature of belief and the need to renew our faith for a bright future of charity and love for all. "The light of Faith: this is how the Church's tradition speaks of the great gift brought by Jesus," Pope Francis writes. "In John's Gospel, Christ says of himself: 'I have come as light into the world, that whoever believes in me may not remain in darkness.'" Here is an illuminating work inviting all to lead a more spiritual and faith-based, a reminder that with faith comes service, and with service to others and to God comes heaven on earth.

The Highly Sensitive Person in Love Little Simon

The author of the classic philosophical treatment of love reflects on the trajectory, over decades, of his thoughts on love and other topics. In 1984, Irving Singer published the first volume of what would become a classic and much acclaimed trilogy on love. Trained as an analytical philosopher, Singer first approached his subject with the tools of current philosophical methodology. Dissatisfied by the initial results (finding the chapters he had written "just dreary and unproductive of anything"), he turned to the history of ideas in philosophy and the arts for inspiration. He discovered an immensity of speculation and artistic practice that reached wholly beyond the parameters he had been trained to consider truly philosophical. In his three-volume work *The Nature of Love*, Singer tried to make sense of this historical progression within a framework that reflected his precise distinction-making and analytical background. In this new book, he maps the trajectory of his thinking on love. It is a "partial" summing-up of a lifework: partial because it expresses the author's still unfolding views, because it is a recapitulation of many published pages, because love—like any subject of that magnitude—resists a neatly comprehensive, all-inclusive formulation. Adopting an informal, even conversational, tone, Singer discusses, among other topics, the history of romantic love, the Platonic ideal, courtly and nineteenth-century Romantic love; the nature of passion; the concept of merging (and his critique of it); ideas about love in Freud, Schopenhauer, Nietzsche, Dewey, Santayana, Sartre, and other writers; and love in relation to democracy, existentialism, creativity, and the possible future of scientific investigation. Singer's writing on love embodies what he has learned as a contemporary philosopher, studying other authors in the field and "trying to get a little further." This book continues his trailblazing explorations.

The Inner Life of Love Columbia University Press

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.
