From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

This book was written to help Veterans make their way through the maze of VA regulations, written and unwritten, that prevents them from attaining service connection. The VA, like any governmental entity, is difficult to work with. They do everything on paper and have not advanced to electronic files yet. Only 12-15 percent of VA claims are approved due to red tape and a misunderstanding of what is required. VA prefers you use Veterans Service Organizations to file your claims. I feel Veterans are not very well served by this method and advocate a do it yourself approach. This works well until you get to the Court of Appeals for Veterans Claims(CAVC) at that point, you would be best served by having a good attorney and nothing less.

Although the rules governing VA disability benefits and the VA disability ratings process often seem unfairly stacked against you, the purpose of this book is to educate you on what is needed and how to properly prepare the NEXUS letter of your Veterans benefits claim so you can level the playing field and WIN YOUR VA DISABILITY BENEFITS CLAIM! As you know, in order to be successful with your VA disability benefits claim, you must meet three specific criteria:\* You must have a current, chronic disability; AND\* the disability must have been caused by, the result of, or aggravated by your military service or a secondary condition that was caused by an existing service connected disability; AND\* there must be a NEXUS or link between the first two criteria. This book explains the goals and anatomy of a NEXUS letter, addresses potential concerns that doctors might have in writing the NEXUS letter and demonstrates how to craft a compelling NEXUS letter that the VA can't deny. As an added bonus, this book will also show you how to locate missing records and utilized creative ways to find information in support of an incomplete claim. My name is Rick Blair and I served nearly 27 years in the U.S. Air Force and then another 10 years in my "second career" as a Veterans Service Officer (VSO.) Now for my third and hopefully final "career," I plan on taking it easy and writing books to continue my advocacy for Veterans, because the knowledge I gained during those 10 years as a VSO, I believe, is far too important NOT to continuing sharing with other disabled Veterans.As a VSO, I spent four years advocating for Veterans benefits at the St Petersburg VA Regional Office, another four and a half years working with patients at the James H. Haley VA Medical Center in Tampa, and then the last year and a half providing community-based advocacy for our Veterans in and around Sumter County Florida. As a result of this experience, I not only became familiar with VA law and the VA disability claims and appeals processes, I learned the procedural matrixes the decision makers (Raters, Decision Review Officers, and Judges) utilize to adjudicated disability claims. As a result of that experience, I discovered that by approaching the Veterans benefits process from the perspective of what could be granted, instead of focusing on what would be denied, I could help Veterans become VICTORS instead of victims. As I assessed the numerous self-help books out there related to VA disability claims and appeals, I found several that do a pretty good job addressing the claims and appeals process and how to submit a claim, but I could not find very much specific information on how to address and develop the NEXUS or link necessary for a VA disability claim. This will be the first book of what I am calling "The Veterans Benefits Series." Subsequent books in this series will address such topics as how to submit a fully developed claim, how to prepare for your Compensation and Pension Examination, additional benefits you didn't know you were entitled to,

VA benefits for surviving spouses and children, and more. So whether you are seeking a reconsideration of a recent disability claim or your disability claim is currently in the appeals process, this information is vital to ensuring you have the knowledge necessary to win the veterans benefits you deserve!
