On Sunday April 27, 2003, 27-year old Aron Ralston set off for a day's hiking in the Utah canyons. Dressed in a t-shirt and shorts, Ralston, a seasoned climber, figured he'd hike for a few hours and then head off to work. 40 miles from the nearest paved road, he found himself on top of an 800-pound boulder. As he slid down and off of the boulder it shifted, trapping his right hand against the canyon wall. No one knew where he was; he had little water; he wasn't dressed correctly; and the boulder wasn't going anywhere. He remained trapped for five days in the

canyon: hypothermic at night, de-hydrated and hallucinating by day. Finally, he faced the most terrible decision of his life: braking the bones in his wrist by snapping them against the boulder, he hacked through the skin, and finally succeeded in amputating his right hand and wrist. The ordeal, however, was only beginning. He still faced a 60-foot rappell to freedom, and a walk of several hours back to his car - along the way, he miraculously met a family of hikers, and with his arms tourniqued, and blood-loss almost critical, they heard above them the whir of helicopter blades; just in time, Aron was rescued and rushed to hospital. Since that day, Aron has had a remarkable recovery. He is back out on the mountains, with an artificial limb; he speaks to select groups on his ordeal and rescue; and amazingly, he is upbeat, positive, and an inspiration to all who meet him. This is the account of those five days, of the years that led up to them, and where he goes from here. It is narrative non-fiction at its most compelling.

Anthony Johnson was born in 1977 and for 11 years was physically and sexually abused by his parents. However, this book is not a grimly

NEW YORK TIMES BEST SELLER • The raw, candid, unvarnished memoir of an American icon. The greatest movie star of the past 75 years covers everything: his traumatic childhood, his career, his drinking, his thoughts on Marlon Brando, James Dean, Elizabeth Taylor, John Huston, his greatest roles, acting, his intimate life with Joanne Woodward, his innermost fears and passions and joys. With thoughts/comments throughout from Joanne Woodward, George Roy Hill, Tom Cruise, Elia Kazan and many others. A BEST BOOK OF THE YEAR: TIME and Vanity Fair "Newman at his best...with his self-aware persona, storied marriage and generous charitable activities...this rich book somehow imbues his characters' pain and joy with fresh technicolor." —The Wall Street Journal In 1986, Paul Newman and his closest friend, screenwriter Stewart Stern, began an extraordinary project. Stuart was to compile an oral history, to have Newman's family and friends and those who worked closely with him, talk about the actor's life. And then Newman would work with Stewart and give his side of the story. The only stipulation was that anyone who spoke on the record had to be completely honest. That same stipulation applied to Newman himself. The project lasted five years. The result is an extraordinary memoir, culled from thousands of pages of transcripts. The book is insightful, revealing, surprising. Newman's voice is powerful, sometimes funny, sometimes painful, always meeting that high standard of searing honesty. The additional voices—from childhood friends and Navy buddies, from family members and film and theater collaborators such as Tom Cruise, George Roy Hill, Martin Ritt, and John Huston—that run throughout add

richness and color and context to the story Newman is telling. Newman's often traumatic childhood is brilliantly detailed. He talks about his teenage insecurities, his early failures with women, his rise to stardom, his early rivals (Marlon Brando and James Dean), his first marriage, his drinking, his philanthropy, the death of his son Scott, his strong desire for his daughters to know and understand the truth about their father. Perhaps the most moving material in the book centers around his relationship with Joanne Woodward—their love for each other, his dependence on her, the way she shaped him intellectually, emotionally and sexually. The *Extraordinary Life of an Ordinary Man* is revelatory and introspective, personal and analytical, loving and tender in some places, always complex and profound.

Hard Times and Survival: The Autobiography of an African American Son is my story. It is how I overcame all the heartbreaking, brutal, and horrendous circumstances that I was born into in 1947. I saw it all in my first sixteen years: unbridled lust, gross immorality, damning lies, and terrible brutality by my father against me and my mother. He tried to kill me once but kept up a constant campaign of horrible abuses of my mother until I left home at sixteen. However, success is the best revenge! After three years of alcoholism, I pulled myself together and went back to school on my own. That was after I spent a year in Job Corps from 1966 to 1967. From 1975 to 1977, I went to Piedmont Virginia Community College in Charlottesville. From 1977 to 1980, I attended Virginia State University in Petersburg. I earned my BA and MA degrees. I studied above a master's at the University of Virginia at Charlottesville from 1980 to 1983. I did not graduate, but I learned valuable life lessons. I started to write in 1993 about what had happened to me over the years and how I used my dire circumstances as motivation to pick myself up and make my life better. I hope I am an example that will help others who are suffering through similar atrocities to be motivated to not give up but persevere and that they will, as I did, overcome anything they are being faced with.

It's conventional wisdom that Hollywood has no use for a woman over forty. So it's a good thing that Diahann Carroll—whose winning, sometimes controversial career breached racial barriers—is anything but conventional. Here she shares her life story with an admirable candidness of someone who has seen and done it all. With wisdom that only aging gracefully can bestow, she talks frankly about her four marriages as well as the other significant relationships in her life, including her courtship with Sidney Poitier; racial politics in Hollywood and on Broadway; and the personal cost, particularly to her family, of being a pioneer. Carroll's storied history, blunt views, and notorious wit will be sure to entertain and inform.

The first memoir by Wayne Kramer, legendary guitarist and cofounder of quintessential Detroit proto-punk legends The MC5 "Voyeuristically dramatic." -THE NEW YORK TIMES BOOK REVIEW In January 1969, before the world heard a note of their music, the MC5 was on the cover of Rolling Stone. Led by legendary guitarist Wayne Kramer, the band was a reflection of the times: exciting, sexy, violent, chaotic, and even out of control. The missing link between free jazz and punk rock, the MC5 toured the country, played alongside music legends, and had a rabid following, their music acting as the soundtrack to the blossoming blue collar youth movement. Kramer wanted to redefine what a rock 'n' roll group was capable of, and though there was power in reaching for that, it was also a recipe for

personal and professional disaster. The band recorded three major label albums but, by 1972-it was all over. Kramer's story is (literally) a revolutionary one, but it's also the deeply personal struggle of an addict and an artist, a rebel with a great tale to tell. From the glory days of Detroit to the junk-sick streets of the East Village, from Key West to Nashville and sunny L.A., in and out of prison and on and off of drugs, Kramer's is the classic journeyman narrative, but with a twist: he's here to remind us that revolution is always an option.

First published in 1943, this autobiography is also a superb portrait of America's Depression years, by the folk singer, activist, and man who saw it all. Woody Guthrie was born in Oklahoma and traveled this whole country over—not by jet or motorcycle, but by boxcar, thumb, and foot. During the journey of discovery that was his life, he composed and sang words and music that have become a national heritage. His songs, however, are but part of his legacy. Behind him Woody Guthrie left a remarkable autobiography that vividly brings to life both his vibrant personality and a vision of America we cannot afford to let die. "Even readers who never heard Woody or his songs will understand the current esteem in which he's held after reading just a few pages... Always shockingly immediate and real, as if Woody were telling it out loud... A book to make novelists and sociologists jealous." —The Nation

Becoming a writer the hard way In the summer of 1971, Jack Gantos was an aspiring writer looking for adventure, cash for college tuition, and a way out of a dead-end job. For ten thousand dollars, he recklessly agreed to help sail a sixty-foot yacht loaded with a ton of hashish from

the Virgin Islands to New York City, where he and his partners sold the drug until federal agents caught up with them. For his part in the conspiracy, Gantos was sentenced to serve up to six years in prison. In *Hole in My Life*, this prizewinning author of over thirty books for young people confronts the period of struggle and confinement that marked the end of his own youth. On the surface, the

narrative tumbles from one crazed moment to the next as Gantos pieces together the story of his restless final year of high school, his short-lived career as a criminal, and his time in prison. But running just beneath the action is the story of how Gantos – once he was locked up in a small, yellow-walled cell – moved from wanting to be a writer to writing, and how dedicating himself more fully to the

thing he most wanted to do helped him endure and ultimately overcome the worst experience of his life. This title has Common Core connections. *Hole in My Life* is a 2003 Bank Street - Best Children's Book of the Year.
