The British Empire-
Commonwealth,
1897-1931 London :
Collins

This collection of documents presents an enlightening picture of the colonial government of the British Commonwealth during the Second British Empire. Using numerous original documents, with preference given to those

not previously published or readily available, the editors have delineated the major themes of the period from 1763 to 1840. Commonwealth and British Empire Stamps 1840-1970 New York : Reynal & Hitchcock
Robinson wrote this book to introduce American students to an important part of history that wasn't taught extensively at schools and colleges in the United States. The author discusses the growth of Great Britain,

with particular emphasis on recent years, as progress had been quite rapid in the 100 years prior to his book's publication. Newfoundland appears as a topic in both chapters four and twenty-three, as both a British colony and neighbor to the Dominion of Canada. In chapter four, Robinson explains how the importance of the fishery to Britain lead to the colonization of the island and the resulting problems with the French.

Chapter twenty-three includes a further description of Newfoundland's fishery, her government, and the possibility of joining Confederation.

Commonwealth and British Empire Stamps 1840 - 1952 Stanley Gibbons Publications Limited

Comprehensively illustrated in colour and black-and-white, this is the world-recognised catalogue covering Great Britain and the British Commonwealth countries and is accepted as the

standard guide to postage stamps value.

Britain: Commonwealth and Empire, 1901-1955

Greenwood

This first volume of a projected four-volume set details the impressive record of eight hundred years of English (later British) imperial rule. The editors have assembled the earliest documentary evidence necessary for a fundamental understanding of the priorities, devices, and frustrations in the British imperial experience. The documents balance the

ideas, policies, and actions emanating from England with those evolving in the various colonies. This juxtaposition emphasizes the similarity of the problems experienced by the individual colonies. The documents also illustrate the relationship between constitutional developments and ideas in Britain, in individual colonies, and in the empire as a whole.

The Imperial Dream London : Blackie & Son

Comprehensively illustrated for the first

The British Empire

Routledge

The author, a professor of history at the University of Canterbury, Christchurch, New Zealand, presents a comprehensive survey of Commonwealth history from the time of soul-searching about the future of the British Empire, which marked the middle years of Queen Victoria's reign, to the year when Britain decided to enter the European

Community. The account is divided in three periods - 1869 to 1917, 1917 to 1941, and 1942 to 1971. Within each period a four-fold thematic divisions is followed: Dominions, Indian Empire, crown colonies, and protectorates.

Commonwealth and British Empire Stamps

1840-1952 Greenwood

The relations of Great Britain and its Dominions significantly influenced the development of the British Empire in the late 19th and the first third of the 20th century. The

mutual attitude to the constitutional issues that Dominion and British leaders have continually discussed at Colonial and Imperial Conferences respectively was one of the main aspects forming the links between the mother country and the autonomous overseas territories. This volume therefore focuses on the key period when the importance of the Dominions not only increased within the Empire itself, but also in the sphere of the international relations,

and the Dominions gained the opportunity to influence the forming of the Imperial foreign policy. During the first third of the 20th century, the British Empire gradually transformed into the British Commonwealth of Nations, in which the importance of Dominions excelled. The work is based on the study of unreleased sources from British archives, a large number of published documents and extensive

relevant literature.
