Quand le jeu de cartes du Tarot (brièvement décrit et expliqué) devient un adjuvant pratique à la recherche psychologique. Synthèse bien élaborée sur un sujet en marge de la psychologie traditionnelle.

Le tarot Penguin

Tarot divination is not fortune telling. The practice of fortune-telling is based on the false notion that human life is governed by luck, chance, fate, or obscure powers at work outside the personality. True divination rests upon the occult truth that the causes of all events in human life are really internal, proceeding from the Cause of Causes, the Universal Intelligent Energy or Life-power which is the Source, Mover and Knower behind all the phenomena of the universe

Le tarot psychologique BookRix

The Tarot is one of the few books that cuts through conventional misperceptions to explore the Tarot deck as it really developed in the Middle Ages and Renaissance Europe-not, as some would suggest, in the far reaches of Egyptian antiquity. Mining the Hermetic, alchemical, and Neoplatonic influences behind the evolution of the deck, author Robert M. Place provides a historically grounded

and compelling portrait of the Tarot's true origins, without overlooking the deck's mystical dimensions. Indeed, Place uncommonly weds reliable historiography with a practical understanding of the intuitive help and divinatory guidance that the cards can bring. He presents techniques that offer new and valuable ways to read and interpret the cards. Based on a simple three-card spread, Place's approach can be used by either the seasoned practitioner or the new inquirer.

L'Étincelle Lulu.com

Tarot of the Magicians by Swiss occultist artist and author Oswald Wirth was first published in Paris in 1927, and a Weiser edition was later released in 1985. Long unavailable, the book is back in print in a beautiful new package with full-color pull-out cards reproducing Wirth's 1889 tarot deck. With a new introduction by bestselling tarot author Mary K. Greer, Tarot of the Magicians offers tarot enthusiasts and students of the occult an in-depth and authoritative analysis of one of the most beautiful and evocative of all modern tarot decks. In this important tarot work of the Major Arcana, Wirth combines the imagery and symbolism from Alchemy, Freemasonry, Rosicrucianism, and the magical heritage of Egypt and Chaldea, and explores the astronomical (rather than strictly zodiacal) associations for the Major Arcana cards.

Working With Your Chakras

How deep does the Second Creation go? The Second Coming and I:A Reading for Leanne Long seeks to answer this question. Book 1 seeks to prove reincarnation and in doing so, reveal the Second Creation. It translates alphabetical names into numerical names, permitting us to determine whether there is a nonrandom energy between different people. The greater the degree of nonrandomness, the greater the probability that one is a reincarnation of the other. It also demonstrates that our reincarnation history takes us back to the first medicine wheel, Sirius (Lemuria), home to Adam, who subsequently manifests as Jesus. Finally, author John Kordupel addresses the question of how one cures an illness that had its genesis in a previous lifetime, arising from negative energy built up over a lifetime and continuing through death. Kordupel sought out energy healer Leanne Long in an attempt to dissipate the negative energies influencing his own life, and now he shares his discoveries with the world. This study, the first volume in a series, explores a wide range of topics relating to spirituality and energies that shift among people and across lives.

Pour ses 13 ans, la grand-mère d'Amado Crowley lui offre un jeu de tarot unique de 111 lames, peintes à la main, et lui apprend à l'utiliser. Il a décidé aujourd'hui de publier ce Tarot777 entièrement redessiné. Crowley explique dans une introduction de 20 pages l'origine des cartes, leur signification et la méthode adaptée. Le manuel présente une illustration de chaque carte en expliquant son symbolisme et son interprétation.
