Living Your Best Life with Turner Syndrome and Nonverbal Learning Disorder! One in every 2500 girls are born with Turner Syndrome. Many of them also have nonverbal learning disorder. How do you connect with people and live your best life if you are one of them? Mary Yoakum knows what it is like from personal experience, and *I'm Just Me* is filled with information, personal experiences, advice, and a little humor that speak to both the challenges and gifts that come with these conditions. If you are a girl or woman with Turner Syndrome and nonverbal learning disorder or the parent of one, this is an honest, warm, compassionate, and helpful look at connecting with

others and living your best life. As Mary would put it, "We have challenges, but with patience and love we get there- wherever we want to go." "I'm Just Me is a beautiful culmination of Mary's experiences and knowledge regarding Turner Syndrome. Her desire to guide parents is a testament to her inherent kindness." -LAURA MAUGEL, mom of a TS child "Your book is very positive and informative. I can relate to the life experiences you wrote about, and your book has not only helped give me a better understanding of why I had such difficulties in elementary school, it has given me the knowledge needed to ponder the fact that I wasn't alone in dealing with this situation. Thank you for being willing to share this information with others." -RITA, Golden Butterfly (60+ Group)

A moving story of a woman with early onset Alzheimer's disease, now a major Academy Award-winning film starring Julianne Moore and Kristen Stewart. Alice Howland is proud of the life she worked so hard to build. At fifty, she's a cognitive psychology professor at Harvard and a renowned expert in linguistics, with a successful husband and three grown children. When she begins to grow forgetful and disoriented, she dismisses it for as long as she can until a tragic diagnosis changes her life - and her relationship with her family and the world around her - for ever. Unable to care for herself, Alice struggles to find meaning and purpose as her concept of self gradually slips away. But Alice is a remarkable woman, and her family learn more about her and each other in their quest to hold on to the Alice they know. Her memory hanging by a frayed thread, she is living in the moment, living for each day. But she is still Alice.

'Remarkable ... illuminating ... highly relevant today' Daily Mail 'The most accurate account of what it feels like to be inside the mind of an Alzheimer's patient I've ever read. Beautifully written and very illuminating' Rosie Boycot
'Utterly brilliant' Chrissy Iley

#1 NEW YORK TIMES BEST SELLER •
From the award-winning, best-selling author of the classic *A Little Life*—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. A BEST BOOK OF THE YEAR: VOGUE • ESQUIRE • NPR • GOODREADS
To Paradise is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love—partners, lovers, children, friends, family, and even our fellow citizens—and the pain that ensues when we cannot. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him—and solve the

mystery of her husband's disappearances. These three sections comprise an ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.

[This Is Me!: My Journey with Turner Syndrome](#) Elsevier Health Sciences
Winner of the Minotaur Books/Mystery Writers of America First Crime Novel Competition, Joanna Schaffhausen's accomplished debut *The Vanishing Season* will grip readers from the opening page to the stunning conclusion. Ellery Hathaway knows a thing or two about serial killers, but not through her police training. She's an officer in sleepy Woodbury, MA, where a bicycle theft still makes the newspapers. No one there knows she was once victim number seventeen in the grisly story of serial killer Francis Michael Coben. The only one who lived. When three people disappear from her town in three years—all around her birthday—Ellery fears someone knows her secret. Someone very dangerous. Her superiors

dismiss her concerns, but Ellery knows the vanishing season is coming and anyone could be next. She contacts the one man she knows will believe her: the FBI agent who saved her from a killer all those years ago. Agent Reed Markham made his name and fame on the back of the Coben case, but his fortunes have since turned. His marriage is in shambles, his bosses think he's washed up, and worst of all, he blew a major investigation. When Ellery calls him, he can't help but wonder: sure, he rescued her, but was she ever truly saved? His greatest triumph is Ellery's waking nightmare, and now both of them are about to be sucked into the past, back to the case that made them...with a killer who can't let go.

A Mighty Girl Best Book of 2020! From debut author Sarah Allen comes a pitch-perfect, heartwarming middle grade novel about growing up, finding yourself, and loving people with everything you're made of. Twelve-year-old Libby Monroe is great at science, being optimistic, and talking to her famous, accomplished friends (okay, maybe that last one is only in her head). She's not great at playing piano, sitting still, or figuring out how to say the right thing at the right time in real life. Libby was born with Turner Syndrome, and that makes some things hard. But she has lots of people who love her, and that makes her pretty lucky. When her big sister Nonny tells her she's pregnant, Libby is thrilled—but worried. Nonny and her husband are in a

financial black hole, and Libby knows that babies aren't always born healthy. So she strikes a deal with the universe: She'll enter a contest with a project about Cecilia Payne, the first person to discover what stars are made of. If she wins the grand prize and gives all that money to Nonny's family, then the baby will be perfect. Does she have what it takes to care for the sister that has always cared for her? And what will it take for the universe to notice?

He has looks and wealth; she has charm and elegance. He's a dedicated attorney who has never lost a case; she is a flawless homemaker, a masterful gardener and cook, and dotes on her disabled younger sister. Though they are still newlyweds, they seem to have it all. You might not want to like them, but you do. You're hopelessly charmed by the ease and comfort of their home, by the graciousness of the dinner parties they throw. You'd like to get to know Grace better. But it's difficult, because you realize Jack and Grace are inseparable. Some might call this true love. Others might wonder why Grace never answers the phone. Or why she can never meet for coffee, even though she doesn't work. How she can cook such elaborate meals but remain so slim. Or why she never seems to take anything with her when she leaves the house, not even a pen. Or why there are such high-security metal shutters on all the downstairs windows. Some might wonder what's really going on once the dinner party is over, and the front door has closed. From bestselling author B.A. Paris comes the gripping thriller and international phenomenon *Behind Closed Doors*. Loving a Leaping Butterfly PCG Legacy

Jamie Lee just wants to be normal but his ADHD isn't making it easy. If only he could control his butterfly mind then he'd have friends, be able to keep out of trouble, live with his mum and not be sent to stay with his dad. Elin Watts just wants to be perfect. If she could be the best student and daughter possible, then maybe her dad would leave his new family and come back to Glasgow to live with Elin and her mum, happily ever after. When Jamie and Elin's families blend, the polar opposites of chaotic Jamie and ordered Elin collide. As their lives spiral out of control, Jamie and Elin discover that they're actually more alike than they'd admit. Maybe there's no such thing as normal, or perfect. And perhaps, just like families, happy-ever-afters come in all shapes and sizes. Uplifting and moving, *The Boy with the Butterfly Mind* is an inspiring story of acceptance, blended families, and discovering that in the end, being yourself is more than enough.
