Blossoming in

Provence Createspace Independent Publishing Platform

In Kristin Espinasse's new book "Blossoming in Provence," every encounter with the natives (including her own French family) is a chance to learn more than a country's etiquette, it is an opportunity to grow. Follow along with Kristin as she meets and overcomes obstacles along the path to French integration: sit on the edge of your seat at her wedding, when her future husband's ex shows up in a slinky dress; hold your breath as she gets in the car to take the French Drivers exam; share a

slice of humble pie with her as her children continue to enlighten her, in their native tongue, about the mystery and meaning of la vie en rose. "Espinasse recounts her adventures with honesty and humor, never afraid to have a good laugh at her own expense" -- Publishers Weekly.

Walking the Hexagon

Andrews UK Limited Why would a man retire from his job and take off on a unique 4,000-mile walk around France? What possessed him to wear out his sixty-year-old hips and knees when he could spend a comfortable retirement at home? In this fascinating book Terry Cudbird reveals the obsession which is long distance walking--the intoxicating freedom to go where you want, the escape from the

complications and paraphernalia of everyday life, the unpredictable encounters. His itinerary covered the six sides of the French hexagon. In a year's walking he passed through the Pyrenees, the Languedoc, Provence, the Alps, the Jura, Alsace, Lorraine, Picardy, Normandy, Brittany and Aquitaine. En route he discovered the astonishing variety of France's regions; their culture, history, languages, architecture and food. He passed through cities and hamlets, idyllic mountains and bleak plains, the heat of Le Midi and the cold of Le Nord. The author relates the highs and lows of a sometimes gruelling trek: the dramatic changes in landscape, the unexpected acts of kindness but also the

guard dogs, snorers in hikers' refuges, storms, man-eating insects, blisters, exhausted limbs, lack of water and a rucksack which was always too heavy. Most important, he met hundreds of French people, many with an unusual outlook on life and interesting stories to

tell: hermits, hippies, pilgrims, monks and farmers to name but a few. He made some lasting friends. Terry Cudbird's journey is rich in incident and observation. It is also, in part, the story of an individual coming to terms with his parents' old age and growing

dementia. Through walking he finds not only a source of endless new horizons but also the means of accepting the past and its loss. This book will be of interest to walkers, lovers of France and anyone who has ever dreamt of encountering real adventures not far from home.
